HAUPTMANN GETS THIRTY-DAY REPRIEVE

South B.C. Combed For Murderers

Vancouver Teller's Death Intensifies Hunt For Robbers

William H. Hobbs, Shot Yesterday When Commerce Branch on Powell Street Held Up, Succumbs in Hospital; Police Net Spread Over All Southern Mainland for Four Outlaws Who Escaped; Three Held for Questioning

Canadian Press

Vancouver, Jan. 16.—William H. Hobbs, twenty-five-year-old teller shot by one of three gunmen who held up the Powell Street branch of the Canadian Bank of Commerce yesterday and escaped with $1,200, died in a hospital shortly before 9 a.m. to-day.

The young clerk, who was on bank staffs at Radisson, Sask., and Nelson, Greenwood and Vernon, B.C., before coming here, died just twenty hours after he had been shot down before he could comply with one of the bank robbers order to "stick 'em up." The bullet struck him in the throat and went through to his spine, leaving him paralyzed. He was rushed to the hospital, along with Thomas Winsby, branch manager, who was shot in the left arm. An emergency operation and use of an oxygen tent however, failed to keep Hobbs alive.

GIVEN NO CHANCE

Conscious for a few minutes before his death, Mr. Hobbs murmured to officers:

"He did not give me a chance to put up my hands. He fired first thing."

Mr. Winsby's condition was reported as "good" to-day.

Meanwhile two of three men arrested yesterday evening for investigation were charged with carrying offensive weapons, but police doubted if they had any connection with the robbery and shooting.

GREAT SEARCH

Mayor G. G. McGeer declared to-day that city, British Columbia and federal police, in co-operation with all authorities of all surrounding districts, were engaging in an intensive search for the four bandits, the three

New Police Methods Urged

Vancouver Mayor Says Murder in Bank Holdup Calls For Added Drive

Canadian Press

Vancouver, Jan. 16.—Dangerous criminals forced across the border by the crime drive in the United States were cited as enemies against which Dominion, provincial and civic police forces must combine, by Mayor G. G. McGeer to-day. He was referring to the fatal shooting yesterday of William Hobbs, teller, in a bank holdup, the second bank holdup in Vancouver this week.

At the same time a banking official, who refused permission to use his name, declared:

"If yesterday's holdup is any criterion of what we may have to contend with the time might come when Canadian banks would have to fol-

(Turn to Page 2, Col. 1.)

LIFEBOAT FROM LOST SS. IOWA

On the Washington Coast, twenty miles from Peacock Spit at the mouth of the Columbia River, where the freighter Iowa sank in a gale last Sunday, the lifeboat above was found on the beach. In the battle with the gale the crew was unable to use it to escape and all thirty-four men lost their lives. Great quantities of lumber, flour, canned salmon and matches from the Iowa's cargo have been found by beachcombers.

MAN AND PLANE SEEN BY RESCUERS IN ANTARCTICA

Report From Crew of Discovery II, Seeking Ellsworth and Pilot Hollick-Kenyon, States Unidentified Machine and Man Sighted at Little America

Associated Press

London, Jan. 16.—The captain of the Discovery II, searching for the missing explorer, Lincoln Ellsworth, and his pilot, Herbert Hollick-Kenyon of Winnipeg, indicated in a report to-day that an airplane had been sighted at Little America and that a man ha been seen on the Bay of Whales.

The report did not identify the man or the airplane.

The committee in charge of the Discovery II's rescue expedition announced officially:

"A message has been received by the Discovery committee from the master of the Discovery II reporting that the boat arrived safely at the Bay of Whales at 10 p.m., January 15. The message indicates one man was sighted from a plane and also a machine at Little Americ.

Part of the wireless message from the Discovery was garbled, making complete decoding impossible. Officials were waiting for a repetition of the message.

Lincoln Ellsworth has not been heard from since he took off with

LAVAL WINS ON TEST VOTE

Confidence Division in French Chamber 315 to 252

Canadian Press

Paris, Jan. 11.—Premier Laval of France was granted a vote of confidence, 315 to 252, by the Chamber of Deputies to-day.

Thus the swarthy Premier again triumphed over Leftist efforts to unseat his government.

To-day's showdown was precipitated by members of the dominant Radical-Socialist Party, who had voted in caucus a condemnation of M Laval's policies.

GENERAL POLICIES

The Premier, however, opposed a question of confidence on postponement of debate on his general policies—and won. He asked instead for priority for a discussion of agricultural matters.

A Chamber recess previously was called after centre and right deputies had howled down a Socialist.

(Turn to Page 16, Col. 5)

MEDICAL MEN SEEKING DATA

Proposals in Health Insurance Scheme Alarm Doctors of Province

Anxious to learn exactly what their position will be under the British Columbia health insurance scheme, medical men of the province were reported to-day to be planning to approach the government and ask for a definite ruling.

Local delegates will attend a meeting of the B.C. Medical Council in Vancouver this evening when it is understood the whole matter will be discussed in its relation to the medical profession.

The doctors, it was learned this morning, are mainly concerned about two reported features of the scheme. One is that the amount to be paid to the medical men for all services shall be limited to a fixed sum each month, regardless of how much treatment they have given. The other is that indigents will be left out of the insurance scheme.

While the final decision of the government on the contents of the bill has yet to be made public, both of these points have been brought out in public discussion.

The plan to limit the payments to the medical men is part of the scheme to make health insurance financially sound so that it will not involve the government in deficits, it has been explained.

SHARP QUAKE IN SOUTH AFRICA

Bloemfontein People Rush Into Streets as Buildings Sway; Shocks Felt All Over Orange Free State

Canadian Press

Bloemfontein, South Africa, Jan. 16.—Severe earth tremors shook the whole of the Orange Free State for thirty seconds to-day, and buildings in Bloemfontein threatened to collapse.

Streets were filled with panic-stricken crowds almost immediately as walls rocked and swayed with the force of the quake.

No serious damage was reported after the brief shocks, but the whole city feared a recurrence of the tremors and business was completely disorganized.

LOST NO TIME

Buildings suddenly began to rock so violently that the terrified population of the city emerged into the streets almost simultaneously.

Police succeeded in maintaining a semblance of order among the crowds and no injuries were reported. Most of the city's low buildings were easily evacuated.

Office workers said they rushed into the streets because they felt certain the swaying walls would collapse.

KIPLING, ILL, LOSES GROUND

Associated Press

London, Jan. 16.—Rudyard Kipling lost to-day some of the ground he had gained toward recovery from the emergency operation he underwent Monday for a perforated stomach ulcer.

"Mr. Kipling's condition is not quite so satisfactory this morning and still gives rise to great anxiety," said a bulletin issued at 10:55 a.m. by the Middlesex Hospital.

Major Victory Italian Claim

Fascist Commander Reports Ethiopians Defeated in Important Battle

By GEORGE JORDAN
Associated Press Staff Writer

Rome, Jan. 16.—Italian victory in an important battle on the Ganale Dorya River front in southern Ethiopia was claimed to-day in dispatches from Marshal Pietro Badoglio, the Fascist high commander in Africa.

Badoglio wirelessed the Ganale Dorya battle was "concluding with complete success for us," and that "our troops advanced over seventy kilometres (about forty-four miles) along the entire front, overcoming fierce resistance from the enemy."

Troops of Ras Desta Demtu, son-in-law of Emperor Haile Selassie, are "retiring in disorder and our troops are pursuing," the marshal reported.

BIG FORCES INVOLVED

Fascist advices from the Somaliland front previously had said more than 100,000 warriors were engaged along the entire sector in the "most

Canadian Press and Associated Press

London, Jan. 16.—Japan disavowed frankly to-day any intention, despite its historic self-elimination from international naval affairs.

With its withdrawal from the five-power naval conference the other four powers drafted plans to continue their efforts to achieve fleet limitations.

Japan's chief delegate, Admiral Osami Nagano, announced:

"Japan has no intention of engaging in a naval race, despite the absence of a limitation agreement, and I sincerely hope no competition in building of warships will develop between Japan and the United States."

TO REPORT TO ROOSEVELT

William Phillips, United States Under Secretary of State, also decided to leave after to-day's session of the depleted conference, to catch a liner for home and deliver a first-hand

Court Is Told Word Omitted From Code

Quebec and Ontario Argue Against Dominion Penalties For Businesses Because Evils Not Described As "Undue"

Canadian Press

Ottawa, Jan. 16.—Omission of a five-letter word from a section of the Criminal Code may result in the Supreme Court of Canada declaring it unconstitutional.

Quebec and Ontario to-day combined in an attack before the court on Section 498A of the Criminal Code, which sets fines and imprisonment for predatory price-cutting and discriminatory trade discounts. The section was passed at the last session of Parliament, during the Bennett government's term.

Aime Geoffrion, K.C., counsel for Quebec, reminded the court to-day some sections of the Criminal Code had been upheld because they were aimed at "undue" evils. The courts had held "undue" meant the public interest was endangered, but the word was omitted from Section 498A.

In company with Attorney-General Roebuck of Ontario, Mr. Geoffrion said it was no crime to grant a dis-

New Jersey Governor Acts As Supreme Court Refuses Habeas Corpus

Highest Tribunal in U.S. Declines to Stay Execution, But Governor H. G. Hoffman and New Jersey Attorney-General Agree on Opening Way for Consideration of Any New Angles of Evidence; Reprieve Is for Thirty Days From To-morrow

Associated Press

Trenton, N.J., Jan. 16.—Governor Harold G. Hoffman of New Jersey to-day announced a reprieve for thirty days for Bruno Richard Hauptmann.

The governor's announcement said:

"The Attorney-General and I have been in conference on this matter and I have decided to announce a reprieve for thirty days. We have agreed this will not be challenged.

"It is my intention to grant only this one reprieve. There will be no further reprieve."

The governor pointed to fourteen previous reprieves as ample precedent for his decision.

The governor added he was giving the reprieve "for divers reasons known to me."

He said he considered it an act of "executive clemency" and that there would be no extension of the reprieve unless the evidence warranted it."

Associated Press

Trenton, N.J., Jan. 16.—Through a thirty-day reprieve by Governor Harold G. Hoffman, Bruno Richard Hauptmann late to-day was given at least three months to live before he can be put to death for the kidnap-murder of the Lindburgh baby.

Immediately after the Governor had announced he had granted the reprieve, Attorney-General David T. Wilentz said Hauptmann, who was under sentence to die to-morrow night, would not die for at least three months because it would be necessary to re-sentence him.

His sentence was fixed for "the week of January 13" and under the law if he did not die during that period, Supreme Court Justice Thomas W. Trenchard would be forced to set a new death date.

Associated Press

Washington, Jan. 16.—The Supreme Court of the United States refused to-day to save Bruno Richard Hauptmann from the electric chair to-morrow evening.

Apparently the only hope of the man convicted as murderer of the Lindbergh baby lies in a possible reprieve by Governor Harold G. Hoffman of New Jersey.

Hauptmann's petition for a writ of habeas corpus and a stay of execution had been filed shortly after noon by his attorneys.

The decision to deny the petition was agreed on while the justices ate their lunch from 2 to 2.30 p.m.

Chief Justice Hughes announced as soon as the court convened at 2.33 p.m.—three minutes late.

Court observers said that action in effect included also the defence's petition for a stay of execution.

Adjusting his glasses, Chief Justice Hughes leaned forward and in a clear loud voice said:

"In the matter of Bruno Richard Hauptmann, the application for leave

(Turn to Page 2, Col. 4.)

PLANS VISIT OF BLUENOSE

Visit of Schooner Could Be Profitable, Says Willis

Now that Capt. Angus Walters, skipper of Canada's famous fishing schooner Bluenose has shown his interest in a trip to the Pacific Coast this summer, George Willis, manager of the Enterprise Wharf, who tendered the original invitation, has outlined his plans whereby the visit could be made a profitable one to the captain and his crew.

Mr. Willis suggests that Capt. Walters call at ports along the Atlantic and Pacific coasts for exhibition purposes. He has written to Major Edward Bowes, of Sunday afternoon's famous Amateur Hour suggesting that he place one of his units aboard Bluenose for the long voyage. In this way the fishing schooner would become something of a "showboat." At the various ports in which Bluenose would touch the amateurs would give concerts.

HOLLYWOOD INTEREST

At San Pedro Mr. Willis is sure some Hollywood motion picture company would be interested in getting the Bluenose into a film. He is now corresponding with some Hollywood promoters in this connection. He expects to hear from them and from Major Bowes within the next few days.

(Turn to Page 18, Col. 6)

BELIEVE CRASH AT FULL SPEED

Instruments Recovered From Wreckage of Airliner in Arkansas

Associated Press

Goodwin, Ark., Jan. 16. — Investigators dug a jammed speed indicator to-day from the muddy swamp where seventeen persons died in the crash of a luxury airliner and thereby found their first clue to the cause of this county's worst plane travel disaster.

The official inquiry, headed by Eugene L. Vidal, Assistant Secretary of Commerce for Aeronautics, must depend on mute evidence to fix the cause of the "Southerner's" plunge Tuesday evening.

None aboard the giant plane when it ripped down into the wooded Arkansas swamp was left alive.

BODIES SENT HOME

The pitifully torn bodies of the four women, twelve men and a child were being returned to their families to-day while state rangers stood guard over the twisted wreckage to prevent further looting.

The air speed indicator, jammed at 180 miles an hour — nearly three times the plane's landing speed — was an enigma as well as a clue.

With it, buried deep in the mud, were found the ignition switches, which were on, and the switch controlling the landing lights. It was off.

The big twin-motored Douglas had a top speed of about 200 miles, cruised at 180-190 and landed at sixty-five to seventy. Thus if the broken instrument showed the speed at the time of impact, the "Southerner" was thundering along at full cruising speed when it smashed into the trees.

The plane, an American Air Lines machine, was bound from New York to Los Angeles when the disaster occurred.

FRENCH FLEET AT MANOEUVRES

Associated Press

Brest, France, Jan. 16.—Battleships, cruisers and destroyers of France's Atlantic Fleet put to sea to-day, steaming away for manoeuvres off northwest African Morocco.

The entire fleet of forty vessels will be anchored off Casablanca, French zone, Morocco, next Monday when the League of Nations Council meets, possibly to consider application of an oil embargo against Italy for its warfare on Ethiopia.

SHOCK FOR NEW YORKERS

Associated Press

New York, Jan. 16.—Announcing a conference at his office around 3 p.m. to-day, Mayor Florello LaGuardia said "I am going to tell this town something that is going to give it a shock."

It was stated, at the mayor's office, that the conferees would include Governor Hoffman of New Jersey; Norman Schwarzkoff of the New Jersey state police; J. Edgar Hoover, chief of the federal Bureau of Investigation, and Police Commissioner Lewis Valentine.

In view of the conferees expected, it was assumed at first the conference would concern the Hauptmann case.

POWER CUT OFF IN NEW YORK

Repairs Rushed on System Which Failed Much of City Yesterday Evening

Associated Press

New York, Jan. 16.—Electrical experts worked feverishly to-day to complete the repair of a mysterious power plant breakdown which in terrifying fashion plunged a million or more New Yorkers into darkness and crippled transportation facilities.

Officials estimated 60,000 persons were caught in the dark labyrinths of one subway system when the power shut-off, at the height of yesterday evening's rush hour, brought the underground cars to a standstill.

B.C.'s Tariff Case Heard By Board

BRAZIL TO BUY B.C. SALMON

Reduction in Duties Benefits Other Canadian Goods Besides Fish

Canadian Press

Ottawa, Jan. 16. — Reductions in the Brazilian tariff arising out of the commercial treaty between Brazil and the United States, which went into force last January 1, have been extended to Canada as from last January 14, Hon. W. D. Euler, Minister of Trade and Commerce, announced to-day. He made the announcement on receipt of a cablegram from the Canadian trade commissioner at Rio de Janeiro.

Of outstanding importance to Canada is a decrease in duty on rubber tires and tubes. Rates which varied from 15c to 50c a pound, according to the weight of the article, are reduced by 25 per cent of the duty.

(Turn to Page 2 Col. 8.)

Auto Duties Could Be Removed Without Harm to Industry, Says Dr. W. A. Carrothers; Present Adverse Affect on B.C. Is Stressed

Canadian Press

Ottawa, Jan. 16.—Canada could have a healthy automobile industry without any duty protection, Dr. W. A. Carrothers, chairman of the Economic Council of British Columbia, told the Tariff Board here to-day. It was the board's last session of the motor car hearing and groups represented at the automobile hearing made their final submissions.

The automobile industry, Dr. Carrothers said, had never tried to get along without protection. It had developed out of the old carriage industry, which enjoyed protection of 35 per cent, and naturally had taken advantage of all the protection it received down through the years. With the industry now well established, staffed with clever executives and en-

(Continued from Page 1)

low the lead of bankers in the United States and station their own uniformed and armed guards in their branches.

"Personally, I am inclined to the opinion this is but a sudden flurry, and will be promptly squelched out by the police.

"It would be a pity if bankers were to feel themselves so insecure they would have to put their own guards in the banks. It has always been our pride that in the past Canadian law and order were such that similar action has not been necessary."

A wave of indignation found expression over the city generally in public and general statement on the cold-blooded shooting of Hobbs, who before he died said, "He did not give me a chance to put up my hands; he fired first thing."

In his statement Mayor McGeer said:

"In view of the drive against the criminal element that is being made in the United States under the direct leadership of Attorney-General Cummings, I have expected that criminals of the most vicious and dangerous type would be driven into Canada.

"The deplorable incident of yesterday indicates clearly that the Attorney-General of the Dominion, along with the Attorney-General of each province, must recognize and assume the responsibility of crime prevention and crime prosecution as a national and provincial responsibility. Up to the present our national government has been slow to move in this regard.

"The bank robbery and murder in Hull, Que., coupled with the bank robberies and murder in our own city, should surely force a complete reorganization of our system of protecting life and property against criminals throughout the whole Dominion.

"It should be fairly clear to every one that we can not prevent the operations of twentieth century criminals with nineteenth century police methods. Certainly the expense of establishing and maintaining a modern police organization can not be carried by the over-burdened taxpayers, 50 per cent of whose taxes now go to servicing existing debts.

"The police organization operating in Vancouver and vicinity is made up of the city police, British Columbia police and Royal Canadian Mounted Police, who maintain a detachment here. North Vancouver and Burnaby are policed by British Columbia police. New Westminster has an organization similar to that in Vancouver proper, while the rest of the surrounding areas is policed by either provincial police or men employed by the municipalities.

"As a result of the duplication of police service, Vancouver city is called on to carry an impossible load."

B.C.'s Tariff Case Heard By Board

(Continued from Page 1)

joying the natural advantage of being on the spot, he believed it could prosper without protection. It would mean adjustments and some people would lose jobs and have to find others, but it would help the country in the long run.

Canada's tariff structure placed British Columbia in an adverse trading position, he said. The coast province had to pay heavily for its automobiles made in Ontario and got no corresponding benefit from the industry.

CANADIAN SPIRIT NEEDED

British Columbia did not wish to destroy the industries of eastern Canada, but it wished the question of tariff protection to be reviewed in a broad Canadian spirit, he said. It thought that inasmuch as tariffs bore heavily on the outlying provinces, they should be reduced to and kept at the lowest possible level, and not at the level of absolute safety frequently demanded by manufacturers.

REDUCTIONS WANTED

Wishart Robertson, representing Nova Scotia, New Brunswick and Prince Edward Island, said the Maritime Provinces desired keenly a reduction in the prices of automobiles.

The whole tenor of the automobile companies submissions, with few exceptions, said Mr. Robertson, ignored the real object of the inquiry, lower prices for automobiles in Canada. They made a plea for continued protection and continued higher prices.

Prices of cars in Canada were 30 to 50 per cent higher than in the United States, said Mr. Robertson. Prices of parts showed an even greater spread and prices of used cars ranged as much as 100 per cent higher than in the United States.

By regulating, drawbacks and arbitrary valuations the real protection afforded Canadian automobile manufacturers was much higher than the customs tariff of 20 per cent, he continued. This enabled Canadian manufacturers to sell cars at prices higher than the duty-paid price of imported United States cars.

"I suggest methods of raising the tariff and increasing protection without letting the public know about it is unsound," said Mr. Robertson, "and industry is built on an unsound basis when it is built on that basis."

B.C.'S REQUEST

C. H. O'Halloran, counsel for British Columbia, said that on the basis of facts laid before the board no cause was shown for any protection to the automobile industry. There was no danger of competition from the United States. The Ford Motor Company of Canada had an exclusive right to sell Ford cars in Canada. General Motors and Chrysler Corporation were wholly-owned subsidiaries of American companies and the parent companies would not send cars into Canada to compete with their branch factories here.

There were also numerous factors which made it more profitable and satisfactory for Canadians to buy their cars from Canadian dealers and Canadian companies than to import them.

Two of the three large companies had declined to produce their United States costs of manufacture, said Mr. O'Halloran. They had the right to do so but the law should be changed to require any company as large as General Motors to publish its financial statement. Further, he said, General Motors and Chrysler had omitted the one thing, American costs, which might be a reason for protection. The Ford Company's figure on United States costs should be checked before they were accepted.

British Columbia, Mr. O'Halloran concluded, asked for a lowering of the tariff.

Canadian Press

HEARING COMPLETED

Ottawa, Jan. 16.—The Tariff Board completed its automobile hearing to-day after sessions lasting almost three weeks. Counsel for seven provinces joined in asking for lower tariffs and contended the industry had shown no reason for protection.

Wallace R. Campbell, president of the Ford Motor Company of Canada, said the industry needed protection in the same way as any other secondary industries. If Canada wished to drop manufacturing industries and buy from the United States, removal of tariffs was the right course. The motor car manufacturers had social obligations to provide employment at fair wages in return for protections and discharged them, he held.

WERE READY FOR SIEGE

Regina, Jan. 16 (Canadian Press).—Preparations to withstand a siege of the Union Depot, which was definitely expected, were described at the July riot inquiry here to-day by Inspector John M. Chesser of the Canadian Pacific Railway police force. Inspector Chesser commands the C.P.R. guards in Saskatchewan, and on July 1 and previously he directed a force of eighty C.P.R. and C.N.R. police in Regina.

MEDICAL MEN SEEKING DATA

(Continued from Page 1)

The original draft bill called for a certain sum, between $3 and $4 a year for each insured person to be set aside for medical payments. This would be totaled up, divided into monthly sums and paid out to the doctors coming under the scheme. It would be pooled among them and paid out on a pro rata basis according to the bills submitted by each doctor. Thus, if the total bills for medical services in one month were, say $60,000 and the sum set aside was $40,000, each debtor would have to take a cut of one-third in his bill. In the opposite direction, if the total bills were less than the amount set aside, each doctor would be paid a proportionate amount more than his bill.

The medical men claim this is not a fair way of handling the finances, and in the absence of a panel system or other method, wish to have their bills paid in full.

The question of indigents, they state, is fully as important. Recently the local medical association carried on negotiations with the City Council regarding increased payments for work on relief cases and they see no hope of any improvement in this position unless indigents are included in the insurance plan.

Hauptmann Gets Thirty Day Reprieve

to file a petition for write of habeas corpus is denied."

A moment later argument was resumed in a routine case. Hauptmann's Washington lawyers, who had filed the last-minute appeal slightly more than two hours before, were not in the courtroom.

SAY EVIDENCE SUPPRESSED

The denied petition had contained a charge that the prosecution had "suppressed" important evidence favorable to Bruno Richard Hauptmann was made to the Supreme Court of the United States to-day by attorneys seeking to save the man convicted as kidnapper and murderer of Charles A. Lindbergh Jr. from the electric chair to-morrow evening.

The petition for a writ of habeas corpus and for a stay of execution was presented by Neil Burkinshaw, one of the attorneys recently retained to aid the Bronx carpenter.

"You may submit the papers," was Chief Justice Hughes's brief statement as the hearing started.

RANSOM NOTE

The petition, signed in Hauptmann's own handwriting, said the first ransom note was out of the possession of New Jersey officers "almost immediately after its receipt" by them.

The attorneys said it was testified at the trial the note never had left the possession of the officers.

Letters between Hauptmann and Isidore Fisch, who died in Germany, were said to have been "suppressed."

KIDNAP LADDER

The state also was said to have "failed to disclose" at the trial evidence that the kidnap ladder was materially altered and changed between the time of its discovery and that at which it was introduced in evidence."

The petition did not claim these contentions had not been presented previously in court proceedings aimed at saving the life of Hauptmann.

Only in extraordinary circumstances are statements made outside of the court.

OPINION ON WRITING

Trenton, N.J., Jan. 16 (Associated Press).—William Conklin, press aide to Governor Harold G. Hoffman, said to-day the Governor's office had received an affidavit signed by Samuel Small of New York City, identifying himself as a "professional penman." Small averred: "It is my firm conviction, based on a prolonged study of the writings in question, that it would have been absolutely physically impossible for Bruno Richard Hauptmann to have penned the ransom note found in the nursery at Hopewell, N.J., and the subsequent notes received by Col. Lindbergh or Dr. Condon."

Small's affidavit said Hauptmann's handwriting "characteristically and invariably" followed the Zaner-Palmer system of slanting ovals. The ransom writings, including the nursery note, he said, were written in the "vertical or round hand system."

Associated Press

Trenton, N.J., Jan. 16.—Simultaneous with an announcement by Governor Harold G. Hoffman's press aide here that the Governor had "no knowledge of any confession in the Lindbergh case, it was stated in other high sources to-day: "There has been a confession, and it is by some one other than Bruno Richard Hauptmann."

NEW TRIAL PREDICTED

New York, Jan. 16 (Associated Press).—The New York World-Telegram to-day quoted Harold C. Keyes, until recently chief investigator for the Bruno Richard Hauptmann defence, as saying new evidence in existence was "of such a conclusive nature it would result in acquittal in a new trial."

Keyes, no longer employed by counsel for the man convicted as slayer of little Charles A. Lindbergh Jr., said he had found "other means' of continuing his investigation.

Keyes told the newspaper the new information in his possession would "shed new light on the actual circumstances surrounding the crime," and would discredit three identifying witnesses, including Dr. J. F. (Jafsie) Condon, Amandis Hockmuth and Millard Whited.

Keyes said also he would like to find a man whose name he gave as Rudolph Anton Schultzer, who has information with "a most important bearing" on the case.

STEPHEN SPITZ'S STORY

Chicago, Jan. 16 (Associated Press).—A Chicago Bridewell prisoner's story that an "Adolph Blaustein" and a "Fred Menk," whom he met in 1934, claimed they had $22,000 of the Lindbergh baby ransom money, was investigated to-day by representatives of Governor Horner, who indicated the questioning had been asked for by New Jersey officials.

Attorney Bernard Finnigan, representing the prisoner, Stephen Spitz, announced he would ask Governor Harold G. Hoffman of New Jersey to have Spitz freed to go to Trenton, N.J.

Spitz, fifty-two years old, was sentenced for obtaining money under false pretences, and his term will expire to-morrow.

Spitz said that in August, 1934, he met "Blaustein" and "Menk" at 123d Street and Lennox Avenue in New York.

He said he arranged to meet them the next day and "they stated they had some "hot money" they wanted to disposed of. We drove fifty miles through Monmouth County to a farmhouse on New Jersey State Route 33, near Asbury Park.

"They went into the farmhouse and came out with $5 Federal Reserve Bank notes. They told me this was part of the Lindbergh ransom money."

SAID THEY HAD $22,000

"Adolph and Fred said they had $22,000 of the Lindbergh money," Spitz said, "and would sell me $5,000 of it at 40 cents on the dollar."

He said he gave them $1,800 and without taking any of the ransom money went to Chicago to seek more funds. When he returned to Newark, three weeks later, he related, he met the pair at the Newark Hotel again, but they told him their price now was 55 cents on the dollar.

He said he demurred and asked for his $1,800, but that after promising to return it they left, and he never saw them again.

Later, Landesco announced, Spitz changed his story, declaring he had secured some of the ransom cash and disposed of it "here and there."

Man and Plane Are Seen By Rescuers In Antarctica

(Continued from Page 1)

his Canadian pilot, Herbert Hollick-Kenyon, on November 2 for an airplane flight across Antarctica from Dundee Island, 600 miles south of Cape Horn, to the Ross Sea, south of New Zealand.

The Royal Research ship Discovery II sailed from Dunedin, New Zealand, on January 2, for the Bay of Whales, on the Ross Sea, to search for the missing plane.

The 1,036-ton vessel, dispatched by the British and Australian governments, carried food, medical supplies and two airplanes. On January 11, she was reported lying on the south polar sea, waiting an opening in the ice in order to enter the Bay of Whales.

The Ellsworth expedition supply ship, the Wyatt Earp, commanded by Sir Hubert Wilkins, also has sailed from Chile to assist in the rescue. She carried a pontoon and ski-equipped plane, flown to Chile by the United States aviator Dick Merrill.

Reports from London to-day said the Wyatt Earp was believed to be 4200 miles from the Bay of Whales.

BYRD'S OPINION

Bellingham, Wash., Jan. 16 (Associated Press).—Rear-Admiral Richard E. Byrd said here to-day he believed Lincoln Ellsworth, Antarctic explorer, had been found.

Admiral Byrd, when told of the Associated Press dispatch from London, asked: "How could it be anybody else? There is not one chance in a million that it is anybody else. Lincoln Ellsworth has made a superb flight, and I am delighted beyond measure that he is safe, as I have been saying he was all along."

Court Is Told Word Omitted From Code

(Continued from Page 1)

count. They insisted the Criminal Code section was an invasion of provincial control over contracts and property because the general interest of the country was not endangered

Mr. Geoffrion claimed there must be some limit to the Dominion's claim it could name anything a crime and set a penalty. If it continued and was carried to its extreme limit the jurisdiction of the provinces could be nullified.

The Dominion, Mr. Geoffrion said, could say it was a crime to own anything "and that may come." Solemnization of marriage was a provincial affair, but the Dominion, if its constitutional claim was just, could make it a crime for other than civil marriages to be contracted.

Chief Justice Duff said the Dominion conceivably might make it a crime to sit in a provincial legislature.

Mr. Geoffrion admitted his own selection of possibilities was freakish, but "after what we have had I do not think anything can be freakish." He insisted there must be limits beyond which the Dominion could not step or there would be no room left for the provinces. The test of jurisdiction should be the injury to the public, if Dominion, or injury to an individual, if provincial.

BUS TRAVELERS HURT

Jerome, B.C., Jan. 16 (Canadian Press).—Several passengers were injured, two seriously, when a bus operated by the Greyhound Lines plunged down a 150-foot embankment here to-day and overturned. Two unidentified passengers were taken to the hospital in Cranbrook, while several other men and women aboard suffered less serious injury, it was reported.

POWER CUT OFF IN NEW YORK

(Continued from Page 1)

All of Manhattan north of Fifty-ninth Street and most of the Bronx were affected. Lights in skyscrapers, homes and hospitals went off. Telephone service was shut down for a time.

POLICE MOBILIZED

Mayor F. H. LaGuardia mobilized 18,000 policemen and 7,000 firemen for extra service. Measures were taken to prevent looting.

Traffic on the street levels and on other subway lines was demoralized.

Elevators stopped between floors. Street lights were extinguished. Surgeons completed operations by flashlight. Profiteers sold candles at fifty cents each.

The power trouble developed from a short circuit in the Hell's Gate station of the New York Edison Company, which described the plant as the second largest of its kind in the world.

ORDERS RETURN OF $55,000,000 TAXES

Chicago, Jan. 16.—The sum of $55,000,000 in Agricultural Adjustment Act processing taxes put in escrow by Chicago packers, was ordered returned to them to-day by Federal Judge John P. Barnes.

Ten millions were piled up when the packers won temporary injunctions some months ago restraining the government from collection.

An attempt to force the packers to disburse the money to the farmers who produced the livestock was made to-day, but failed.

An attorney representing E. E. Matteson, Ladora, Iowa, farmer, and Rice Brothers, Chicago commission house, asked permission to file an intervening petition requiring the packers to bring their books to court.

Edmonton, Jan. 16 (Canadian Press)—Seventy per cent of all Alberta municipalities' relief costs will be borne by the province, effective immediately, it was announced to-day by Premier Aberhart.

South B.C. Combed For Murderers

(Continued from Page 1)

gunmen and their confederate who drove them away.

One of the most effective police cordons ever thrown around the lower mainland was now organized, he said. In addition, police of Alberta and of border states were on the lookout.

According to police information, three small gangs of bandits have been operating in the city, but those composing the gangs have managed to conceal their identities.

MANY AUTOS STOPPED

Scores of cars have been stopped since yesterday's holdup, and trains and busses have been checked.

The fact that the bandits began to shoot after entering the bank might indicate they were nervous amateurs, police say. On the other hand, the man who stood guard at the door seemed cool. After the shooting he took up a position on the sidewalk and remained on guard until his companions were safely in the stolen taxicab. He then looked around for possible interference before getting into the car.

LIVED ON PRAIRIES

Canadian Press

Saskatoon, Jan. 16.—William H. Hobbs, bank clerk fatally shot in the holdup at Vancouver Wednesday, was a ledgerkeeper in the Nutana branch of the Canadian Bank of Commerce here ten years ago. He went from Saskatoon to Radisson, and subsequently to Vancouver. His parents at that time lived in Lashburn, Sask., where his father was a C.N.R. section foreman.

Local bank officials also remember Thomas Winsby, manager of the robbed branch, who also was shot by the thugs. Mr. Winsby was manager at Biggar, Sask., before he went to the Pacific Coast. His wife's people live near Marsden, Sask.

PARENTS ON WAY TO COAST

Edmonton, Jan. 16 (Canadian Press).—Mr. and Mrs. H. R. Hobbs of Edwardsville, near St. Paul, Alta., hurried to Edmonton by train to-day en route to Vancouver, where their son, W. H. Hobbs, was fatally shot in the holdup of a branch bank yesterday.

They planned to leave here early Friday for the coast city, expecting to arrive there early Saturday.

Mr. Hobbs Sr. is section foreman of the Canadian National Railways at Edwardsville. Edmonton relatives said the holdup victim has a brother, Elsie, a bank teller at Nanaimo, B.C.

C.N.R. and bank officials made strenuous efforts yesterday afternoon to get the parents into Edmonton in time to take an 8 p.m. train to the Coast, but roads are blocked in the Edwardsville area as a result of recent heavy snows.

The holdup victim and his brother spent their 1935 summer holidays in Edmonton and at Edwardsville.

BRAZIL TO BUY B.C. SALMON

(Continued from Page 1)

Tariff on Canadian canned salmon is cut from 33c to 13c a pound.

Duty on sewing machines, another important export, remains the same at about $4 100 pounds, at which rate it is bound by agreement.

LIST OF ARTICLES

The Minister made public actual tariff reductions by Brazil on other affected Canadian products and explained existing rates in most of these cases varied on the different classes.

These further reductions by Brazil were: Automobiles, by 20 per cent; spark plugs, 33 1-3 per cent; rubber belting, 10 per cent; rubber hose, 28 per cent; patent leather, 25 per cent; cements, 66 2-3 per cent; paints and varnishes, 15¾ to 53.8 per cent; radio and telegraph apparatus, 26 per cent; electric batteries, 5 to 47 per cent; soaps, 20 per cent; preserved fruits, 20 per cent; oatmeal and rolled oats 50 per cent; milk powder, 37½ per cent.

Sir William Mulock Ninety-two Sunday

"Living on Borrowed Time," Says Ontario Chief Justice in Birthday Remarks, But He Looks Forward to Fishing Season

Canadian Press

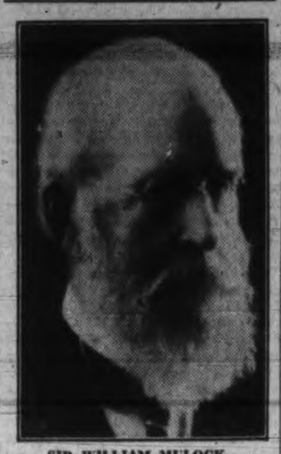
Toronto, Jan. 16.—Sir William Mulock, Chief Justice of the Appelate division of the Ontario Supreme Court, and acknowledged the "grandest" figure in Ontario's public life, to-day looked forward to his ninety-second birthday anniversary Sunday with the remark, "I quite realize my span of life may end at any moment. Truly I am living on borrowd time. But I enjoy it just the same."

Does Sir William, in whose own life may be traced almost the history of the growth of central Ontario, live in the past? By no means.

"If I live," he said, in his annual birthday interview, "I hope to fish for trout on May 1 and for black bass on July 1, the opening dates for both seasons. That's worth living for, isn't it?"

He reaffirmed his fondness for cribbage. He had been playing it for seventy years, he said. He declared he had no regular habits eating and sleeping when he felt like it. He said he had no plans for the future, he just lived from day to day and gave Providence the credit for his longevity. And he gave newspaper reporters large r ay apples after the interview was over.

"They are the best things in the world for a person," he said.



SIR WILLIAM MULOCK

. . . Apples are the best things.

CHINA SECURES NAVAL ADVICE

Moves to Strengthen Weakest Arm of Its Defence Forces

Associated Press

Nanking, China, Jan. 16. — The weakest arm of China's defence, the navy, is now receiving advice and technical assistance from experts of four foreign nations: Britain, Germany, Italy and Japan.

China's modern naval history began in 1880, when two small cruisers were purchased from Great Britain. Eight years later Capt. Land of the British navy arrived to help organize and train what was then expected to develop into a naval force sufficiently powerful to protect China's 1,800-mile coastline and the great rivers navigable inland for hundreds of miles.

Captain Lang accomplished wonders until jealous courtiers forced his resignation. Millions of dollars appropriated for new ships and equipment were secretly diverted by the Empress Dowager for the erection of the summer palace at Peking, including the famous stone ship in the gardens.

During the war with Japan in 1894-95, the Chinese navy fought valiantly, but was forced to admit defeat after failure of support from the Chinese government and its land forces.

China's army to-day receives half of the national revenues, the navy only a fraction of the land force appropriation.

REICH TO KEEP LOCARNO PACT

Spokesman Says Germany Will Observe Agreement as Long as Others Do

Associated Press

Berlin, Jan. 16.—A Foreign Office spokesman gave assurance yesterday Germany would "stick to the Locarno Pact as long as the others stick to it," referring to foreign reports the Reich sought to discuss a reinterpretation of the pact.

Whatever misgivings German government officials had a few days ago regarding reports of a Franco-British agreement for mutual military support in the event of an attack, the spokesman asserted, had now been allayed.

The Locarno Pact guarantee by Germany, France, Britain, Belgium and Italy to preserve the peace of western Europe, he explained, was subject of multi-lateral, not unilateral action.

A London dispatch Tuesday said it had been indicated in diplomatic quarters there that Chancellor Hitler had reserved the right to fortify the demilitarized Rhineland zone if an Anglo-French mutual assistance air pact was put into effect.

LONG SENTENCE IS APPEALED

Canadian Press

Vancouver, Jan. 16.—Notice of appeal was filed here yesterday by counsel for Lou S. Barrack, forty-six-year-old Egyptian, from a ten-year sentence imposed on him when he was convicted at a second trial on a charge of living in part on the earnings of prostitution.

Barrack was convicted at the 1935 spring assizes here and sentenced to ten years by Mr. Justice D. A. McDonald. He was granted a new trial by the Court of Appeal and was again convicted and given the same sentence by Mr. Justice Denis Murphy.

EDICT FIXES RISING HOUR

Canadian Press

Chungking, China, Jan. 16.—Bent with the "reform" idea, the city officials of Suining have published an edict commanding all residents to arise every day at 5.30 a.m., and to retire at 9.30 at night, with all lights out. A Chinese correspondent remarks that this "is inconvenient for lazy ones who like to lie late abed, and sorrowful for those who like to wine and gamble at night."

Quebec Member May Be Speaker

P. F. Casgrain Expected to Be Chosen to Preside Over Commons

Canadian Press

Ottawa, Jan. 16.—Hon. Lucien Cannon, a former Solicitor-General and present Liberal house member-elect for Portneuf, has been appointed a judge of the Quebec Superior Court, Prime Minister King announced yesterday evening. A by-election to fill the Portneuf vacancy will be held February 3.

The Prime Minister also announced the appointment of Ross W. Gray, Liberal member for Lambton West, Ont., as chief government whip, succeeding Pierre F. Casgrain, member-elect for Charlevoix-Saguenay, Que.

Mr. Casgrain is expected to be named Speaker of the House of Commons.

Norman Lambert, Ottawa, secretary of the National Liberal Federation, will become acting president of that body until the annual meeting is held about Easter. Hon. Vincent Massey, president of the federation, resigned when he accepted the appointment as Canadian High Commissioner to Great Britain.

Parliament will open Thursday, February 6, when the proceedings will be purely formal. The same will be true on Friday, when there will be no evening meeting because of the Governor-General's drawing room.

The address in reply to the Speech From the Throne will be taken up February 10.

WILSON WAR STORY SCORED

Late U.S. President Accused at Munitions Inquiry of "Falsifying" His Record

Associated Press

Washington, Jan. 16.—Chairman Nye of the senate munitions committee asserted yesterday that Woodrow Wilson "falsifie " in chronicling some of the circumstances surrounding the entrance of the United States into the Great War.

He attacked Wilson's post-war story that he did not know, at the time this country went into the struggle, of secret treaties between the Allies for the redistribution of Europe.

Mr. Nye and Senator Clark, Missouri Democrat, joined in asserting that documents they had ready in State Department files and elsewhere, but which they said could not be published, proved both the war-time President and his Secretary of State, Robert Lansing, knew of the treaties.

"Wilson and Lansing were fully apprised by Balfour of the secret treaties to which the British were committed," Mr. Nye said.

Previously, Mr. Clark had charged that Col. Edward M. House, confidential adviser to President Wilson, had agreed to bring the United States into the war without the knowledge of Congress.

ALBERTA COAL FOR TORONTO

Canadian Press

Toronto, Jan. 16.—William Alexander Gunn appeared before the Toronto Board of Control yesterday and asked the council make it compulsory for relief recipients to buy from at least 1 to 5 per cent of coal produced in western Canada.

Coal from Alberta could be purchased for $12 a ton, $3 per ton less than imported coal, and was superior to any imported coal for grate use, Mr. Gunn said.

Members of the board assured Mr. Gunn they were just as anxious as he that Canadian products be purchased to the fullest extent.

"That is all I want to know—that at least is a first step and I thank you," Mr. Gunn said.

Soviet Army Is Again Increased

Union Now Has 1,300,000 Enlisted Men, With Reserves Over 10,000,000

Associated Press

Moscow, Jan. 16. — The Soviet Union's answer to what it calls war threats from Japan and Germany was an announcement yesterday evening that the Red army, already the largest in the world, has been increased during the last year to 1,300,000 men.

In addition to this, the Bolshevists estimate they have a trained reserve as large as that under the Czars, calculated at the time of the World War at from 10,000,000 to 12,000,000 men

A wild ovation greeted the announcement of the army's huge size by the tall and handsome Mihail Tukhachevsky, Assistant Commissar of War, and one of five men recently appointed marshals, to the plenary meeting of the central executive committee of the Communist Party.

STALIN APPLAUDS

Joseph Stalin, who sat puffing a pipe while the neatly uniformed officer spoke, rose to his feet and joined in the rounds of applause which followed the statement.

Just a year ago Tukhachevsky, speaking on the same platform in the remodelled throne room of the Czars, had announced an increase in the army to 940,000.

Premier Molotoff last Friday, blutly accusing the Japanese and Germans of plotting aggression against the Soviet Union, said military expenditures would be greatly increased in 1936.

A military budget of 14,800,000,000 rubles, more than double that of 1935, was announced on Tuesday of this week. It was said a large part of this would go into still further increases of the man strength of the army, but the figure to which it would be raised was not announced.

LORD FORSTER PASSES AWAY

Former Governor-General of Australia Dies in England, Aged Sixty-nine

Canadian Press From Havas

London, Jan. 16.—Baron Forster, former Governor-General of Australia, died yesterday at the age of sixty-nine. He had been ill for several weeks.

As Henry William Forster, he was a Lord Commissioner for the Treasury, 1902-05, and a Conservative member for Sevenoaks, Kent, 1892-1919. He was created a baron in 1919.

During the Great War Lord Forster was financial secretary to the war office and from 1920 to 1925 he was Governor-General of Australia.

He left no heir to the title.

Supply of Rare Metal Wiped Out

Canadian Press

Chicago, Jan. 16.—The world's known supply of the second heaviest element in nature, metallic Protoactinium, was wiped out yesterday.

There was only one milligram of the element in existence, and it was destroyed by the scientist who isolated it, Dr. Aristid von Grosse of the University of Chicago.

It was all an accident, Dr. von Grosse explained after the metal's loss was disclosed. He was trying to take photographs of the tiny bit of stuff by the light of its own rays when the metal broke into pieces.

Settlement Sought On Religious Points

Canadian Press from Havas

Berlin, Jan. 16.—Negotiations aimed at settling differences between the Catholic Church and the Nazi state will be resumed by the German Catholic bishops at the end of this week, it has been learned authoritatively here.

The negotiations, which will follow a secret conference of bishops at Fulda, will deal particularly with the Catholic's youth association and creation of a mutually-satisfactory interpretation of the concordat between the Reich and the Vatican, it was said.

Swatow Has Paper Money Shortage

Swatow, China, Jan. 16.—Since the new law against the circulation of silver coins was put into effect, the banks in Swatow have paid out all their paper money and can not cash cheques although their vaults are bulging with silver dollars.

Many Messages Of Sympathy

Halifax, Jan. 16.—Eamon de Valera, president of the Irish Free State, has added a word of condolence to the thousands of messages of sympathy and tribute which have poured into Halifax since the death of Archbishop Thomas O'Donnell Monday.

The message read: "Deeply grieved at news of Archbishop O'Donnell's death. Sincere sympathy." It was signed "De Valera."

Another message came from former Prime Minister Bennett. He said: "May I add my expression of respectful sympathy to that of thousands of the faithful in their sorrow at the passing of a father in Israel in the person of the late Archbishop O'Donnell, wise, kind-hearted and beloved head of their church in Nova Scotia, and at the same time express my sincere regret at the loss to Canada one who was deeply interested in every cause that affected the welfare and happiness of the people of the Dominion."

Thieves stole $20,000 from English telephone boxes in 1932. In 1933, the sum dropped to $2,500.

A BUSTED CONFERENCE

THE WITHDRAWAL OF JAPAN FROM the naval conference was foreseen long before the delegates foregathered in London. Tokio had given notice several years ago that she would insist upon recognition by the other naval powers of Japan's right to parity in total naval strength and from first to last it has not deviated from that attitude in the slightest degree. At the same time Japan has been conciliatory, pointing out that her demand has been prompted by national prestige rather than by any desire to enter into a naval armament competition with any other country.

Nor does Japan imply that she would attempt to increase the strength of her navy to a measure of equality with the present navies of Great Britain and the United States. This, indeed, might involve her in serious financial difficulties, while she would be ruined by a general competition. She would naturally prefer that they reduce their naval strength to the Japanese basis, but since Britain and the United States are increasing their navies to the maximum defined for them by the Washington and London agreements, and probably now will go beyond that limit, she would be unable to keep abreast of them in the aggregate, however she may be able to meet her own particular naval needs.

Rather than announce the complete failure of the conference, however, the remaining powers will continue their discussions. There is talk of some kind of four-power understanding, for Great Britain, United States, France and Italy, but it is difficult to see how any effective measure towards the reduction of naval armament can be developed in the absence of Japan, or in the non-participation of Germany. Moreover, if Italy were not trying to get Britain and France to pull her Ethiopian chestnuts out of the fire she probably would follow Japan's example and demand parity even if she had not the slightest intention of trying to achieve it.

No disarmament conference can be anything more than a fiasco as long as a large part of the world is not disarmed mentally. International distrust, fear, hatred and covetousness, economic pressure and lust for conquest, have geared many nations, particularly in Europe—which never has got beyond the tribal rivalries of countless centuries ago—into a war complex which can not be removed by such soft palliatives as disarmament agreements.

In an atmosphere in which the violation of treaties is a commonplace, in which diplomacy is a secret game unhampered by ethical rules, in which the double-cross is a particularly cherished expedient, what would be the use of an agreement on navies, anyway? What prospect would there be of an observance of such an understanding by nations which regard the covenant of the League of Nations, the Briand-Kellogg pact and numerous other agreements of like nature as something to be broken when self-interest intervenes? Even while the conferees were pawing the air in the conference room, the permanent war officials of every government which was represented there were devising programmes for the expenditure on additional armaments of the huge appropriations already made for war services.

CATHEDRAL GROVE

IF THE DEVASTATION OF CATHEDRAL Grove, the magnificent stretch of timber near Cameron Lake, were permitted, the scar would not disfigure the landscape alone. It would be a brand upon the public character, an advertisement to all the world that we were devoid of not only an appreciation of scenic charm, but ordinary, every-day common sense. We would be exposed to the indictment that Nature in endowing Vancouver Island with its choicest gifts was merely casting pearls before swine.

Cathedral Grove is one of the wonder spots of the island, a source of never-failing admiration for visitors. It is a veritable oasis of woodland beauty in contrast with the hideous spectacle into which a very large proportion of our timber area has been transformed through the exigencies of our lumber industry. If it were destroyed we might as well restrict our activities for the promotion of tourist traffic, because shame and humiliation should deter us from letting it be seen by visitors.

The Grove is under private ownership, but it should be possible for the provincial authorities to make arrangements for its preservation with its owners through the diversion of more remote timber under public reserve. This should not be difficult because in spite of its collective beauty the forest is not nearly as valuable for commercial purposes as it appears to be.

It is gratifying to note that the Minister of Lands is enlarging the provincial timber reserves on the island, and it is to be hoped he will continue his good work. Unless this is done, it will not be long before the majestic timber resources of Vancouver Island will be gravely depleted, and the present generation will discover that whatever have been the temporary benefits it derived from their exploitation, it will pay through the nose for the prodigality.

OIL SANCTIONS?

PRESS DISPATCHES FROM EUROPEAN capitals forecast the relegation of the oil sanctions proposal against Italy to the limbo of things forgotten. According to a Paris report, Premier Laval has assured the Italian Ambassador to France that nothing will be done by the League of Nations that will affect the Ethiopian situation, and he ought to know. The reason for shelving the oil sanctions are said to be: first, that the embargoes already imposed upon Italy are working out better than they were expected to; second, that since Italy has a considerable reserve supply of oil on hand sanctions of this product would not be effective for a long time; third, that in any case the attitude of oil-exporting countries outside of the League is in doubt; fourth, the premature intervention of rain in Ethiopia (happy thought) has eased the pressure of the Italian armies upon the defenders.

Meanwhile, all of the oil-exporting nations in and out of the League have been exporting increased quantities of the fuel to Italy, which explains the accumulation of the large Italian stocks on hand. More than that, there is good ground for the suspicion that a decision on this proposal has been deferred deliberately for the purpose of supplying Italian requirements. And meanwhile, also, Italian air forces continue to bomb Red Cross hospital stations in Ethiopia maintained by other countries.

The real reason why oil sanctions are not likely to be imposed is not given in the reports, and that is the determination of the dominant powers of the League to save Mussolini at all costs. It is not improbable that besides supplying him with oil they are helping him to pay for his campaign through the devious channels of international finance. In the light of the actual issue, the preservation of Fascism of which Mussolini is the symbol against democracy, the mobilization of British and French naval forces in the Mediterranean loses much of its significance and becomes little more than a demonstration, more for its political effect than for its influence upon Italian policy. The Hoare-Laval peace proposals are not buried by any means. They are simply in a state of suspended animation, and they will reappear again in some other form before long.

When this weird, labyrinthian episode is finished there will be a probing heart-searching at Geneva in regard to the status of the League of Nations, with the prospect of a wholesale exodus of small countries from that institution. If the League is to continue to be merely a catspaw for two or three big European powers it can have no valid excuse for existence.

CABALISTIC NUMBERS

THERE ALWAYS WILL BE THOSE who will avoid passing under ladders, refuse to be one of thirteen at the table, regard marriage on a Friday as an invitation to evil things, and so on; which leads us to wonder what superstitious people think of arrangements of figures that is supposed to indicate the year in which the next war will begin. Here is a table to which a good deal of prominence has been given in recent months as a result of the disturbed conditions in the world:

Afghan War	1880	
Lasted		1 year
	1881	
	1	
	8	
	8	
	1	
Boer War	1899	
Lasted		3 years
	1902	
	1	
	9	
	0	
	2	
World War	1914	
Lasted		4 years
	1918	
	1	
	9	
	1	
	8	
Next War?	1937	

Those who like to work out cross-word puzzles or delve into the occult may find in the foregoing table the germ of a new idea for whiling away this long period of the year. But this is merely one of many numerical phenomena. Ever since society has learned to count it has endeavored to forecast the future by similar calculations and invariably it has been wrong. Numbers were devised by man and therefore have nothing of the occult in them. It is safer to stick to bank clearings and industrial statistics as bases of ordinary prophecy. This is not to say that numbers are useless as a means of forecasting war, for those which indicate the size of military budgets have a peculiar significance, although they are indefinite as to time and place.

The King government was elected on a platform of customs tariff reduction, and this should be a cardinal point in its policy. The duty of the tariff board should be more to determine to what extent this form of taxation can be reduced in the public interest, than to decide wherein it can be increased.

It is suggested by the magazine, The New Yorker, that since the Naval Conference is getting nowhere, because everybody wants as much navy as anybody else, it would be quite fitting to call it a naval imitation conference. To which may be added that the four-year-old Disarmament Conference was a misnomer; it was a Rearmament Conference.

A surprising bit of news issued with a large amount of information by the Dominion Bureau of Statistics is that last November Canada imported no less than 198,003 pounds of canned tomatoes—mostly from Italy. There is no need to mention the question of sanctions in this connection; but if there is one article of food which Canada can supply in large quantities to the outside world, as she is doing, after adequately satisfying her own requirements, it is canned tomatoes.

What Other Papers Say

THE REAL SUFFERERS

The Winnipeg Tribune

Premier King and ex-Premier Bennett recuperated in southern climes from the strenuous effects of their stumping tours during the big campaign. The average elector who did the listening is doing the best he can to mend at home.

NO ACCOUNTING FOR TASTES

The Calgary Albertan

New Zealanders must be fond of elections. The new government there will reduce the legislative term from four years to three, which it used to be. There is no accounting for tastes, and "everyone to his liking." In Canada elections are counted as necessary nuisances, and one in every four years as "plenty." A succession of disasters in the federal and provincial fields have shown that a government which clings to power for five years thereby ensures defeat. Any government which reduced the legal term to three years would likely share the same fate.

Loose Ends

Consider the case of the poor emigrating Jew, his winter underwear — and the implications of history—and the plight of a neighboring prophet — and the importance of our own time.

By BRUCE HUTCHISON

SAD CASE

THERE IS SOMETHING sad about the case of Emperor Haile Selassie who, we are told by the newspapers, has two great ambitions in life. (1) To wear a navy blue serge suit and (2) to shave off his beard. I mean, is it not pathetic to think of that poor little man, imprisoned in his palace (in long winter underwear and a sun helmet) yearning for the simple pleasures which even a poor man may enjoy in this country; yearning simply for a navy blue suit and a clean-shaven chin? Yes, it is pathetic. Here is a Conquering Lion of Judea, here is the slickest public relations counsel and press agent in the world, here is the Key Issue of the world situation, and he can't enjoy the simple pleasures of the poor.

Why, asks an editorial note in this newspeper, doesn't the Lion buy a blue serge suit and shave off his beard? Because, of course, he belongs to his public. Everyone who becomes famous nowadays belongs to his public. He ceases to be his own master. Though he be the King of Kings and the Conquering Lion of Judea he is a slave, even as Roosevelt, Shirley Temple, Greta Garbo, Clark Gable and Charles Laughton and Gerry McGeer are slaves to the great god Public.

Not one of them dare alter his or her public appearance or manner of life in the least, for the great god will not tolerate it. Garbo must keep a deadpan face on her and yearn for far-off things. Gable must grin. Laughton must leer like a gorilla. Shirley must show her dimples. Gerry must orate. Roosevelt must smile. Poor little Haile Selassie, the Lion, must wear a beard and a sun helmet and winter underwear. The great god demands it. He no longer belongs to himself. He belongs to his public, to his sun helmet and his winter underwear.

Lindbergh found that out and had to exile himself to escape it. Haile has to stay on the job, bearded and in flannels.

ABERHART AGAIN

AS THIS IS WRITTEN, my good friend Mr. Aberhart finds himself in what might be called an embarrassing position. This would be of no importance were it not for the fact that other prophets like Mr. Aberhart are going to find themselves in the same position before long, and their prophesies and systems along with them, because they have tried to mix oil and water.

Briefly put, Mr. Aberhart's position is this: (1) He must have a balanced budget (so he says) before he can establish Social Credit; (2) he cannot balance his budget unless he refunds his debt with federal assistance; (3) he cannot get federal assistance and refund his debt unless he surrenders his future control of borrowings and credit to the Dominion; and (4) if he surrenders this control, obviously the Dominion is not going to allow him to have Social Credit with the Dominion credit involved in it.

The circle of orthodox finance, which Mr. Aberhart is trying to swallow thus leads back exactly to where he started. It leads, in brief, nowhere. He will find, as other monetary reformers will find, that you can't have it both ways. You can't have orthodox finance and unorthodox finance in the same budget. You have got to choose between the two. Mr. Aberhart's grand straddle is bound to break him or his system or both. Reformers elsewhere should watch this performance with attention, and not attempt to keep their cake while eating it.

PUNDIT

MR. MARK SULLIVAN, who is by way of being the United States' most prominent Tory pundit, writes in The Cosmopolitan Magazine that we over-emphasize and over-dramatize the events of the past and the future, and seldom appreciate the importance of the events of to-day. Actually, says Mr. Sullivan, the events of our present lifetime have been far more important historically than most of the exciting moments of the past. Yet the old days have been so romanticized by writers and so engraved in our memories that we never stop to think that we are living in the most exciting and breathless period in the life of this particular earth.

This is all very true and obvious; so obvious that I have frequently pointed it out myself. But what's the use of knowing it? It doesn't do you any good. It is no comfort when you are broke to know that the social system is undergoing a revolution and may emerge much better after a while. It is no comfort when you slip on a banana peel to know that a scientist in Winnipeg has proved that gravity doesn't exist. It is no stimulant, when you are bored to tears by your friends, to know that history will look back on this year as one of the most dramatic and exciting of all time. It is no help to know that science is making remarkable strides and will shortly solve all problems of human labor, when you haven't got a sharp blade for your safety razor.

That is the tragedy of the whole business. No man ever enjoys the excitement and accomplishments of his time, ever appreciates or understands what is happening around him. He is too small a fly on the rim of the flywheel to see what makes it go around. It is only after a hundred years or so, after the biographers, historians and playwrights have mauled it about, that any period seems exciting; then it's too late to enjoy it.

A hundred years from now they are going to enjoy our period. They are going to laugh themselves almost to death at our recent depression in a land of plenty. They are going to make Hitler and Mussolini and other notable gents of this time into buffoons for Punch and Judy shows and ribald cartoons. They are going to regard us with a smirk, as we regard the mid-Victorians. It will be funny, but, alas, we shall not be here to enjoy it.

WELLS

A FEW ERUDITE people may be able to place themselves accurately in the flow of history, to understand where we are, to appreciate how important and exciting these times are. Mr. H. G. Wells may be considered one of the most competent of these prophets. He, of all current philosophers, surely has the most accurate appreciation of where we are and where we are going. And what do you find Mr. Wells doing with his time after he has discovered these great truths? You find him in the last issue of Time Magazine clowning for news photographers with a news camera in his hand and a flashlight globe, pretending to take a picture of a snappy-looking chorus lady. And just before that he was pictured in a Hollywood night club with a number of the movies' intelligentsia.

That is the kind of thing a man does when he has learned the full implications of history and has appreciated the excitement and the importance of his own time. So maybe, we are just as well off in our ignorance. Apparently, it doesn't do any good to know. You are just as bored and just as ineffectual as ever.

PAWNSHOP "STRIKE"

Chungking, China, Jan. 16 (Canadian Press).—Declaring they can not conduct business at an interest rate of less than 42 per cent a year, all of the pawnshops in the City of Luchow have "gone on strike" and closed their doors. Heretofore borrowers have had to pay 3.5 per cent a month, but the city authorities recently passed a law limiting interest on pawnshop loans to 3 per cent a month.

SIDE GLANCES By George Clark

"Yes, Mrs. Meekly, I have always been my husband's pal."

KIRK'S WELLINGTON COAL
G 3241 1239 BROAD ST.

Twenty-five Years Ago To-day

January 16, 1911

(From The Times Files)

A rather nasty accident happened on the Fernwood Road hill on Saturday night when William Malcolm, who was coming down the hill on a sleigh, ran into a pole and hurt his leg badly. Crowds of boys had been resorting to this hill to indulge in coasting every night of the week and this was the first accident.

* * *

There was something doing all the time at the Assembly Hall rink on Saturday evening when the local boys met the New Westminster roller hockey team and, though the result was a pointless draw, everyone was well satisfied with the evening's entertainment and went away vowing to come again next time.

* * *

W. N. Lanfesty and Frank Stevenson returned to-day from a shooting trip to Somenos Lake with a good bag. They declare that the weather was mean, but the sport was good and blue bill mallard and teal are very plentiful.

* * *

The large pole which has so long menaced traffic of all descriptions owing to its position in the middle of the street at the corner of Humboldt and Government streets, was removed this morning. The improvement thus made is very apparent.

Leaving Esquimalt on a six-weeks' cruise, H.M.C.S. Rainbow was due to sail to-day, according to orders received from the naval department, but she will be unable to get away before Wednesday of this week. The delay has been caused through the fact that a sufficient coal supply could not be obtained in time.

Other People's Views

WARNING!

The Times urges its correspondents to restrict their contributions to 600 words.

Henceforth it positively will not print communications which exceed that length.

These letters must be plainly written on one side of the paper only, and must be accompanied by the names and addresses of the writers, not necessarily for publication but as a guarantee of good faith.

Letters will not be re-written for publication. If they are not legible no attempt will be made to read them.

Letters not used will not be returned to the writers.

Letters containing offensive personal reflections will not be printed.

These rules, which henceforth will be carried out absolutely, are designed as much for the protection of our patient readers as for that of The Times.

CAUTION!

The Times will not assume responsibility for the return to the writers of articles sent for publication in the Correspondence Column or anywhere else in this newspaper, whether they are published or not, unless they have been specially solicited.

ROMAN LEGIONS

To the Editor:—Does not Benito Mussolini recall that the much-vaunted Roman Legions were not Roman—they were mercenaries, principally drawn from what are now called the Scottish, Scandinavian and Saxon races? Few of the legionnaires who conquered for Rome were Italian by birth. The famous "barbarian" soldiery joined for adventure, and perhaps booty and beauty, but their splendid qualities are retained in the British race that Il Duce rants against as a second Caesar!

OLIVER RODSTROM.
R.M.D. 3, Victoria, B.C.

BICYCLE REGISTRATION

To the Editor:—Some time ago a news item appeared in the Victoria daily papers stating that Chief of Police Thomas Heatley had gathered data from other Canadian cities on the best way to register and license bicycles. The Chief recommended, if I read aright, some method of registration and the stamping of a licensed number on each bicycle.

I have watched the papers since but have seen nothing more pertaining to this matter. Personally, I think it would be a very good move on the part of the city officials if some form of registration and licensing were required by a by-law of our city.

About three years ago my own son had his bicycle stolen and we have never seen it since. Now, some might say, what are our police doing, and what do we pay them for? But when you take into consideration what happens to stolen bicycles, you can not blame the police for not finding them—most of them are taken apart and a piece here and a piece there is hidden away until such time the thief thinks it safe to start selling off a piece at a time, or, if several machines have been stolen, they put a part here, the handle-bars there, until they have a complete bicycle made up. The only official mark of identification is the manufacturer's number stamped on the frame. The thieves either file this number off or throw the frame away. Now, I ask you, what chance have the police under such conditions as these? How in the world they find as many as they do is beyond me. I would suggest that not only our own city officials look into this matter, but those of the surrounding municipalities as well, so as to formulate some plan by which all bicycles on this end of the island be licensed.

I sometimes wonder if we appreciate our police force as we should when we hear of what is going on in other cities—banditry and robberies of all kinds. We can thank our lucky stars that we have an efficient and well-ordered police force. Again, do we appreciate what our Chief has has done in compiling the little booklet entitled "Traffic Rules." Every driver of cars and trucks and every bicycle owner should have one of these booklets. Let us help, not hinder, our peace officers of this city.

H. W. ROWSE.
727 Broughton Street, Victoria.

IS RUSSIA BACKWARD?

To the Editor:—Mr. Thornley's letter to The Times on Friday, January 10, was unfortunately handicapped by the 600-word limit. But fortunately he can come along with many more, if he can show that he is getting somewhere. Let him not forget that he is under a flag that allows considerable freedom, notwithstanding Section 98, when he tries to foster goodwill towards the Soviet Russian plan. Just let Mr. Thornley write a 600-word letter to the Russian papers defending Christianity, and he would be liable to end his worries before a firing squad at sunrise.

With five-sixths of the 500 commissars atheists now in control in Russia, who, when they celebrate in a big way burn Christ in effigy in the public square and have a prostitute represent the Virgin Mary, there can be no home life. Their so-called success is built on one the greatest armament programmes that has ever been attempted, with possible world domination as their objective, and 5,000,000,000 roubles voted only a few days ago to enlarge that programme. Six hundred words is much too many to write in defence of a of a plan with so much hate and destruction in it, to be held up before our children as an example of peace and goodwill.

NIX.

CYCLISTS AND JAY-WALKERS

To the Editor:—Do you not think it about time something was done to ease the burden of the constant danger a motorist runs of appearing before a court charged with manslaughter or hailed before a coroner's court, all through the asinine stunts jay-walkers will attempt, and the risks cyclists will take in riding without light at night? Both have been a constant bugbear to me for years. . . . It is exasperating when one has about swallowed his oesophagus avoiding a jay-walker who has bobbed out from the rear of a parked car on say Yates Street, between Douglas and Blanchard, to see this person sneak away, after giving you the laugh, for nearly smashing into oncoming traffic, which a motorist has to do to avoid hitting what, Barnum said, was born every minute. These dumb but bumptious imbeciles expect a car to stop in a foot's length.

The cyclist who rides at night without lights or uses a flashlight that is flicked on when he or she sees a car approaching, and boys who carry a flashlight in hand which is "out" to save the battery, are doing more to age a motorist than all of his creditors combined. No motorist would wantonly crash into cyclists, but the latter will have to realize they too must play the game. Motorists have to comply with drastic regulations and if cyclists cannot afford to keep their bicycles equipped with lights they should not be allowed on the roads at night. There should be a standard light, set by the city which all cyclists should be compelled to install. They should also carry number plates registered with the police so motorists could report those that deliberately pass "stop" signs without compunction.

The other day a girl from one of private schools gave me the "ha, ha" when I cautioned her about stop-signs. Last week on Oak Bay Avenue a cripple in a cycle chair nearly came to grief. He was in the centre of the road at night; his contraption had two reflectors but they were absolutely useless. I did not see him until I was within ten feet of him, and if I had been unfortunate and have hit him, there would have been a row.

Time and time again I, like hundreds of other motorists, have heaved a sigh of relief when, through sheer luck, have managed to miss these persons who do not value their own lives and do not seem to care how much worry they cause those who have to do their thinking for them. It is time the police were given the necessary authority to "lower the boom" on those that continue to jay-walk, or their ilk, "the No-lighters." The police have lectured in the schools, have issued warnings continually, there has been editorial comment from both papers, but, all in all, with little effect on those who just won't do as they are expected. Chief Heatley and surrounding municipal and provincial police should be commended for what they advocate as safety measures and be backed by all sane cyclists and motorists.

HOTEL LOBBY GOSSIP

The Strathcona Hotel seems to have a special appeal to prairie people. Among registrations Tuesday evening and Wednesday were: Mr. and Mrs. John Stroyan of Huxley, Alta.; R. Forster, Bethune, Sask.; W. McSparron, Winnipeg, and A. Edwardson, Medicine Hat, Alta.

* * *

Seeking a change from winter Pacific gales, Mr. and Mrs. A. Godson of Tofino arrived at the Dominion Hotel Wednesday on a brief visit.

* * *

The enormous success of the Carnegie Library plebiscites in the rural districts of central Vancouver Island was mentioned on Wednesday by A. Wilson Braddock, chairman of the Errington School Board, who is at the Dominion Hotel. In Errington, Coombs, Parksville and Qualicum, he said, practically the whole population turned out in the pouring rain to vote, and the decision was overwhelmingly in favor of the library scheme. Interest had been stirred by displays of books held in conjunction with hobby shows in the district, the books relating to the various crafts represented in the exhibits.

Two Men Hurt In Motorcycle Mishap

Shawnigan Lake, Jan. 16.—As a result of an unfortunate accident involving a motorcycle, its rider and a pedestrian, on the Mill Bay Road Tuesday evening at 7 o'clock, Raymond Dougan, of Shawnigan Lake was removed to Duncan Hospital suffering from concussion, while Colin Smith, of Sylvania, was badly bruised and shaken up.

As both men were picked up in an unconscious state, neither could give a clear account of the accident, but it was apparent that Mr. Smith, while walking west, was caught by the handlebar of the motorcycle, which was being ridden in the same direction by Mr. Dougan. Visibility was at its poorest, owing to the heavy downpour of rain. Dr. George More attended and removed Dougan to the hospital.

KEATING

South Saanich Farmers' Institute will hold their first meeting in the new year on Thursday evening, January 16. Annual reports will be given and election of officers will take place. Professor Barss, of the University of British Columbia, will address the meeting on "Fruitgrowers' Problems."

The monthly meeting of the South Saanich Women's Institute will be held in the Temperance Hall, Thursday evening, January 16.

Duncan

Duncan, Jan. 16.—Duncan Dogwoods Chapter, Imperial Order Daughters of the Empire held their annual nomination meeting at the home of Mrs. E. E. Duncan Monday evening. The regent, Miss Anne Staples, was in the chair. Nominations for officers were made and will be voted on at the February meeting.

It was decided to hold a dance on St. Valentine's night, February 14. Heads of committees are Queenie Kennett, supper; Theresa Thornburn, decorations, and Helen Huby, novelties.

A miscellaneous shower was held in honor of Miss Jean Buckham, whose marriage is arranged for this month. Refreshments were served by Mrs. Malcolm Green, Miss Rheta Tilley and Miss Theresa Thorburn.

DECLINE IN TREE FRUITS

Provincial Figures Show 1935 Production Drop; Peak Tonnage of Strawberries

Although production of strawberries reached a new peak tonnage and a general increase in the acreage planted in vegetable crops was recorded, tree fruit crops of British Columbia declined in volume last year, according to the annual report of W. H. Robertson, provincial horticulturist, filed to-day with Hon. K. C. MacDonald, Minister of Agriculture.

Strawberry growers had their best year since 1930, Mr. Robertson reported, with record shipments to England, and an excellent market demand all the way round.

The drop in tree fruit crops is shown in the following figures which are estimates: Apples 4,953,700, approximately 300,000 boxes below the 1934 crop; crabapples 141,975 boxes, a reduction of 4,000 boxes; pears 222,924, a decrease of approximately 56,000 boxes; plums and prunes 338,490 boxes, a shortage of over 124,000 boxes; peaches 133,900 crates, as compared with 319,288; apricots 134,750 crates, a decrease of 167,500; cherries 164,010 crates as compared with 238,029 crates.

Forced rhubarb was shipped during 1935 over a longer season than usual. In addition to supplying local market requirements, about eighteen cars shipped out of the province. Following the shipping season a limited demand for cannery purposes was experienced.

VEGETABLE ACREAGES

A uniform increase in acreage of vegetable crops is shown. The acreages were: Tomatoes 2,870; onions 1,345, lettuce 315, celery 227, cucumbers 150, cabbage 147 and cantaloupes 263. Due to unsatisfactory weather conditions the crop yields were only average.

The fresh mushroom trade in Vancouver, shipments to other points in the province, and the canning of the product have created an increased demand for the limited supply available, Mr. Robertson says.

A greenhouse survey was made during the year by the horticultural branch in conjunction with the statistics branch. These surveys have been made periodically since 1923, showing a marked increase in the number of growers and area under glass in the province.

MORE GREENHOUSES

The first survey in 1923 showed 120 growers with 1,905,180 square feet of glass. Six years later the number of growers had increased to 260, and the area to 3,385,681 square feet. Last year's survey disclosed 515 growers with 4,812,787 square feet.

Bulb production in British Columbia, while not large, is worthy of attention, says the horticulturist, adding that with the climatic advantages which this province enjoys, there is no reason why the production of this crop should not be encouraged until it reaches the point where it might supply a great deal larger proportion of the Canadian requirements than it now does.

Tabulation of the areas planted to bulbs in the province shows an increase in six years from 159 acres in 1929 to nearly 210 acres last year.

STORIES IN STAMPS

By I. S. Klein

Joseph Simon Gallieni probably will be remembered most as the man who, early in the World War, rushed his soldiers in Parisian taxicabs to the Marne, to stop the advancing Germans.

But more lasting in history will be General Gallieni's work in Africa, where he extended French dominion and made profitable possessions out of such obscure colonies as Madagascar and Martinique in the West Indies.

Born in 1849 and a veteran of the Franco-Prussian war of 1870-71, he did his greatest work as France's colonizer, explorer and foreign military commander from 1877 to 1905. His bold stroke at the Marne is credited with turning the tide against the Germans, but when his plans for a more centralized direction of the World War were overruled, he resigned early in 1916. He died that May. As a tribute for Gallieni's constructive administration of Madagascar, France issued a stamp that colony in 1931. It is shown here.

Believe Health National Issue

Saanich Councillors Say Governments Should Bear Cost of Treatment

Municipal health maintenance is a national problem, and not one which should be handled by the individual municipalities, Councillor E. C. Warren, seeking re-election in Ward Two, Saanich, told a meeting of the Non-political Ratepayers' Association in Grist's Hall, yesterday evening.

Councillor Warren was dealing with the medical society's request for a flat payment by the council for medical treatment to indigents. He realized medical men were hard hit during these times, but their cases were no different than those of grocers, dentists, lawyers and other professional men, he claimed.

If Saanich agreed to bear the costs requested by the doctors he felt other professional men would make similar requests, as they would have every right to do. He thought the doctors should lend their support to provincial health insurance.

Similar views of the medical men's request were held by Councillor A. G. Lambrick, Ward Three, who is also seeking re-election, who attended the meeting.

Councillor Lambrick also spoke on the proposed zoning by-law which was to come before the ratepayers of his ward on municipal polling day.

Royal Oak

Mr. and Mrs. A. H. F. Steick returned on Wednesday to their home on the Old West Road, after spending six weeks visiting at their former home in Dauphin, Man.

Mrs. J. Ross, Binscarth, Man., arrived on Saturday to visit Mr. and Mrs. Walter Allison, East Saanich Road.

J. H. Morrison, Portage la Prairie, Man., has returned home after visiting Mr. and Mrs. J. L. Swales, Markham Road.

Mrs. A. Rankin entertained at tea at her new home on Beaver Lake Road, on Wednesday afternoon. The guests were: Mrs. H. C. Oldfield, Mrs. R. Oldfield, Mrs. R. Mead-Robinson, Mrs. F. Reeves and Mrs. B. Hoole.

At the meeting of the public speaking class on Tuesday evening, arrangements were made to hold a concert in the Royal Oak Community Hall on Tuesday, February 7. The programme to include Slim Hunter and his Rustlers, also a debate by members of the class.

More than 1,000 persons are bitten by snakes in the United States annually, according to one estimate. These have a death rate of approximately 22 per cent.

Help Kidneys

If you suffer from Getting Up Nights, Nervousness, Leg Pains, Swollen Ankles, Dizziness, Headaches, Loss of Pep, Burning, Smarting, Itching Acidity, Kidney or Bladder troubles, try the Doctor's prescription Cystex (Sis-tex). Increases vitality in 48 hours, and ends these troubles in 3 days or money back. Cystex costs only 3c a dose at druggists.

Two City Pastors Leave Their Posts

Rev. Dr. E. A. Henry and Rev. C. G. MacKenzie Tender Resignations at Fairfield and Centennial United Churches

Resignations of two valued members of the United Church clergy in Victoria, Rev. C G. MacKenzie, pastor of Centennial Church and president of the Victoria Ministerial Association, and Rev. Dr. E. A. Henry of Fairfield United Church, were tendered to their respective church organizations yesterday evening.

Both resignations requested take effect in June. Mr. MacKenzie is concluding three years' pastorate at Centennial and Dr. Henry four years at Fairfield.

Mr. MacKenzie's resignation was presented to the church board for forwarding to the amount congregational meeting next week and Dr. Henry to the congregation meeting.

TRIBUTE TO WORK

Tribute was paid to the work of Dr. Henry by members of the congregation, who drew attention to the inspiration he had given the congregation through his able sermons.

Ordained forty years ago last August in Brandon, Dr. Henry built St. Paul's Presbyterian Church of that city. He left that congregation to take over the pastorate of Knox Presbyterian Church in Hamilton, which he rebuilt. From Hamilton he was called to Knox Presbyterian Church in Regina, where he reorganized the work before proceeding to Chalmers Presbyterian Church in Vancouver. He worked for the construction of a new church edifice in that pastorate, and when the building was completed, it was one of the very few in Canada to have a swimming pool and gymnasium for the young people. He was with Chalmers Church for ten years, when he received a call to Deer Park Presbyterian Church in Toronto.

At Deer Park he stayed through the church union dispute, which split the membership, and remained pastor four years after the union. Then he went to West Vancouver to build up the congregation at the United Church there.

Sickness in his home, coupled with the responsibility of building up the Fairfield United membership under difficult circumstances, had impaired his own health until now he felt there was little he could do but resign both in the interest of his health and the cause, Dr. Henry said.

Mr. MacKenzie came to Victoria three years ago from Columbian College, New Westminster, where he was principal for four years. His first charge, after graduating from the Union Theological Seminary, N.Y., in 1921, was at Union Church of Palisade Suburb, New York City. During 1923 and 1924 he was assistant to Dr. Andrew Mutch, at Bryn Mawr Presbyterian Church, Bryn Mawr, Pa.

In 1924 he returned to Canada and held pastorates at St. Andrew's Church, Moosomin, Sask., Ogema United Church, Sask.; St. Paul's United, Grand Prairie, before going to New Westminster.

FAIRFIELD REPORTS

A year of progress was reported by the board of stewards to the congregation at Fairfield. The board reported a balanced budget on general accounts for the year, and a reduction of the deficit which stood at $1,570 at the close of 1934, to $766 at the end of 1935.

The meeting decided to increase the membership of the board, and to appoint the members for varying terms. Following is a result of the election: Three-year term, J. Johnston, John Armstrong, Col. R. H Campbell and J. C. Warren; two-year term, C. A. Field, A. Schroeder, J. Cameron and Robert Husband; one-year term, P. Rankin, J. G. B. Horne, R. Laurie and Miss J. Richards. W. H. Hughes, R. H. Beare and D. Gay were elected to the session.

The report of the session disclosed a slight increase in the church membership, while the report of the Women's Association showed that an exceptionally active programme of work had been undertaken by the ladies during the year, and that they had been able to contribute $564 toward the church funds. The Sunday school had a slight falling off in membership, but during the year the "Go-getters" Young People's Society was formed under the guidance of Mrs. J. T. Keating. Its membership had been doubled since last October. The Women's Missionary Society also had a busy year.

An active year also was experienced by the choir, which, in addition to the regular Sunday anthems, solos, duets and quartettes, provides six special services, one twilight concert, and presented two cantatas in addition to winning the shield for intermediate choirs in the Victoria Musical Festival. The deficit committee reported contributions to the church funds amounting to $373.21.

The cangregation endorsed a motion protesting against proposed legislation designed for the purpose of permitting sale of light wines and beer in hotels and restaurants. A petition on this matter was signed at the close of the meeting.

VETERANS HONORED

Mr. and Mrs. J. A. Grant, Mr. and Mrs. E. E. Wescott and D. M. McIver were honored at the annual congregational meeting of Metropolitan United Church yesterday evening, with presentations from the congregation marking their retirement from church offices.

Mr. Grant left his post as treasurer and Mr. Wescott relinquished the duties of envelope secretary. Mrs. Grant, Mrs. Wescott and Mr. McIver left their posts on the envelope committee. The five retiring officials had a combined record of 175 years' service to the church.

Rev. E. F. Church, pastor, presided over the large gathering and was assisted by E. W. Whittington, clerk of the church. Reports of the year's activities were presented by the pastor, assistant pastor and a number of organizations, including session, stewards, trustee board, Ladies' Aid, Women's Missionary Society, Young Women's Auxiliary, Chummy Club, Sunday School and the Young People's department, all of which showed healthy progress and credit balances in their accounts.

The church treasurer's report showed a small deficit on the year's figures, which were deemed to be satisfactory in view of prevailing conditions.

OFFICERS ELECTED

The election of officers resulted in the following being appointed to the session: J. H. Baker, Dr. S. G. Clemence, E. B. Jones, J. H. Kent, Arthur Lee, George T. Moir, R. J. C. Smith, Albert Sullivan, W. W. Taylor, H. Welch, E. W. Whittington and C. B Deaville.

Stewards elected were: E. W. Andrews, Mrs. Rae Baker, H. G. Shepherd, Forbes Finlayson, J. A. Grant, Dr. W. E. Harper, R. N. E. Harris, J. W. Jones, C. E. Sonley, H. E. Thompson, Tom E. Watkins and E. E. Wescott.

Appointments to fill the vacancies caused by retirements were: R. N. E. Harris, treasurer; Austin Curtis, assistant treasurer; Mrs. Rae Baker, Miss Mary Piercy and E. J. Dicker, envelope committee.

At the close of business, some interesting reminiscences of Victoria, the Pacific Coast and the Yukon during the days of the gold rush were given by George T. Moir, who recently came to the city from the interior.

LABOR HEADS ARE RETURNED

R. D. Lemmax, President, Expresses Hopes For Improved Conditions

Hopes for the betterment of conditions for labor during the next twelve months were expressed by R. D. Lemmax, president, at the regular meeting of the Victoria and District Trades and Labor Council yesterday evening.

Mr. Lemmax, delegate from the Electrical Workers' Union, was re-elected by acclamation to the presidency for his third term. Fred Oliver, representing the Fire Fighters' Union, was returned for his second term as vice-president. James Wilson was again named secretary-treasurer by acclamation, and Fred Penner was returned as sergeant-at-arms without opposition.

Committee chairmen were elected as follows: V. J. Baines, press; James Wilson, hall; Charles Chivers, building trades and legislative, and Joseph Casey, organization. Three trustees were named as follows: A. H. Lester, three years; Arnold Johnson, two years, and E. Belton, one year. The election of the chairmen for audit and finance was laid over until the next meeting.

IMPROVEMENT SHOWN

Mr. Lemmax traced the financial improvement in the labor organization from its low period in 1933, when the membership was comparatively inactive and some of the smaller unions were unable to demonstrate any strength, to the present time.

Conditions had improved last year, and one or two of the older unions had re-affiliated, and delegates had been added to the membership, he said.

He spoke of the pleasant relations between officers and delegates during 1935, and said the financial condition of the council had considerably improved. The advisability of establishing trustees to take care of funds over and above current expenses was outlined.

Before opening the meeting the delegates stood in silent tribute to the memory of sailors lost in the wreck of the Ss. Iowa at the mouth of the Columbia River on Sunday.

Agriculture In Better Shape

Gains in Canada Reported By Ottawa; Further Progress in 1936 Foreseen

Canadian Press

Ottawa, Jan. 16.—All factors considered, the position of Canadian agriculture is better now than a year ago and there is reason to hope that one year from now the position will be further improved, according to the annual survey and outlook made public yesterday by the Department of Agriculture.

This annual survey serves to a considerable extent as a guide to farmers in their spring planting.

After a comprehensive review of the situation, the review said:

"While the wheat situation is so far as Canada is concerned is involved at the moment, yet this country must and will continue to produce what on a substantial scale. It should be noted, however, that in view of the greatly reduced world import demand the wheat produced by a normal yield on an acreage similar to that sown in 1935 would be difficult of disposal.

"The quality of Canadian wheat has long enjoyed an enviable reputation on the world's markets and this must be maintained."

The feed situation in Canada as a whole was much better than last year, the report declares. Large surpluses of market hay were available in certain districts, but the export demand was expected to be small as supplies were reported to be adequate both in the United States and Great Britain.

LIVESTOCK OUTLOOK

Ottawa, Jan. 16 (Canadian Press).—Greater production of beef cattle and hogs in Canada is forecast for 1936 in the annual review issued by the Dominion Department of Agriculture. Further interest in sheep raising is anticipated.

A considerable trade in heavy work horses might be developed with Great Britain, the report says. A good demand continues for purebred draft horses in the United States for breeding purposes.

The export situation warrants increased production of market poultry in Canada," the report advised, "but there is not the same justification for greater egg production."

The dairy industry for the first ten months of 1935 was in a more satisfactory condition than for the corresponding period of 1934. Despite a slight reduction in milch cow population, milk production may be expected to increase in the first quarter of 1936, compared with the first quarter of 1935, says the review.

EXPORT OF CATTLE

"Scarcity of beef and feeder cattle in the United States, coupled with a good crop, strongly stimulated domestic demand for feeding cattle in Canada, and at the close of 1935 there were more cattle on winter feed in Canada than in recent years."

1936 VERSION

Support Given Cowichan Band

New Musical Organization Will Fill Need in Island District

Duncan, Jan. 16.—Energetic action has been a development since the organization last week of the Cowichan District Band. From all parts of the district enthusiastic support is being given, the result of printed circulars widely covering the district from Malahat to Youbou and Chemainus.

In accepting the honorary presidency of the band, Hugh Savage, M.P.P., announces he will do all he can to help the band along and congratulates the committee on obtaining the services of H. J. Vickers as secretary-treasurer.

From J. S. Taylor, M.P., the band is informed he appreciates their action in appointing him as one of the honorary vice-presidents. He warmly supports such community effort, and has sent a cheque towards the band fund to purchase instruments.

James Greig, mayor-elect, considers it a movement that deserves the support of all who have an interest in the community.

David Ford also appreciates being appointed a honorary vice-president and asserts he will do all he can to further the movement in the community.

The appeal as sent out in the circular reads: "Talent is available, but instruments are scarce." Instruments, music stands and money are needed. Experienced bandsmen or prospective bandsmen are invited to join up. Parents are asked to allow juniors to join while there are vacancies.

A meeting will be held during the last week of January to which major organizations will be invited to send an authorized representative with power to act.

The canvass will continue in the district, and by the time the meeting is held a very comprehensive report is expected to be available.

DR. F. B. WHITING DIES IN SEATTLE

Associated Press

Seattle, Jan. 16.—Dr. Fenton B. Whiting, sixty-seven, Seattle surgeon, author and veteran of the Alaska gold rush, died at his Richmond Beach home yesterday of a cerebral ailment.

Born in Quincy, Calif., the son of a plainsman of the '52 migration of the Patterson rangers of Virginia, Dr. Whiting attended a pioneer reunion in Quincy in 1935 and played the trombone as he did when a boy in the mining town.

He wrote the highlights of his ten years in Alaska, with reminiscences of "Soapy" Smith and other characters in a book, "Grit, Grief and Gold." He was a collector of Alaska goldrush mementoes.

His wife, Helen, died in 1927.

Vancouver, Jan. 16 (Canadian Press).—Margaret Noble appeared in court here yesterday and was sentenced to one year in jail on being convicted of a charge of obtaining money by passing worthless cheques. Evidence was given showing she had served a sentence in the Kingston penitentiary on a similar conviction.

Gets Nine Out Of Eight!

Declarer Grants Defence First Trick in Long Suit to Establish Extra One Needed for Contract

By WM. E. McKENNEY

A lot of bridge players this year are going to become acquainted with that big broad smile of Mrs. Albert Rockwell, of Warren, Pa., newly elected president of the women's auxiliary of the American Bridge League.

Last year, as vice-president, she made a trip to California to become acquainted with the members of the league's Pacific coast division. This year she will be attending all major tournaments in the country.

Mrs. Rockwell's motto is, "When you have a job, do it." Take, for example the hand she gives to-day. Her contract in the south was three no trump.

As she explained the hand, it is easy to see that the first heart lead must be won with the king.

Many players now would make the mistake of hoping that the diamonds would break, but Mrs. Rockwell stopped and took inventory first. She had one spade, one heart, three diamond, and three club tricks—only eight.

Her contract was for nine tricks. Therefore, she decided that she must win at least four diamond tricks. As this was her job, she planned the hand accordingly.

After the opening heart lead was won with the king, Mrs. Rockwell led the four of diamonds and when West played low, she played low from dummy, permitting East to win the trick.

Now, regardless of what East returned, declarer was bound to make at least no trump.

ALBANIA TROUBLED

Vienna, Jan. 16.—Dispatches from Tirana yesterday evening said that a session of the Albanian Parliament broke up in fist fights because of a disagreement over the internal policies of Premier Mehdi Frasheri. The capital was reported to be greatly excited.

STILL SAYING "NO"

Baldwin, Kas., Jan. 16 (Associated Press).—Baldwin bachelors observed "memorial services" for erstwhile members of their club who have "departed this life of single blessedness" since 1932. They said they thought it would help them to say "no" in 1936.

HITLER DOES NOT NEED OPERATION

Canadian Press from Havas

Berlin, Jan. 16.—An operation will be unnecessary for Chancellor Hitler, Professor Arnold von Eicken, noted laryngologist, who last year removed a tumor from the Fuehrer's throat, said yesterday evening.

Reports abroad that a foreign specialist would be called to perform an immediate and serious operation were obviously groundless as the Chancellor has the best of health and a perfectly clear voice, he asserted.

The operation performed last year by Professor von Eicken was for removal of what was technically described as a "polypus (tumor) of the vocal cord."

MUSIC COMES FROM GAS STOVE

Canadian Press

Edmonton, Jan. 16.—Music from a gas stove in the home of Mr. and Mrs. Louis Derval of Edmonton has the couple wondering. Twice in the last two weeks they have been surprised by music from the stove. On the second occasion it started faintly but gradually became louder. After a few minutes it died away.

"Courtesy" Bandits Secure $10 Loot

Canadian Press

Vancouver, Jan. 16.—Vancouver's "courtesy" bandits were active again yesterday evening.

Entering an East Georgia Street confectionery store with levelled guns, the pair told the Japanese proprietor they were "sorry to do this" as they scooped $10 from the till and then fled.

TYPIST FINDS WORK EASIER NOW

After all, typing all day is hard work, but here's one young lady who claims she doesn't mind it at all when she feels well. She says:

"It's surprising how much easier work is when one is well. Typing began to be a real burden to me a little while ago. My nerves got jumpy. I had headaches now and then and didn't care much for food. But one day I read an ad about Eno's "Fruit Salt" that seemed to describe my condition so I got a bottle of Eno and began taking it. I felt better within 24 hours and inside of a week I was my old self again. Work never bothers me now. Truly, I really like it, now that I'm so well. I'd as soon go without breakfast any day as without my bubbling glass of Eno's "Fruit Salt" first thing every morning. It's so refreshing to the throat and stomach. It keeps me regular and makes me feel good all over."

Eno's "Fruit Salt" is 100% an alkaline—helps to neutralize acids in foods. Eno clears the intestines of poisonous waste—refreshes—re-vitalizes—normalizes. Be vital!—take Eno every day. There isn't an atom of harshness or harm in a whole carload. Handy size 50c. Household size 85c.

Royal Bank of Canada in Strong Position

Morris W. Wilson, President and Managing Director, Points Out That Canadian People Have Faced and He Firmly Believes Have Conquered the Depression—Indications Show That Upward Trend in Business Is Definitely Established—Reviews Distinct Gains in Business and Industry—Predicts Expansion in Mining and Foreign Trade

Sydney G. Dobson, General Manager, Reviews Strong Statement—Reports Increase of Over $50,000,000 in Deposits—Banks Eager to Increase Loans When Such Can Be Made With Safety—Looks Forward to Continued Improvement In Business

Basis for optimism for the immediate future is to be found in the accomplishments of the past two years, stated Mr. Morris W. Wilson, President and Managing Director, in the course of his address at the 67th Annual Meeting of The Royal Bank of Canada.

"In every province of Canada," said Mr. Wilson, "the improvement in conditions has reduced unemployment and created increased purchasing power. To the farmers of the west, there is an almost immeasurable difference between a price of 40c and 90c for wheat and there is every prospect that by the end of the crop year, the carryover will be materially reduced. In the cities, the burdens and distress due to unemployment have been reduced by an expansion in all lines of manufacturing. In fact, in recent months the volume of manufacturing has exceeded that in the normal base year 1926."

Marked expansion in the automobile and allied industries, the chemical industry, in the demand for textiles and boots, were also noted by Mr. Wilson, who remarked that the sustained activity in the mining industry during the depression and its expansion in 1934-1935 have been outstanding elements in Canadian recovery.

Mining

"The payrolls of that industry," said Mr. Wilson, "provided generous wages at a time when many of those employed in other industries were out of work. Without the expenditures of the mining industry for supplies, machinery and other items, the depression in Canada would have been much more severe. In spite of low prices and the low level of demand for building materials, the total volume of mineral production in 1935 again amounted to more than $300,000,000. The volume of gold production attained a new high record of $115,000,000. I am of the opinion that the great period in Canadian mineral production is in the future."

Unemployment

"While employment has shown some improvement during the past year, unemployment is still a major problem. Relief expenditures constitute a threatening drain upon the resources of many local communities. While recognizing fully our social obligations, I fear that these expenditures have not always been made with due regard to the public interest. The promised survey by the Dominion Government is awaited with great interest."

Sanctity of Contracts

Referring to the repudiation last year by one of the Provinces of important long-term power contracts, Mr. Wilson said: "The alleged ground was that of illegality, but it is noteworthy that disregarding all ordinary canons of British justice, the aggrieved investors have been denied access to the courts to press their claims. Moral consideration aside—and these are not to be lightly disregarded—the policy of repudiating contracts that may have become burdensome because of changed conditions strikes at the very root of our social and economic life. Stated in its lowest terms, moreover, repudiation does not pay. In the past we have made heavy sacrifices to build up and maintain our credit abroad. Unless some means can be found to remove the stain, this incident will be a permanent blot upon the fair name of our country.

Provincial Finances

"The financial position of some of our provinces has been the subject of frequent discussions during recent months. Economic conditions in Western Canada, and abnormally heavy expenditures for relief resulting therefrom, have necessitated large advances from the Dominion Government. It was inevitable that sooner or later the question of control by the Federal Government over the finances of these provinces should be brought up, particularly in vie of suggestions put forward that the Federal Government, by lending its credit, should assist in a general refunding of provincial debts so as to reduce the interest charge and thereby assist in balancing the budgets of these provinces. Such assistance by the Federal Government could only be justified if there were set up effective safeguards against excessive borrowings by provinces in the future, a matter that would seem to involve an amendment to our constitution. With due safeguards, however, I believe that some such plan would merit and receive the support of public opinion in Canada.

Foreign Trade

"Seven-eights of our total foreign trade in the past three years has been with the British Empire and the United States. The present upturn in business activity is associated with a rising demand for Canadian goods in Empire markets and in the markets of the United States. In the twelve months ending in November, 1935, Canadian exports to the Empire exceeded those of the same months of the previous two years by $25 million and $108 million respectively. Exports to the United States showed corresponding gains of $54 million and $100 million. Figures show that as yet Canada is not benefiting by any gains in general world buying power, but rather from the recovery which is under way in Great Britain and the United States. It would seem that Canada is indeed fortunate to have secured favorable trade agreements with her two best customers. While the agreement with the United States has been in effect but a few days, in view of the gain of $100 million over the past two years, optimism as to further gains in exports to the United States during 1936 is justified.

Summary

"I would not feel justified in closing my remarks without emphasizing that many serious problems still confront us.

"But neither can I close on a pessimistic note. The Canadian people have faced—and I sincerely believe have conquered—the depression. At this stage we must not listen to the faint-hearted who have become frightened or discouraged by the trials of recent years. Those who now urge default, repudiation or compromise as a solution of our financial problem are false prophets who have not correctly read the signs of the times. The Canadian people are made of sterner stuff.

"The upward trend in business would now seem to be definitely established. In fact, I believe we may look forward to the coming year with a greater optimism than has been possible at any time in the past six years."

General Manager's Address

Mr. S. G. Dobson, General Manager, referred to the financial statement, as follows:

"The Sixty-sixth Annual Report and Balance Sheet reflect continuance of the upturn of business which began in 1933, and which has progressed almost without interruption since that time. Totals under practically all headings are again higher, indicating the steady and continuous growth of the bank.

"A year ago we reported an increase of $50,000,000 in deposits. This year we are able to report a further increase of over $50,000,000, or a total of over $100,000,000 in two years—an impressive amount. Deposits in Canada again increased in all provinces, savings deposits being up over $11,000,000.

"Because of the continued lack of demand for commercial loans, the main outlet for investment of the additional deposits has been the purchase of Government and Municipal securities. As a consequence, assets under these headings have increased by $63,000,0000 to $196,000,000.

Assets Up $42,000,000

"Total assets during the year increased $42,000,000, and are now $800,919,700, the highest point reached since 1931. Quick assets stand at $423,673,881, or 58.72% of total liabilities to the public.

"Call Loans in Canada increased $2,898,034, while Call Loans outside of Canada decreased $10,690,196.

"Current Loans in Canada have increased by $300,000 and similar advances abroad by $2,573,809. While there has been a considerable improvement in business conditions, so far recovery has not increased appreciably the demand for bank accommodation.

"Our senior Executive organization was recently enlarged by the appointment of three Assistant General Managers, namely, Burnham L. Mitchell, James Muir and Harold G. Hesler. Mr. Mitchell will continue to supervise Ontario business with headquarters in Toronto, and Mr. Muir and Mr. Hesler will, as heretofore, be attached to Head Office. All three are highly trained bankers of wide experience, who have spent their business lifetime in the service of the bank.

"At the last annual meeting, I ventured the opinion that we had every justification for looking forward to improved conditions during 1935. This expectation has been realized perhaps to an even greater extent than we had hoped for at that time. The outlook is still favorable and, as I see it, there is no reason why we should not enter 1936 with a feeling of optimism."

Retired Business Man Tells why he's Young at 80

Thanks Fellows' Syrup and the Country Doctor

William Allen*, despite his 80 years, radiates health and energy. Sickly as a youngster, he tells that his mother gave him Fellows' Syrup on the doctor's orders, and how this grand old tonic laid the foundation of his robust health.

"When I moved to the city," he said, "Fellows' was my 'standby'. Many's the time I recommended it to my friends when they needed a tonic. When my daughter Mary was seventeen she had nervous debility and the doctor prescribed 'Fellows'. It restored her strength and she gives this same tonic to her own children today."

(*The name is fictitious but the story is authentic.)

FELLOWS' SYRUP—the 'standby' tonic since pioneer days

Originated by a Canadian chemist more than 60 years ago, 'Fellows' contains the vital mineral elements necessary to restore strength to weakened systems. Medical men in 52 countries recognize its value: prescribe it for

Nervous Trouble. The Calcium, Iron, Phosphorus and other minerals in 'Fellows' *nourish* 'ragged' nerves and *restore* health and energy.

Delicate Children. 'Fellows' supplies an abundance of the minerals young systems *need* to promote the growth of sturdy bone and muscle.

Slow Convalescence. When sickness saps your vitality and the way back to health is slow, Fellows' Syrup will *renew* your strength and lead you to robust health.

Get the Genuine "Fellows"

Only "FELLOWS" can give you the full benefits of this grand 60 year old tonic. 32

CHAPTER XXXIII

Larry Glenn sat on a table in the Division of Investigation office and looked down at the shyster medico, Doc Jeckers. Jeckers cowered in his chair, the defiance that had marked his demeanor earlier that day completely vanished; instead he cringed and was humble, and his hands kept twisting and rubbing each other as if he had no control over them.

"You'll let me have that box—after?" he begged.

Larry nodded. "Just as soon as you've told me what I want to know."

Jeckers made a violent effort and regained a semblance of self-control.

"Just what do you want to know?" he asked.

"I want to know about this man you treated for a gunshot wound First of all, when was it?"

"It was—let's see—four days ago. This's Thursday, isn't it? This was late Sunday night. About midnight, or such a matter."

"Tell me about it. Everything."

The little man darted a longing glance at the pill box in Larry's hand, moistened his lips, and began:

"I got a ring there in my place," he said. "A man I'd—treated before. He gave me a—name that we'd used before, so I knew it was him. He said to come right out to a North Side apartment to take care of a man who'd got hurt. He gave me the address."

"What was that address?"

"Apartment 23, in the Ranelegh apartment building, out on the drive."

"Go ahead."

"I called a cab and hurried out. I got there in about half an hour and buzzed the buzzer and went right up. There were four men there. One of them had been shot through the shoulder. He—"

"Just a minute. Who were the men?"

"I didn't recognize any of them. I'd never—"

"Who were the men?"

"I'm telling you—"

"Come off it," said Larry roughly. He got up and slipped the box back into his pocket. "If you're not going to come clean—"

"So help me," said Jeckers, desperately, "I don't know who they were. I knew this one guy—that is, I'd seen him before—but I never knew his real name. All I knew was they called him Wingy."

"And you didn't even have a notion who he was, or who any of the others were?"

* * *

Larry towered over him, looking down menacingly. Jeckers looked wildly about him, as if seeking a way to escape, and met only the stony gazes of the other agents. "How about it—quick?" rapped Larry.

"Well, I might've had a hunch—" said Jeckers nervously.

"What was that hunch?"

"I might've figured—" Jeckers twisted his hands in agony of apprehension. "I mean—one man was big and red-haired. I figured he looked like Red Jackson—I mean, like the pictures I've seen in the papers, and so—"

"All right. We'll let it go at that. How about the man who was shot?"

"He was tall and light-haired, and tanned," said Doc Jeckers, obviously relieved to be through with the painful business of identifying the nation's most badly-wanted criminal, who was notorious for the punishment he meted out to people so reckless as to give the authorities information about him. "Youngish chap, looked like he might've been a cowboy or something. He'd been shot—"

He lapsed into medical jargon to describe the wound; the gist of it was that although the man had been seriously weakened by loss of blood the wound had not been infected, no bones or vital organs had been hit, and recovery should be relatively speedy. He had bathed and dressed the wound, administered a shot of antitetanus serum, and then taken his departure.

He added that he had inquired if he should return to look at the wound the next day. The red-haired man, he said, had countered by asking if the wounded man could endure an auto trip; and on being told that he could endure it, although it would not be very good for him, the red-headed man had said that they probably would not be in Chicago twenty-four hours hence. Then the doctor had gone back to his home.

A few more questions satisfied Larry that there was no more useful information to be had from Doc Jeckers. He tossed the little pill box in the man's lap with a contemptuous "Here you are, then," and withdrew to Matthew's office, while Matthews arranged for Jeckers's transfer to jail.

"We're still about two jumps behind them," said Larry, as the five agents sped along the drive in their car ten minutes later. "Maybe we'll learn something, though."

* * *

They reached the Ranelagh apartments—a big square building of yellow brick, looking like a thousand other city apartment houses all over the land. Larry rang for the janitor. They displayed their credentials, and the janitor informed them that suite 23 had been engaged by two men some months ago. The men had been out more than they had been in, it seemed; whole weeks would pass during which they never came near the place. Sunday evening, however, they had arrived and taken possession—apparently accompanied by two other men — and twenty-four hours later they had disappeared again. As far as the janitor knew, they had not since returned.

Somewhat unwillingly, the janitor led them up to the apartment and opened the door with his pass key. The agents found themselves in a perfectly ordinary six-room furnished apartment, and they immediately set to work to search it from one end to the other.

The men who had occupied the place had done little or nothing, evidently, to soften the bleakness of the ordinary suite of this kind. They had added no furniture, no decorations of any kind; aside from a vague untidiness, there was nothing to indicate that anyone had ever occupied the place. There were a few tins of food in the cupboard in the kitchen; the beds were rumpled, and two plush cushions on the living-room couch were mussed, while a blanket lay over the back of the couch, as if someone had bedded himself there for a night.

Several empty bottles stood on a living-room table, and a few glasses with stale highball dregs in them. Ashtrays were filled with cigarette butts. Soiled towels hung on the racks in the bathroom; there were a few unwashed plates on the dining-room table; a few newspapers had been dropped on the floor here and there, and a detective story magazine lay in a corner of the living-room.

Peters and LaRocco were busy with their fingerprint apparatus, collecting prints from the glasses and bottles. Gunderson was methodically going through drawers and cupboards and finding nothing worth a second glance. Matthews was busy in the kitchen. Larry Glenn stood in the living-room, looking slowly about him for some clue, however slight, that would shed some light on the sudden move the occupants of the apartment had made.

(To Be Continued)

Your Baby and Mine

By MYRTLE MEYER ELDRED

It is well to recognize, in deciding whether children shall eat at the family table or by themselves, that there are benefits to be derived from both practices.

If the child eats with the family, he should learn to wait until served, eat what is put before him without comment, and join in—but not monopolize—the conversation. There is no reason why a child who shows himself old enough for these restraints should not be allowed at the table.

TO THE KITCHEN

But the child who, as soon as he is seated, begins drumming on the table demanding that his wants be given immediate attention, still belongs in the nursery or the kitchen.

The child who uses her parents' concern at her finickiness or lack of appetite to win rewards and privileges she does not deserve, has need for complete parental indifference, an indifference which cannot be achieved if she sits with them at the family table.

NO APPETITE?

Our leaflet, "Psychological and Physical Reasons for Appetitelessness," may indicate the real cause of her failure to eat. It may be had for a self-addressed and three-cent stamped envelope sent to Myrtle Meyer Eldred of the "Your Baby and Mine" department of this newspaper.

The child who sits spellbound, so intent on family conversation as to be unable to masticate, is better off where quiet reigns and her whole attention can be devoted to her meal

SAVE THE CRITICISM

The child who has not learned adeptness in handling food utensils, who still uses more able fingers to bring food from plate to mouth, should dine in the kitchen with oilcloth bib and oilcloth floor protector while learning the excellent habit of eating heartily without the discouragement of adult criticism.

To-morrow: Mrs. Eldred Tells How to Remove Fish Oil Stains from Baby's Clothing.

NEW BROWNING LETTER ON AIR

Important Manuscript to Be Read For First Time Over CBS To-morrow

Excerpts from a newly-discovered manuscript sent by Miss Elizabeth Barrett to Robert Browning will be revealed to the world for the first time by Dr. Frederich Palmer Jr., professor of physics at Haverford College, to-morrow from 12.45 to 1 p.m., P.S.T., over the Columbia network. The programme will originate from station WCAU in Philadelphia, and will be broadcast to foreign listeners over short-wave stations W2XE, New York, and W3XAU, Philadelphia.

The manuscript is a long and important letter of criticism written by Miss Barrett to her future husband. In August of 1845 Browning gave her proofs of a number of his poems which he hoped to publish later that year. Miss Barrett wrote a criticism of each of these works, but the one of the "Flight of the Duchess" became hidden in a mass of other letters and was not discovered until recently.

Dr. Palmer, who owns this valuable collection of original Barrett-Browning manuscripts, will give a brief history of the notes on the "Flight of the Duchess," and will tell of the series of accidents which caused this unique document to be kept secret for ninety years until it finally came into his possession. Due to the length of the manuscript he will be able to reveal only a portion of its contents during the broadcast.

Stations will include KOL, KVI and KSL.

The Truth About Diet

By DR. MORRIS FISHBEIN

The world has become vitamin-conscious.

Twenty-five years ago nobody knew what a vitamin was. To-day hardly a single food substance is sold without reference to its vitamin content, and everyone feels he ought to have the right vitamins in the right amounts in his daily food.

Dr. M. Fishbein

Strangely, our knowledge of vitamins has developed by realizing what happens when they are absent.

Complete deficiency of any one of the vitamins will inevitably result in appearance of disease and in degeneration of the tissues.

Partial absence of a vitamin will result in symptoms which indicate the beginnings of serious changes.

The vitamins differ one from another in relationship to their preservation, their effects on the body, the rate of their deterioration, and similar factors. Just because one vitamin is deficient, you need not try to take all of them in excess.

Yet many promoters are combining the vitamins into tablets, capsules, and similar preparations, and urging the sale of these products as "cure-alls" for disease.

* * *

The sale of vitamins for any purpose which they cannot possibly accomplish is unwarranted.

If you are eating a well-balanced diet with plenty of the essential food substances that I have mentioned in this series of articles, you need not spend extra money to buy vitamin concentrates or extracts in pure forms, unless your doctor recommends them

It is a great mistake to regard all the vitamins as similar substances. Each has to be considered on its own merits.

They differ from one another chemically. One vitamin cannot take the place of another. Two vitamins combined cannot take the place of a third.

* * *

Absence of one or several of the vitamins may, however, so weaken the tissues of the human body that they become susceptible to infection in a way in which they would not be susceptible if the diet were adequate.

In other words, absence of a single vitamin leads to certain definite disturbances which indicate that shortage. Absence of one or several vitamins leads to weaknesses and changes in the tissues which make them incapable of growth and health.

In this series of articles the vitamins are considered primarily as food substances. However, doctors use them in concentrated form for the treatment of various kinds of disease. Such usage is distinct from the eating of foods for health and growth.

TO-DAY'S HEALTH QUESTION

Q.—I have recently heard that lettuce remains in the stomach from two to three days before it is digested. Is this statement true? What is the value of lettuce in the diet?

A.—Lettuce is quite as digestible as other leafy vegetables and does not remain in the stomach for an excessive length of time. Like other similar vegetables, it furnishes valuable vitamins.

An English maker of hand weapons, in the 16th century, produced a combination weapon consisting of pistol, dagger and brass knuckles.

LEIPZIG SYMPHONY IN NBC BROADCAST

The Leipzig Symphony Orchestra will be heard in a half-hour concert from Germany beginning at 12.30 p.m. to-morrow over the NBC blue network, including station KJR, Seattle. Hans Weisbach, famous German conductor, will direct the orchestra in "The Flute of Sansouci," by Paul Graener. Professor Gunter Ramin, noted organist, will be featured as soloist in Handel's tenth concerto for organ and orchestra.

Twins Are Born Two Weeks Apart

Polkton, N.C., Jan. 16.—Dr. J. M. Boyce to-day reported the birth of two children two weeks apart to Mrs Clyde Sikes, farm woman of Burnsville township in Anson County.

On December 29, Dr. Boyce said, he was called to the Sikes home and delivered a pound and a half boy who lived only fifty-five hours.

Then, on January 11, the second child was born, a two-pound girl.

The physician said both mother and daughter were doing as well as could be expected, adding the births were premature.

STRAWBERRY VALE

A bridge party was held in the Institute Hall, Wilkinson Road, on Monday evening under the auspices of the Strawberry Vale Women's Institute. Five tables of cards were in play, and this function was under the convenership of Mrs. G. Austin, who was assisted by Mrs. F. Girton and Mrs. J. S. Humphries. First prizes were awarded to Mrs. F. Girton and A. Longland; consolation prizes going to Mrs. H. Harrison and Gordon Girton. Arrangements were made for the next bridge party to be held at the hall on Monday evening, February 27.

Onwego Young People's Society held its weekly meeting in the Sunday school room of the Wilkinson Road United Church Tuesday evening with Miss Helen Ritz in the chair. Arrangements were completed for a Scotch evening next Tuesday in co-operation with the women's auxiliary. There will be a musical programme, and Rev. William Allan will speak on "The Life and Works of Robert Burns." The remainder of the evening was given over to the discussion of interesting and educational items taken from The Times. This discussion was led by Miss Helen Ritz and Gordon Ritz.

Saanichton

Saanichton Pioneer Society held another monthly social gathering in the Pioneer Log Cabin on Monday, when the families of W. S. Butler and G. Butler, Keating Crossroad, were hosts for the evening.

The guests were welcomed by the president, G. T. Michell.

An excellent entertainment was given by the Butler families, the programme being as follows: Duet, Misses Rosalie Butler and Dorothy Butler; "Reminiscences of Early Days," C. Butler and W. S. Butler; accordion solo, Claude Butler Jr.; recitation, Buddy Butler; minstrel show, members of the Butler families. Old-time dancing brought an enjoyable evening to a close, Butler's orchestra supplying the music.

The bachelor "old-timers" will be hosts at the next social gathering in February.

An invitation from the Victoria Historical Society for the Pioneer Society to attend a social gathering in Victoria on January 31 was accepted. The Pioneer Society will provide half the programme. To complete arrangements a meeting will be held in the Log Cabin on Monday evening, January 20.

UNCLE WIGGILY'S FOOTBALL

By HOWARD R. GARIS

Once upon a time, when Uncle Wiggily was out hopping with Baby Bunty, the orphan rabbit, they stopped near a barn. All of a sudden Baby Bunty pointed to something large and round up near the roof of the barn, under the edge of the eaves. The eaves, you know, are a sort of little shed on the edge of the roof so the rain won't drip down on the side. Houses have eaves, also.

"Look, Unkie Wig," said Baby Bunty, pointing at the round thing under the eaves. "Some of the boys have kicked their football up there under the edge of the barn roof and it's stuck. Wouldn't it be nice of we could get their football down for them?"

"That isn't a football, Bunty," said Mr. Longears, stamping his paws to warm them. For the day was cold and he and Bunty were standing in the snow.

"If it isn't a football, what is it?" asked the orphan rabbit child.

"Take another look and perhaps you can tell for yourself what it is," said Mr. Longears. "In the first place, though it is shaped somewhat like a football is isn't a football color, is it, Bunty?"

DIFFERENT COLOR

"No," answered the orphan rabbit, "it isn't. That thing under the edge of the barn roof is colored grey. A football is brown."

"Right!" said Uncle Wiggily. Then, all of a sudden, Bunty cried out eagerly:

"Oh, now I know. It's a stinging hornets' nest. Hornets are like honey bees, only worse. They make a nest with a lot of little holes in where they live and where they store their honey and their nest is big and round, just like that."

"Right!" said Uncle Wiggily again. "That is a nest of hornets up under the eaves of the barn. The nest is made of a sort of wax, like the honeycomb of bees, and we had better keep away from that nest, Bunty. If we touched it the hornets would come out and sting us."

"I'm not going to touch it," said the orphan rabbit. "But this is winter. Would hornets come out of their football nest and sting us in such cold weather?"

"They might," said Uncle Wiggily. "Though hornets, like bees, sleep most of the winter, not coming out of their nest.

"Well, I'm not going to kick what I if they were bothered enough they might come out. If, for instance, we tried to knock down that football nest, some of the hornets might wake up and sting us, cold as they are. Up under the eaves, as it is and in the bright sun, the hornets' nest is warmer than you think."

"I thought was a football," laughed Bunty. "Come on, Uncle Wiggily, let's go look for an adventure."

"You don't need to go any farther to look for an adventure," said a sudden mewing voice. "There's an adventure right here. I'm it!"

Uncle Wiggily and Bunty turned to see the Bob Cat twiddling his whiskers at them. He was smiling all over his face.

"Come along to my den!" he mewed.

Baby Bunty was ready to cry, but Uncle Wiggily thought of a trick to play. So he said to the Bob Cat:

"Before you take us to your den will you please climb up by your claws to the roof of the barn and get that football for me?"

"Surely, I'll do that," said the silly Bob Cat. So, not knowing it was a hornets' nest, up he climbed. But when he tried to claw the nest down the hornets awoke from their winter sleep. Out they flew and they stung the Bob Cat so hard on his nose that he slipped and fell and bumped himself all over. Then Baby Bunty laughed and she and Mr. Longears hopped safely home.

And if you see the airplane turn upside down so its wheels can look at the sky, I'll tell you next about Uncle Wiggily and the three holes.

(Copyright, 1936, by H. R. Garis)

CONVENING "FESTIVAL OF ART"

Mrs. W. Curtis Sampson, who is directing the Festival of Art, which the Gonzales Chapter I.O.D.E. will stage at the Empire Theatre tomorrow and Saturday evenings. Reproductions of some of the world's greatest masterpieces will be interspersed with musical selections and appropriate dances, also a one-act play.

-- PERSONAL --

Mr. W. B. Lanigan, the Uplands, is spending a few days in Vancouver.

* * *

Mrs. W. G. Crawley of Saskatoon is spending the winter months in Victoria, and is a resident at the Marine Chalet, Oak Bay.

* * *

Rev. Dr. Sipprell, who is spending the winter in California, is at present visiting in Pasadena with his sister, Mrs. C. A. Holderness.

* * *

Mrs. T. Mitchell left on the afternoon boat for California on a visit to her father, Sir John Barrett, in San Diego.

* * *

Mrs. H. G. Lawson, Foul Bay Road, who went to Toronto to spend Christmay with her two sons, will return on Saturday of this week to her home in Oak Bay.

* * *

Mr. and Mrs. H. W. B. Stewart, Gorge Road, have as their guest Mr. Stavert's sister, Mrs. Allan Hudson of Cambridge, Massachusetts, who is spending the winter in Victoria.

* * *

Mrs. H. R. Hammond, who has been residing at the Harrogate Apartments, has taken up her residence at the Beach Hotel, Oak Bay. Her son-in-law and daughter, Mr. and Mrs. John Rockingham, who returned to-day from their honeymoon trip, will make their home in the Harrogate Apartments for the present.

* * *

Mrs. Otto Weller, who returned to Victoria recently after an extended absence in England, will be the soloist at the Empress Hotel on Saturday afternoon during the tea hour. Mrs. Weller was a well-known member of the local musical coterie before her departure several years ago, and her many friends are looking forward with pleasurable anticipation to hearing her sing again.

* * *

A very enjoyable party was held Tuesday evening at the home of Mr. and Mrs. W. Miles, 2226 Shakespeare Street, the occasion being the twenty-first birthday of their son, William. The evening was spent in games, music and dancing, after which dainty refreshments were served. The invited guests were: Misses Maude Oakman, Evelyn Zala, Gracie Zala, Gladys Lindsay and Opal Abercrombie; Messrs. Victor Zala, Lloyd Baker, Robert Gaetz, Edward Boulden and William Miles.

* * *

Among the guests registered at the Dominion Hotel are: Mr. G. H. Adams, Vancouver; Mr. J. A. Evans, Vancouver; Mr. R. J. Huff, Seattle; Mr. F. Fretwell, Seattle; Mr. L. E. Hed, Seattle; Mrs. K. Dumbleton, Regina; Mrs. O. Brown, Nanaimo; Mrs. C. H. Oakes, Nanaimo; Mrs. J. Oliver, Vancouver; Messrs H. C. Norman and W. J. Sands, Vancouver; Mr. C. W. Pineo, Alberni; Mr. H. T. Langford, Cariboo; Mr. C. Clarke, Vancouver; Mr. and Mrs. E. C. Maynard, city; Mr. and Mrs. L. Francis, Nanaimo; Mr. W. E. Holland, Vancouver.

* * *

A jolly party was held at the home of Mr. and Mrs. R. W. Payne on Saturday. Court whist was enjoyed during the first part of the evening, Douglas Pearson winning first prize, and George Palmer consolation. A buffet supper was served, followed by dancing. The guests were: Misses Dot Holmes, Margaret Reid, Edna Watkiss, Eveline Burdett, Peggy Sedgman, Marjorie and Dorothy Payne; Messrs Eric Schultz, Bob Randall, Peter Davey, Fred Switzer, Douglas Pearson, George Palmer, Keith Sedgman, Hugh Reid, Ross and Gordon Payne.

Mrs. Alex J. Fraser entertained with bridge this afternoon at her home on Joan Crescent.

* * *

Mrs. L. M. Johnston of Lethbridge, Alberta, is spending a week in Victoria as the guest of Mr. and Mrs. G. H. Harman, "Hadleigh," the Uplands.

* * *

New arrivals at the Empress Hotel yesterday included: Mr. J. R. Tuckers, Baltimore, Md.; Mrs. W. Ward, Seattle; Mr. A. Huddell, Vancouver; Mr. and Mrs. G. A. Grant, Vancouver; Mr. E. H. Bayly, Shawnigan Lake; Mr. H. C. Parrish, Vancouver; Mr. R. Garrord, Winnipeg; Mr. A. L. Crease, New Westminster; Mr. W. R. Slogan, Mr. A. A. Fairnie, Mr. A. R. Wickson, Vancouver; Mr. R. T. Mushet, Toronto; Mr. and Mrs. A. E. MacMillan, Regina; Mr. Harold Darling, Mr. E. McDermott, Vancouver; Mr. A. C. Duncan, Portland; Mr. S. J. Hatchett, Mr. R. M. Gardner, Mr W. Chatwin, Mr. A. L. Browley, Mr J. G. MacDonald, Vancouver; Mr. A. E. Burns, Winnipeg, Mrs. Kendrick, Vancouver

* * *

Fourteen tables were in play at the bridge party held at the home of Mrs. I. G. Trudel, Rupert Street, yesterday evening, in aid of Vernon Villa. Mrs. Blair Reid and Mrs. M. E. O'Neill had charge of the arrangements. Mrs. G. F. Aylward and Miss Mackay presided at the prettily-decorated supper table, with its silver bowl of red carnations and fern, with white tapers in silver candlesticks, the arrangement being in the hospital colors, red and white. Assisting in serving were: the Misses Marie and Roma Trudel and Miss Cecily Gooey. The players included Mr. and Mrs. J. D. Kissinger, Mr. and Mrs. H. F. Warner, Mr. and Mrs. George Brady, Mr. and Mrs. P. L. O'Connell, Mr. and Mrs. W. T. Gagnon, Mr. and Mrs. A. G. Morry, Col. and Mrs. T. B. Monk, Mr. and Mrs. Blair Reid, Mr. and Mrs. Frank Doherty, Mr. and Mrs. E. L. St. Martin, Mr. and Mrs. T. Monahan, Mr. and Mrs. G. E. Hartnell, Dr. and Mrs. J. L. Thompson, Mrs. M. E. O'Neill, Mrs. T. Cannon, Miss K. Scanlan, Mrs. F. T. Porter, Misses Harriet and Emily O'Brien, Miss deTrafford, Mrs. E. Vernon Thomson, Mrs. H. Nesbitt, Miss Mary Hughes, Mrs. M. T. Davie, Mr. K. T. Hughes, Mrs. A. C. Sinclair, Mrs. G. F. Aylward, Miss Agnes Brown, Mrs. A. H. Alexander, Capt. A. M. Boyd, Mrs. C. E. Wilson, Mrs. P. J. Harris, Mrs. H. T. Fairs, Mrs. F. J. McWade, Mrs. J. J. Burns, Miss Irene O'Neill, Misses E. L. and G. Hartnell, Mrs. A. J. Gilbert, Mrs. J. P. Watson, Rev. E. M. Scheelen and Mr. and Mrs W. T. Gagnon. Winners of the various prizes were: Auction, Mrs. T. F. Monahan and Mr. F. I. Doherty; contract, Mrs. George Hartnell and Mr. J. D. Kissinger. Tombola prizes were won by: 11, Miss Cicely Gooey; 23, Mrs. Gilbert; 45, Mrs. A. G. Morry; 53, Miss Hartnell. Mrs. Trudel was assisted in receiving the guests by Miss Katherine MacKay, president of the Ladies' Auxiliary, under whose auspices the affair was held.

WOMEN TO HEAR OF RUSSIAN TRIP

"A Philosophic Vagabond in Russia" is the title of the address to be given before the Women's Canadian Club to-morrow afternoon at the Empress Hotel by Willson Woodside of Toronto. Mrs. F. Grey Aldous will be the soloist, accompanied at the piano by Mrs. C. C. Warn.

W.I. DO MUCH FOR SOLARIUM

Esquimalt Institute Reviews Year's Activities in Good Causes

At the meeting of the Esquimalt Women's Institute Tuesday evening in the Parish Hall, a report of the year's work was submitted by the secretary, Mrs. G. Wise.

The activities showed special attention to the needs of the Queen Alexandra Solarium, for which the members held a toy shower, jam shower and donated 100 pounds of sugar. Gifts were sent at Christmas and Easter to the children adopted by the Institute, and special parcels were made up for four small Doukhobor children who had arrived at the Solarium the day before Christmas, and for whom no special presents would otherwise have been provided. Fifty dollars had been donated to the X-ray fund for this institution. Members had knitted twelve pairs of stockings, pullovers and vests for the children, from wool provided by the Solarium.

A donation had been sent to the Peace Garden.

At Christmas donations of $5 were given to the Esquimalt Friendly Help, the Esquimalt branch Salvation Army, and the Solarium and the Tuberculous Veterans' Association. Five cords of wood and seven hampers had been sent to needy families. A donation had been sent during the year to the Children's Aid Society, and fresh eggs and fruit had been taken to sick members. Linen was supplied for a cot in the Jubilee Hospital.

The members had carried out their custom of presenting a gold medal to the girl earning highest marks in Lampson Street school.

Mrs. Kelly read a satisfactory financial report which showed all dues paid to provincial and federated boards and a donation to the projected provincial conference. A vote of thanks was accorded to the auditors.

Convenors of committees were appointed as follows: Home economics, Mrs. G. Wise; industries, Mrs. A. Saddler; community betterment, Mrs. Allen; agriculture, Mrs. R. Garrett; ways and means, Mrs. N. Kelly, Mrs. Wise, Mrs. Garrett and Mrs. S. Raymond; sick visitors, Mrs. Saddler, Mrs. Kelly; League of Nations, Mrs. J. P. Hicks.

Plans made for the ensuing year include the purchase of a wheel chair for the Solarium.

On Tuesday, January 21, a knitting circle will be held at the home of Mrs. Kelly, Esquimalt Road, to which all who are interested will be welcome.

A card party will be held at the Parish Hall on January 23, at 8 p.m

Weddings

PERRIE—STEWART

A wedding of interest to friends in the interior and on Vancouver Island took place at St. Andrew's Church, Cowichan Station, on Tuesday, January 14, at 1 p.m., when Rev. F. L. Stephenson united in marriage Edith Mary (Mollie), youngest daughter of Mrs. Stewart, Cowichan, and the late Mr. W. F. Stewart, of Lemmington Terrace, Edinburgh, and Glenforsa, Manitoba, and Mr. James McEwen Perrie of Penticton, eldest son of Mr. and Mrs. J. Perrie of Scotland and Montana.

The bride, who was given in marriage by her brother, Mr. A. W. E. Stewart, was smartly gowned in a gold crepe frock, with a brown coat and a brown French model hat to match, and her corsage bouquet was yellow roses, violets and white heather. The bride was attended by her cousin, Miss Frances Dutton, of Vancouver, smartly attired in a nigger brown ensemble, with corsage bouquet of yellow flowers. The groom was supported by the bride's brother-in-law, Mr. F. A. Whitehouse of Vancouver.

A small reception was held at the home of the bride's mother after the ceremony for relatives and immediate friends of the bride. Mr. and Mrs. Perrie left for Vancouver and will make their home in Penticton.

Esquimalt Card Party—A five hundred party will be held on the evening of Monday, January 20, at the church hall of Our Lady Queen of Peace, Esquimalt. All interested friends are asked to attend.

WOMEN'S CLUB BARS KNITTING

Minneapolis, Jan. 16—The women's club, after some debate, reasoned it out like this: Knitting is all right. In fact, it produces lively rhythm and grace." But in the future, when there is a speaker, knitting must be deferred. Members decided it was too harrowing for orators to address themselves to an audience of head tops.

VICTORIAN ORDER BUSY WITH STORK

During December the Victorian Order of Nurses cared for 134 new patients, made 917 visits, of which 637 were free, and thirty-six were to mothers and babies. There were 500 visits of nursing care, 318 instructive visits to postnatals and infants, prenatals, T.B. and child welfare cases.

Donations were gratefully received from the following: Mrs. Miller, Miss Rutherford, Mrs. Boulton, Mrs. McDonald, Mrs. Barton, Francis Crockford, Miss Bingham, Mrs. Cameron, Mrs. F. B Gregory, Mrs. Bremner, Miss Duke, Mrs. Rowley, Mrs. Morkill, Miss Wright, Mrs. Price, Mrs. Warlock, Mrs. Yerburgh, Mrs. Parker, Miss Dawson, Mrs. Izard, Mrs. Boak, Mrs. H. G. Wilson, Mr. Storer Brown, and Mrs. Allan.

EQUAL RIGHTS IN QUEBEC URGED

Canadian Press

Ottawa, Jan. 16.—The modern woman is entitled to higher education and equal rights in society in the opinion of Mrs. P. F. Casgrain, wife of the federal member for Charlevoix-Saguenay. Mrs. Casgrain is one of the foremost advocates of equal rights for women in Quebec province.

Addressing a meeting at Ottawa University she advocated higher salaries for working girls, and asserted low salaries paid men are in many cases partly responsible for taking girls away from their homes into stores and offices. Equal rights for women could be granted without prejudicing family life, Mrs. Casgrain maintained.

Hon. Raymond Brugere, French minister and Madame Brugere, Hon. Ernest Lapointe, Minister of Justice, and Hon. Fernand Rinfret, Secretary of State, attended the meeting.

A mining camp in Chile is said to be the highest habitation in the world. It lies 18,480 feet above sea level.

EX-NOVICE WILL ENTER COLLEGE

Canadian Press

New York, Jan. 15.—Desire for a career caused the recent departure of Natalie Carr from the Quebec convent, to which she fled three years ago, she said to-day in announcing plans to re-enter college next month.

MARSHALL FIELD WEDS DIVORCEE

Associated Pre.

New York, Jan. 16.—Marshall Field, third, forty-three-year-old financier and son of the late Marshall Field of Chicago, and Mrs. Ruth Phipps, twenty-one-year-old divorcee, were married here yesterday.

Mrs. Field's marriage to Ogden Phipps ended in divorce last year in Reno. The financier's marriage to-day was his third, his two previous marriages having ended in divorce.

WRONG FARE IN MUSIC HARMS

Causes of "Musical Indigestion" Analyzed By F. T. C. Wickett

An enrolment of about fifty has already been secured for the proposed "Appreciation Lectures," to be given by Harold Samuel, famous pianist, following the Victoria Musical Festival in April, it was announced by Mrs. Paget Mellor at the monthly business meeting of the Victoria Music Teachers' Association yesterday.

Further information concerning the lectures may be obtained from Mrs. Mellor, McClure Street. The president, Reginald Cox, reminded the members that the next meeting would be the annual one, when reports would be presented and officers elected for the coming year.

After the meeting adjournment was made for luncheon at The Green Lantern, where the members were entertained with an address by Mr. F. T. C. Wickett on "Musical Indigestion." Dividing his subject into four headings, the speaker maintained, first, the excess of musical fare, citing the radio which, while it brings much good music, also brings much that is "indigestible." The second point referred to pianoforte teaching, the speaker reminding his audience that the same musical diet cannot be given to every child alike, as their powers of assimilation differed. The third point dealt with music in the churches, the criticism being made that organists were apt to feed their congregation the same class of fare, month in and month out, thereby producing a nausea. It was wiser to introduce a different composer occasionally, he suggested. In conclusion, Mr. Wickett told something about the work being done by the students at the Normal School, where students are taught musical appreciation and given talks on musical history.

The vote of thanks to Mr. Wickett was moved and seconded by Oliver Stout and Major Crompton, respectively, and the president thanked Mrs. M. McGovern for her part as hostess at the luncheon.

Jordan River

The fortnightly bridge party was held on Thursday evening, January 9, the prizewinners being as follows: Ladies' first, Mrs. E. Lines; second, Mrs. "Bunny" Walker; men's first, A. Cox; second, F. Turcotte.

OLD DUTCH
OFFERS THIS AMAZING VALUE IN
WM. A. ROGERS A1 PLUS SILVERWARE

Start today to build up a complete set . . .

The attractive pattern was specially selected for smartness and style by Katherine Caldwell, nationally known home economist. Simply send us the windmill panels from 3 Old Dutch labels and 50c for each of the offers listed. Order one or as many as you like. This offer, good only in Canada, expires July 31, 1936.

1. Six Teaspoons—value $3.50 per dozen — for 3 windmill panels from Old Dutch labels and . . . . . 50¢
2. One Dinner Knife (Stainless Steel. blade) and Fork—value $16.80 per dozen—for 3 windmill panels from Old Dutch labels and . . . 50¢
3. Three Oval Soup Spoons — value $6.00 per dozen — for 3 windmill panels from Old Dutch labels and . . . . . 50¢
4. Three Salad Forks — value $6.50 per dozen—for 3 windmill panels from Old Dutch labels and . . . 50¢

OLD DUTCH
IS SURFACE SAVING AND IS THEREFORE DOLLAR SAVING

Every day, more and more housewives find by experience that Old Dutch is better . . . is quicker and more efficient . . . does more cleaning per penny of cost.

Old Dutch alone gives such service and satisfaction because it is made with Seismotite (Reg. in Canada), a scratchless cleaning and polishing material scientifically processed and compounded with other valuable ingredients.

MADE IN CANADA

Save time, work and money by using Old Dutch on any surface water will not harm — porcelain, enamel, metals, glassware, painted woodwork and floors, even white canvas shoes. Old Dutch is kind to the hands, leaves no gritty residue and doesn't clog drains. It's the biggest cleaning value you can buy.

JUVENILES HEAR TALK ON HANDEL

The Juvenile Musical Arts Society held its regular monthly meeting Saturday in the Victoria Truth Centre, Julian Kent-Jones presiding.

Rita Neyard, programme convener, announced the following items: "Musical Remarks," by the members; Ronnie MacDonald, reading "The Brass Section of the Orchestra"; Barbara McKenzie, piano solo, "The Dwarf Goes Fishing" (Cumberland); Janet Hobbs, recitations, "Who's Afraid" and "Once There Was a Good Boy"; Annie McLean, piano solo, "Rustic of Spring" (Sinding); Ronnie MacDonald, accordion solo, "La Golondrina"; Isabel Chisholm, piano solo, "Tarentella" (John Thompson); Joyce Bayley, piano solo, "Hungarian Dance" (Engleman).

The guest artist of the afternoon was Mr. Edward Parsons, who gave an interesting talk on the life and works of Geo. Frederick Handel. Two of Handel's songs were delightfully sung by Mrs. E. Parsons.

The afternoon was brought to a close by the serving of refreshments.

FRENCH-GOTHIC STYLE SHOWN

Dr. Kaye Lamb Describes Medieval Cathedral of France in Lecture

The exquisite lines and inspiring beauty of some of the well-known cathedrals of France were described in word and picture by Dr. Kaye Lamb, provincial archivist, in his delightful address on the French-Gothic in cathedral architecture, yesterday evening.

Dr. Lamb was addressing the University Women's Club, and Dr. Olga Jardine presided over the large gathering in the Y.W.C.A.

The lecturer covered the history of French ecclesiastical architecture from about 1160 to 1260, a century during which the style known as French-Gothic reached its apogee in the famous edifice at Rheims, which Dr. Lamb described as a "miracle in stone."

Opening his address with a picture of Notre Dame, Paris, he pointed out its deeply recessed doors and the transition from the round Roman arch to the pointed Gothic, later showing the Cathedral of St. Denis and the edifices at Chartres, Laon, which possessed the first perfect doorway in the French-Gothic style; Amiens, illustrative of the ever-increasing tendency to height, and Beauvais, which had the greatest interior of all the French cathedrals, according to the speaker.

A melancholy interest attached to one of the pictures of Rheims cathedral, taken during the war, and showing it in flames, doing almost irreparable damage to this outstanding example of medieval beauty in architecture.

Dr. Lamb also described the engineering difficulties experienced in the building of these great edifices, showing how the necessity of roofing them in stone had led to the use of devices to counterbalance the strain on the walls. Details of the pillars, flying buttresses and buttresses, windows, delicate stone tracery and statues were shown in the splendid collection of slides which illustrated the absorbingly interesting address.

PETS, LIKE CHILDREN, TAKE LOTS OF CARE

By OLIVE ROBERTS BARTON

To-day I am not writing on children. Let them rest for a while. This is dedicated to my bird who died yesterday.

In the name of my little Dickie who lived for nine years, and sang his own memorial into our hearts, I ask permission to talk about birds and pets in general.

While I believe that pet birds are better taken care of than the average dog or cat, still there are a few things that their owners may not know. Things that will keep them alive and happy, for a tiny creature so susceptible to sickness needs all the care and attention he can possibly have.

In winter cover his cage every night. You can buy a bird-cage cover or make one. A thick piece of cretonne or flannel cut circular and long enough to fall below the bottom will do. At the top cut a small round hole to allow for the brass ring. Make it big enough for him to get air.

MOVE CAGE FROM WINDOWS

Take his cage away from the window, not only at night, but during the day, unless he is in the sun and the room is warm. Even so, be sure the wind is not blowing, because locked windows also admit a thin breeze that may be just the thing to give him cold or pneumonia.

Boil his water and feed cup once in a while. Always keep them clean. Don't forget his gravel for a single day. It is the only way birds can digest food.

Small booklets on care and feeding can be had at most drug stores or pet shops. Diet means so much. Often the foods people give birds, the little tidbits they mean so kindly, are the worst things in the world for them.

My canary was a "chopper," a wild one, born in some far-off mountain region, not as so many are now, in a cage. He wanted to use his wings and he did. He had his "exercises" almost every day. Is your bird a wild one? He will do better for a flight from door-top to door-top once in a while, and will return to his cage to eat.

LET EXPERT CUT TALONS

When talons get too long, and twist so that he has difficulty standing on his bar, don't cut them yourself, but take him to a place where they understand about it. Be sure he has cuttlebone (salt and beak sharpener).

See that he has a bath every day. Tepid but not warm water. Maybe he won't take a bath. All right, then. Don't worry.

As for dogs and cats these days, first of all they need warm, dry places to sleep. Next, they need regular and clean food in clean dishes. Watch that their water pans don't freeze up. When they come in soaking wet, rub them off roughly with a towel and see that they dry thoroughly before a fire. A dog gets flu similar to ours. The big thing is to remember he is there. Don't be so used to looking at him you don't see him. All pets need our care. So do the wild birds that will starve unless we throw out bread and seed to keep them alive.

(Copyright, 1936, NEA Service, Inc.)

CELEBRITIES RETURN FROM EUROPE

Ruth Sienczynski

Douglas Fairbanks

Lupe Velez

William B. Shearer

Mr. and Mrs. Jean Pupuy

Mr. and Mrs. Josef Hofmann

* * *

Even winter storms cannot stop the procession of celebrities going to and from New York. Those pictured here represent the cream of one day's passenger cargoes; Josef Hofmann, noted pianist, and his wife, back from a concert tour; Ruth Sienczynski, ten-year-old piano prodigy, home from nine months abroad; William B. Shearer of Munitions Inquiry fame, brings new data on European armaments; Lupe Velez, headed for Hollywood's klieg lights again; Douglas Fairbanks, landing on the eve of Mary Pickford's receiving final papers divorcing him; Jean Dupuy, Paris newspaper owner, and his wife, the former Dorothy Spreckles, with relatives east and west.

Presbyterian W.M.S. Name And Install New Officers

Mrs. A. A. MacKinnon Succeeds Mrs. W. Saunders As Presbyterial President; Reports Concluded

Mrs. A. A. MacKinnon was unanimously chosen president of the W.M.S. Presbyterial of the Presbyterian Church at the closing session held in St. Andrew's lecture room yesterday afternoon.

Other officers elected were: First vice-president, Mrs. W. L. Clay; second vice-president, Mrs. James Hyde; third vice-president, Mrs. S. Lundie (Sooke); fourth vice president, Mrs. W. Bell (Nanaimo); recording secretary, Mrs. Cotsford; corresponding secretary, Mrs. J. C. Scott; treasurer, Mrs. H. Warren; Young Women's secretary, Miss Ada Moffat; Girls' Work secretary, Miss Frances Lightbody; Mission Band secretary, Mrs. Kennedy; Home Helpers' secretary, Mrs. Ellis; exchange secretary, Mrs. R. A. Brown; library secretary, Mrs. F. R. Moore; literature secretary, Mrs. John Dempsey; welcome and welfare secretary, Mrs. D. Templeton; students' secretary, Mrs. T. H. McAllister; supply secretary, Mrs. W. A. Dempsey; Glad Tidings secretary, Mrs. R. V. Peasland, and press secretary, Mrs. J. P. Dempsey.

Mrs. W. Saunders, the retiring president, warmly thanked all those who had rallied to her support and carried on the work during her absence from the chair through illness. Mrs. A. G. McDonald, who presided at the annual sessions, conducted the impressive installation ceremony.

LACK OF LEADERS

Miss Frances Lightbody, reporting for the girls' organizations, recounted the activities of the five C.G.I.T. groups. Lack of leadership was a difficulty which hampered the growth of this branch, but the intimation that two C.G.I.T. groups were in process of formation at Nanaimo was encouraging, she said.

Other groups of girls attached to the various churches recorded a most encouraging year with varied activities. Two rallies had been held. Reference was also made to the organization of the Presbyterian Sabbath Schools Council.

Mrs. Kennedy, in reporting the work of the Mission Bands, spoke of the progress being made at Port Alberni, where a boys' Mission Band is to be formed. The Chinese, Erskine, Gorge, Knox, Nanaimo, St. Andrew's and St. Paul's bands had all made progress.

GIVINGS INCREASE

A detailed statement of the finances was read by the treasurer, Mrs Lister, and a substantial increase noted. Of the amount given, the auxiliaries had contributed $1,127.63; Mission Bands, $63.61; C.G.I.T., $5.10; young women's auxiliaries, $126.80, and Y.W. Association auxiliaries, $13 making a total of $1,335.14, or an increase over last year of $113.

Mrs. R. A. Brown led the dedicatory prayer.

Encouraging progress in Chinese work was reported by Miss Gertrude Scott. In all departments the work in the Chinese mission had gone on steadily, she noted. She described a typical day in the mission, telling of the kindergarten classes and of the teaching of English to the Chinese women. The study classes, both in Chinese and in English, had been well attended at the mission and Miss Scott and Miss Lee had paid many home visits during the year.

NOMINATING COMMITTEE

Following Mrs. F. R. Moore's report of the nominating committee and the election of officers, the 1936 nominating committee was appointed, the members including Mrs. James Hyde, Mrs. M. Fuller and Mrs. John Dempsey. The devotional exercises were in charge of the Gorge-Erskine W.M.S.

In the departmental reports, Mrs. J. P. Dempsey reported for the press, expressing thanks to the papers for their assistance. Mrs. Cooper, Exchange secretary, reported for this department, and Mrs. T. H. McAllister recorded the activities of the students' department.

Complete Work On Saanich Schools

The Saanich School Board finished last year within the estimates and succeeded in completing much-needed repair work on various municipal schools, according to the financial statement presented yesterday evening.

Expenditures of the trustees during the year totaled $127,013, the report showed. Of this amount $82,500 was received from the school levy and the remainder in government grants.

Among the outstanding expenses were the depositing of $8,000 in the high school sinking fund, $114,171 for general maintenance and $91,658 for salaries. Total cost of the school repairing was $7,000.

Virginia Youth Kills His Father

Associated Press

Rocky Mount, Va., Jan. 16.—Franklin County officers held a twenty-year-old youth in jail to-day as they investigated the third patricide in southwest Virginia in recent months. The prisoner is Russell Boyd, charged with slaying his father, Charles Boyd, fifty-two.

The case was similar to those of Edith Maxwell of Wise and Haugeman Falin of Wildcat Valley. As in those cases, preliminary questioning of Boyd drew the assertion that the man was intoxicated and that the killing was done in self-defence.

Lumber Company Raises Wages

Canadian Press

Duncan, B.C., Jan. 16.—The Hillcrest Lumber Co. Ltd. has given a general wage increase to its 400 employees, C. Stone, president, announced here.

The increase, given on account of prospects of a general improvement in the market during the coming year, was made effective as from January 1.

When he pleaded guilty in Provincial Police Court yesterday to a charge of carrying a .22 rifle without a license, Jack Munn was fined $10 and $2 costs. Arthur Hatcham, who admitted lending Munn his license to shoot with, was allowed to go on suspended sentence.

Japan has 480,000 telephones.

News of Clubwomen

Loyal True Blues — The regular meeting of the Loyal True Blues will be held on Friday at 7.30 o'clock in the Orange Hall, Courtney Street. The third degree and installation of officers will be held. Members are requested to attend.

Weavers' Guild—The W.I. Weavers' Guild will meet this evening at 8 o'clock in the Institute rooms, 635 Fort Street, at 8 o'clock. Dr. W. R. Gunn will be the guest speaker. Interested members of the Institutes, as well as guild members, are cordially invited to attend.

The Knights and Dames of the Thistle held their installation of officers last week as follows: P.D.O.G.C., Dame Reston; K.O.G.C., Knight Noble; K.O.C., Knight Watt; K.O.S., Knight Cameron; D.O.B., Dame Woods; D.O.F. Dame Watt; D.O.T., Dame Reid; D.O.A's, Dames Davey and Gray; D.O.I., Dame McIntyre; K.O.E., Knight Woods; I.O. cer. P.K., Jas. Carmachael; K.O.M., Knight McMillan, official piper, and K.O. Publicity P.K., Wm. Angus. A Scotch dance followed, with over 100 in attendance.

Lodge Enjos Play—Daughters of St. George, Victoria Lodge No. 83, held their regular meeting in the S.O.E Hall Wednesday evening with the worthy president, Mrs. J. Hooper, presiding. The president extended a welcome to the District Deputy Mrs. E. Jane and to a large number of members from Princess Patricia Lodge, No. 238. After a short business session the evening was spent in community singing and dancing. A comic play was given by the amateur club. Those taking part were: Mrs. R. W. Nunn, Mrs. T. A. Penketh, Mrs. A. H. Gaiger, Mrs. L. W. White, Mrs. A. Harris, Mrs. E. Bell, Mrs. T. Muckle, Mrs. J. Porter, Mrs. W. A. Gurney, Mrs. G. Veach, Mrs. A. Hant, Miss E. Reid, Mrs. J. Brien, assisted by Mrs. E. Skelland, and Mrs. W. Adams, served refreshments to the number of eighty-five members of the order.

Centennial W.M.S.—The hospitable home of Mrs. J. W. Saunby was opened to receive the W.M.S. of Centennial Auxiliary for the first meeting of the New Year. A large number of members and several visitors were present, the president, Mrs. Farquhar, in the chair. The meeting was opened with the watchword in unison. This was followed by the singing of a New Year hymn and Mrs. Saunby gave an inspirational Bible reading. Mrs. Crowe led in a prayer of thanksgiving for the successful work of another year and for faith and courage for the work of the new, unfinished items of business and final reports for 1935 were passed, all allocations of money and supplies being fully met—and over. The doxology was thankfully sung. the various secretaries reported. The sick and suffering were sympathetically remembered. Delegates were appointed to the annual Presbyterial meeting to be held in First United Church beginning February 5. All members were urged to attend. Mrs. McKenzie, of California, a former worker in Centennial Church, was warmly welcomed. She gave an interesting address on the work which the Quaker church was doing among the natives of Central America. Mrs. McKenzie was thanked by the president for her address. In closing the members formed hands singing "Blest be the Tie That Binds," members leading in sentence prayers. Benediction was pronounced by Mrs. Saunby. A social half hour was spent, refreshments being served by hostess and helpers.

A.Y.P.A. Produce 1950 Newspaper

Members of St. John's A.Y.P.A. at their meeting Monday edited and produced with optimism and ability The Victoria Chronicle, dated January 13, 1950. Looking at the advertising and social columns, it envisioned the male members as controlling the city's commercial industries and the ladies were replacing the Vanderbilts and Astors.

Prior to the newspaper edition, details regarding the annual banquet were discussed. Canon F. A. P. Chadwick informed the meeting that Hon. G. M. Weir, Minister of Education and Health, had accepted the invitation to be guest speaker. The banquet will be opened by Canon Chadwick, at 7 o'clock, in the Douglas Hotel. Members are asked to be assembled by 6.50 o'clock. Following the dinner, dancing will continue the evening's entertainment. Members requiring tickets may obtain them by phoning E 8628 or from the banquet committee.

On Wednesday, January 22, the St. John's Players will again repeat their performance of "Here Comes Charlie," in the St. John's auditorium. St. Mary's branch are sponsoring the show. A letter was received from St Mary's regarding a future performance.

Mannish Sports Clothes

New sports clothes are rather mannish. Jackets are extremely tailored with notched lapels, slashed pockets and fitted backs. Man tailored shirts to wear under them are set off by bow ties or bright ascots, tucked into the neckline. One especially nice sports suit for football games and fall motoring includes a skirt with pleats fore and aft, a fitted, single-breasted jacket, mannish shirt, bow tie, felt fedora, flat-heeled oxfords and pigskin gloves.

Actress Sues For Loss of Her Dog

Canadian Press

Los Angeles, Jan. 16.—Gertrude Michael of the films wants $5,000 because a street car killed her pet dachshund, "Johannesburg." The actress filed suit yesterday against the Pacific Electric Co. citing loss of affection caused by the dog's death, damages for medical expense and care of the dachshund, and loss of pedigree.

OAKLANDS UNITED Y.P.A.

The members of Oaklands United Young People's Group held an enjoyable supper meeting at the home of Miss Maude Land, Burton Avenue, Saturday evening. Brief impromptu speeches given by each of the members added much merriment to the feast.

Later in the evening the young people retired to the Sunday school room, where a lively programme of games and music was enjoyed.

Those receiving prizes for the contest were: Maude Land, Marjory MacDougall, Kenneth Wellwood, George Stock and Raymond Hunter.

Those present were: Winnie Buchan, Maude Land, Dorothy Cronk, Cora Carter, Fern Deane, Jean Duncan, Audrey Porter, Peggy Day, Marjorie MacDougall, Mable Viggers, Raymond Hunter, Kenneth Wellwood, George Stock and Norman Land.

SALVATION ARMY Y.P.S.

The young people of the Salvation Army Citadel, Broad Street, will be in charge of the public meeting there to-night. Lantern slides will be shown of Japan and mission work in that country. Miss Bazeley, an enthusiastic missionary worker, will explain the pictures shown on the screen. The meeting will commence at 8 o'clock.

Victoria W.I.—The monthly business meeting of the Victoria Women's Institute will be held in the rooms, 635 Port Street, to-morrow afternoon at 2.30 o'clock.

Her hash has such delicious flavor
they clamor for the recipe

TIME and time again she is asked what makes her hash so tasty, so full of flavor? Over and over again she tells her secret — "Add just a dash of Yorkshire Relish."

Just as our grandmothers grew herbs and roots which they used to flavor their cooking, so the modern home manager uses Yorkshire Relish to give mellow tastiness to her dishes. Use it in corned beef hash, meatloaf, stews, soups. It gives a flavor you cannot get with any other sauce.

It takes four years to make a bottle of Yorkshire Relish. Its flavor is matured from 20 carefully selected fruits, vegetables, herbs, spices, essences, measured and blended with test tube accuracy, steeped in cool vats for four years to produce this mellow, piquant flavorsome sauce.

Yorkshire Relish does you good, too. Its aromatic herbs and spices stimulate the gastric juices and help digestion.

Try its taste before you cook

Try this and see how flavorful Yorkshire Relish is. Pour a few drops into a teaspoon, then sip it. What flavor! Hot, yet sweet; no other sauce can impart such delicious flavor to your cooking.

RECIPE for Beef Hash

2 lbs. beef cut small
2 large tablespoons butter
2 cups boiling water
1 cup each diced carrots, potatoes, turnips
1 cup small onions, whole
1½ teaspoons salt
Generous sprinkling of pepper
2 teaspoon Yorkshire Relish
3 tablespoons tapioca

Brown meat in butter; add water, cover, and simmer 2 hours. Add vegetables and seasonings and cook for further 30 minutes, or until tender; add tapioca and bring to a brisk boil, stirring constantly.

The most delicious sauce in the world (2)

Island Civic Voting To-day

Chief Contest at Port Alberni Where Three Aspire to Mayoralty

Voting is taking place to-day in various island municipalities. The election creating most interest appears to be at Port Alberni, where three aspirants to the mayoralty are seeking support of the electors.

The mayoralty candidates at Port Alberni are: W. C. Hamilton, Ernest A. D. Jones and Arthur T. Turner, all being former aldermen. John M. Crossland, John A. Greider, Joseph Humphries and John Woodford are contesting three aldermanic vacancies.

In Alberni, where C. J. Spratt was returned by acclamation for mayor, there are five candidates for aldermanic honors: A. W. Heath, J. W. Pakenham, T. M. Patterson, G. N. Richardson and V. H. F. Tingley.

Two candidates are contesting the mayoralty at Courtenay: Alfred Searle and Milton S. Stephens. For three aldermanic vacancies, Walter Brown, Perry Hansen, John Fraser, R. J. Selfe and Charles Simms, former mayor, are seeking election.

In Nanaimo, where Mayor John Barsby was returned by acclamation for his fifth term of office, the ratepayers are casting their ballots for aldermen and school trustees. William Bray, J. C. Hindmarch, John Hitchen, Peter Inkster, John Kerr, George Moore and Thomas McCourt seek election to three aldermanic seats.

John Barsby, George Addison, William Bray, F. A. Busby, T. McCourt and R. T. Coveney are the school trustee aspirants.

With civic offices at Duncan filled by acclamation, interest centred in the plebiscite on the high school proposed for Duncan.

In Ladysmith, where W. T. Walkem was returned by acclamation as mayor, John D. Giovando and Alfred Dady, retiring aldermen, and William A. Cooil and John W. Atkinson seek election as aldermen.

EARLY PIONEER PASSES AWAY

Mrs. M. J. A. McPhaden, Who Arrived Here in 1858, Dies on Mainland

Canadian Press

New Westminster, B.C., Jan. 16.—British Columbia has lost another of its pioneer woman residents with the death here of Mrs. Mary Jane Augusta McPhaden, eighty-one, who arrived in Victoria in 1858 with her parents, Mr. and Mrs. Eli Harrison.

Mrs. McPhaden was born in San Francisco and moved to Victoria as a child, where she lived until she married Donald McPhaden in 1874. They then went to Kamloops, traveling over the old Cariboo highway in the stage coach driven by the famous Steve Tingley.

In 1880 they returned to Victoria, where they lived for two years before taking permanent residence in New Westminster.

Among Mrs. McPhaden's memories of early days was that of being a guest of Sir James Douglas at his first party aboard the Ss. Beaver.

She is survived by four sons and two daughters. Mrs. A. F. Gillian of Berkeley, Calif., and Mrs. F. Wollaston of Victoria, B.C., are sisters.

Death Penalty For Silver Smugglers

Canadian Press

Canton, China, Jan. 16.—So grave has become the smuggling of silver out of Kwangtung province, that the provincial assembly here has passed a law that all offenders may hereafter be punished by death, if the sum being smuggled is large, while the minimum punishment for trying to smuggle out small amounts of silver has been fixed at fifteen years in prison at hard labor.

CHANNON COLLINGE DIES

New York, Jan. 16 (Canadian Press)—Channon Collinge, composer, conductor and former cartoonist, died yesterday after an operation. He was sixty-one.

Discuss City's Beautification

D. D. McTavish Will Call Special Meeting Next Month to Consider Plans

To discuss a broader programme for the beautification of Victoria, and to appoint a committee to work in active co-operation with parks committee of the City Council and the Victoria and Saanich Parks and Beaches Committee, a special meeting of the Victoria Horticultural Society will be held in the City Hall next month.

Duncan D. McTavish, newly-appointed president of the society, announces to-day his intention of calling this meeting, as well as his reasons for doing so, in an open letter to members of the society.

In explaining his policy, Mr. McTavish says:

"Victoria is endowed with many wonderful park areas, some of which have received little or no attention, and the vast majority of the people do not know of the existence of some of them. Among other things which could be put forward would be to have in Beacon Hill Park a collection of native rock and alpine plants and ferns, for which B.C. is world famous. At the present time we have no public garden or collection which we can show to our visitors. There is no place in Canada which could have such a fine arboretum displaying all of B.C.'s native trees and shrubs—and many spots are suitable for such a botanical collection. All that is required is patience, industry and knowledge as to how to get the collection together.

"The Dallas Road foreshore, from Brothie Ledge to Clover Point, is the envy of many cities, yet in Victoria hardly anything has been done to enhance this marvellous asset. There are surely many small trees, shrubs and flowers which are impervious to the wind and exposure which would thrive along this section; but it will never be made a beauty spot by thinking and talking about it. All that is necessary is to go to work in an intelligent way to accomplish a great improvement. Areas in the parks could have daffodils and bluebells and primroses, etc., planted in the grass to create the wonderful sylvan picture as seen in the spring in Kew Gardens."

SHOULD BE BANNER YEAR

Mr. McTavish considers that 1936, which marks the 150th anniversary of the planting of the first garden on Vancouver Island, at Nootka, should be made a banner year by the society.

A membership drive on a large scale is included in the society's plans in this connection. Mr. McTavish suggests that the service clubs of the city be interested in the society's work by speakers, and that Boy Scouts, Girl Guides and members of similar organizations be encouraged to take an interest in the planting of seeds of wild flowers along the highways of Vancouver Island.

Among his suggestions for the beautification of the city is one for the planting of a large display of rhododendrons in one of the parks, or some other suitable place.

TABLET TELLS OF BIBLICAL DELUGE

Soviet Expert Deciphers 4,000-year-old Tablet From Ancient Phoenician Temple

By JOHN LLOYD
Associated Press Foreign Staff

Moscow, Jan. 16.—Fragments of ancient Phoenician temple records, which Bolshevists say cast new light on Biblical stories, were made public here to-day.

A 4,000-year-old tablet, discovered in Syria in 1930 by a French expedition, was deciphered by the Soviet Oriental language expert, I. Ravrevy, from previously untranslatable inscriptions.

Particular importance was attacked by Soviet students to a passage apparently referring to the Deluge.

As constructed by Ravrevy from the badly-damaged tablet, it said:

"Baal opened the windows of Heaven. And with his voice Baal thundered. And Baal revealed his mysteries. He lighted the valleys and encircled the mouptains.

"Baal's cyclone embraced the forests. It crackled and roared up to the edges of the valley.

"Said Alaan-Baal: 'The diluvium is raging. Do not fear, do not fear, we will restore you from the disaster'."

EVENTS 5,000 YEARS AGO

Ravrevy said he believed the tablet had been inscribed 4,000 years ago and referred to a period 1,000 years before that.

The records were found in the ruins of a temple unearthed at Rasshamra, the site of ancient Phoenicia.

Another passage, as translated by the Soviet expert, read as follows:

"Baal died. Together with him we will step down to his tomb. The light of Gods is sobbing and with her tears she is satisfied.

"She swallows her tears like wine. And she—Shapash, the Light of Gods—said: 'Put me on the body of Alaan-Baal.' She put the body upon the shoulders of Anaat and to the summit of Saphon has carried him, and having wept over him buried him in cavern of the Gods of Earth."

Lingerie Sale Tip

January is the month of lingerie as well as household linen sales. If your supply of slips, gowns and pyjamas has run low, look for bargains in Porto Rican handmades. These are beautifully designed, cost about half as much as French underwear and are just as satisfactory.

Sister MARY'S KITCHEN

MILK DISHES SHOULD ACCOMPANY THIS MEAT

By MARY E. DAGUE
NEA Service Staff Writer

The loin pork chop is the choicest, containing, as it does, the tenderloin on the underside of the bone. Not only is it juicy, tender and of excellent flavor, but there is less waste in bone and fat than in other pork chop cuts. For these reasons, loin chops usually are somewhat higher in price than the rib and shoulder chops.

Next in desirability is the rib chop, juicy and of good flavor but minus the tenderloin on one side of the bone.

Then comes the shoulder chop, which is larger but of darker-colored meat and with more bone.

The rib and loin chop can be cut single or double. Double chops are especially nice for stuffing and baking. On account of the thickness of the meat, they take longer to cook than single chops.

Always cook all pork products at a low temperature.

HOW TO CREASE SKILLET

Panned chops are cooked in the frying pan on top of the stove. Trim off enough fat from the edges of the chops to lightly oil the frying pan. In other words, rub the bit of fat over the surface of the pan until it looks very shiny but there is no surplus of fat. Add chops and sear lightly first on one side and then on the other. Sprinkle salt and pepper on both sides after searing, allowing about ¼ teaspoon salt for each chop—⅛ teaspoon to a side. Now cover the spider, reduce heat and cook slowly until done, about twenty minutes for single chops and thirty minutes for double ones.

When a meal is built around pork chops, it is a good idea to include one vegetable in a cream sauce unless there is milk gravy. Creamed celery is a good vegetable to serve with pork. Use the coarse outer stalks for cooking and save the tender hearts for relish next day.

STUFFED PORK CHOPS

Choose double chops for stuffing and make a slit through the centre toward the bone, with a sharp knife. Rub each chop with ½ teaspoon salt, ⅛ teaspoon pepper and ⅛ teaspoon mustard thoroughly mixed. Place two tablespoons sage stuffing in each chop and fasten cut edges with wooden toothpicks if tiny skewers are not at hand. Sear in a hot frying pan for ten minutes. Cover closely and bake in a moderate oven for one hour, 350 degrees F. is a good temperature to maintain during the baking.

Add to this twice baked sweet potatoes creamed celery, jellied tomato salad and apple snow with custard sauce some cold January evening.

For twice baked sweet potatoes scrub and bake in their skins as usual. Then cut in halves lengthwise and scoop out pulp. Mash and season well with salt and pepper and lots of butter, adding cream if too dry. Beat until very light and fluffy and beat in one tablespoon sherry to two cups of mashed potato. Fill shells with mixture and return to oven to make very hot.

MONDAY'S MENU

Breakfast: Stewed figs with orange sections, cereal, cream, fried mush with maple syrup, milk, coffee.

Luncheon: Parsnip chowder, egg and lettuce sandwiches, chocolate cup cakes, canned white cherries, milk, tea.

Dinner: Stuffed pork chops, twice baked sweet potatoes, creamed celery, jellied tomato salad, apple snow with custard sauce, milk, coffee.

Making Toasted Sandwiches

When using a sandwich toaster be sure to butter lightly both outside surfaces of both pieces of bread which touch the grill. This keeps the toast soft and makes the finished sandwich more tasty. If you lake, butter one surface of each of two slices of bread, grill, put sandwich filling on toasted sides, then butter the two remaining sides and grill again.

SECOND SECTION — VICTORIA, B.C., THURSDAY, JANUARY 16, 1936 — SECOND SECTION

DeMolay Cagers Make Second Appearance Here Saturday

THE SPORTS MIRROR

THEY'RE passing and pursuing pucks on ice all over the world now. Ice hockey has become a world sport. London boasts of something like a dozen inks. Paris has gone for the Canadian pastime in a big way. Amateur clubs have played before crowds of 18,000 in Berlin. Any promising youngster can go to Europe and play hockey. And according to rumors from the other side of the Atlantic his services are worth about $40 a week. Almost a hundred Canadian simon-pures are performing on European clubs.

* * *

Although the Lige Internationale de Hockey sur Grace was formed in Paris as far back as 1908 with its purpose the development of the amateur game throughout Europe, the speediest of sports gained its real impetus on the other side after Canada and the United States shipped teams to the 1920 Olympic Games in Antwerp.

And hockey really started to grow and spread in the United States with the introduction of the professional game in Boston in the autumn of 1924 and in New York the following fall.

* * *

There are now organized leagues in England, France, Germany, Belgium, Switzerland, Czechoslovakia, Russia, Sweden, Finland, Italy, Spain, Roumania, Austria, Poland, Hungary and Japan.

And, strange as it may seem, moneyed men of Shanghai recently attempted to lure Frank Patrick, president of the old Pacific Coast League and now manager of the Boston Bruins, to China for the purpose of building a stadium that would feature hockey.

* * *

Where Boston was the only American city represented in the National Hockey League eleven years ago, today Montreal and Toronto are the only Canadian cities enjoying the game.

Philadelphia, Pittsburgh and St. Louis had big league franchises but gave up. It wasn't the fault of the game in Philadelphia and Pittsburgh. They require more seating space; then they'll come back. Philadelphia, Pittsburgh and Cleveland have minor league clubs. All will be major league centres in the not-far-distant future.

* * *

It was the invention of artificial ice that enabled the game to spread.

If it's not foul to be technical, it's done by running brine through pipes hidden in concrete flooring, the concrete being studded with steel filings to conduct the cold and heat.

So it's possible to make ice almost an inch thick in places like Madison Square Garden within a few hours. By running hot brine through the same pipes, it is also possible to melt and sweep out the ice in even less time, so that spellbinders, dancers, boxers, wrestlers, basketball players and what not can keep their feet dry the next night.

* * *

Many things contribute to the success of hockey.

As has been pointed out repeatedly, it is the speediest of sports. It is essentially a game of body contact; oh, plenty of it. There is the skill of the stick-handler and the grace of the skater.

Customers like to see fight in sport. Many battles develop when courageous men, with sticks in their hands, play hard.

Rules may not yet be perfect.

* * *

Referees are criticized aplenty, but they have the fastest game on earth to handle. Many scoff at the play-off system, but it does maintain interest until very near the end of the season. Minor baseball leagues have swiped the idea, and it's just barely possible that the major baseball league scoffers should take a tip and quit playing to corporal's guards in August and September.

* * *

Anyway, professional ice hockey is a huge success, financially and in every other respect. College and amateur teams are packing arenas, too.

Thousands of youngsters are taking to the glistening game instead of basketball or the other winter sports. Every new artificial ice rink develops a few hundred more.

Ice hockey has grown from an experiment to a certainty; from a novelty to a sure-fire hit in ten years.

HEADS GIANTS

New York, Jan. 16.—Horace Stoneham, thirty-two, yesterday was elected president of New York Giants, succeeding his father, the late Charles Stoneham, who died at Hot Springs, Ark., January 6.

Seattle Squad Out To Avenge One Point Loss

Suffered 29 to 28 Defeat at Hands of Victoria Dominoes in First Game

PRELIMINARY AT 8 O'CLOCK

Beaten 29 to 28 in a game here on December 15 Seattle DeMolay basketballers will return on Saturday evening determined to make it one victory each with the Victoria Dominoes. The Sound City stars are confident of opening their 1936 series with the locals with a win. Up until their defeat last month the DeMolay had never been beaten on a local floor.

Saturday evening's feature will be preceded by a senior B men's game between Hoyle-Brown and the Tillicums, starting at 8 o'clock.

Frank Elliott, secretary of the Victoria and District League, announced to-day that three games will be played at the High School on Friday evening. The card follows: Hudson's Bay vs. Lake Hill; Red Stacks vs. West Saanich, and Kingham-Gillespie vs. Aces.

SEATTLE LINE-UP

Coach Charles Durgan has sent over word from Seattle that he is bringing his regular team for the exhibition. His line-up includes: Harold Khile, Bill Hughes, Joe Murray, Roy Williamson, John Strelo, Vic Calderon, Chet Johnson and Ed Shupack.

Led by Murray, six-foot-four centre, the team boasts several players of outstanding calibre. Murray played with the club last year and was a big factor in its victory over the locals. He was later transferred to the Gilmore Oil squad for The Seattle P.I. Northwest tournament and was chosen on the mythical all-star Northwest Community League squad. In his first game with the Oilers on the local gym he scored fourteen points.

Roy Williamson, former University of Oregon freshman who returned to the DeMolays last season, will start as first string right forward. He is a graduate of Garfield High School in Seattle and a useful man on the attack.

In the last game here Hughes was high scorer for the DeMolays with thirteen points.

Johnson played at Ballard High School with Williamson. He is a forward and shoots left-handed. Shupack, teammate of Calderon's at Garfield High School, played guard and is another southpaw shot. It is possible Calderon may not be able to make the trip this time but Manager Durgan is making every effort to have his star guard included on the line-up.

The Dominoes have been working out all week and all the regulars will be on deck.

LOPEZ DEFEATS GINO GARIBALDI

Los Angeles, Jan. 16.—Vincent Lopez, Mexican heavyweight, outpunched Gina Garibaldi, Italy in defending successfully his California-recognized wrestling championship.

The 216-pound Mexican knocked his one pound heavier foe to the mat with a right uppercut for the first fall yesterday evening. He lost the second when Garibaldi applied a double interlocking toe hold.

Lopez terminated the match in smashing style when he caught the latin with a knee and elbow to the chin.

CENTENNIALS IN BASKETBALL WIN

Centennials, smooth-working undefeated juvenile basketball squad, yesterday evening increased their winning record, when they snowed under the First United 48 to 21 in a league encounter at the First United gym.

Close play was seen in the first half play, but in the second half the First United could not keep up with their opponents.

"Chuck" Sharpe refereed.

The teams and scores follow:

Centennials—Hampton 4, Harknett 10, Couch 10, Minnis, Travis 6 and McGary 16. Total 46.

First United—Beere 4, Acreman 6, James 6 Robertson 2 and Home 3. Total 21.

Bellingham Beats U.B.C. Hoopsters

Bellingham, Wash., Jan. 16.—Rallying in the last half, the Bellingham Normal basketball quintette scored a 25 to 22 victory over the University of British Columbia five of Vancouver here yesterday evening.

The visitors rang up a 9 to 4 lead in the first few minutes of play but the Vikings shaved that down to a two-point margin, 12 to 10 at the half.

SCHOOL SPORT CARD REVISED

Team Securing Bye in First Schedule Plays Extra Squad

Inclusion of an extra team in the girls' grass hockey and boys' rugby leagues of the city schools caused revision of games schedules for those divisions, with the team securing a bye in the first schedule playing the extra team in the revised list.

The extra games resulting from the new entries in the two leagues are as follows:

RUGBY

February 3—Boys' Central vs George Jay.

February 10—Margaret Jenkins vs George Jay.

February 17—Oaklands vs. George Jay.

February 24—George Jay vs. Boys' Central.

March 2—George Jay vs. Margaret Jenkins.

March 9—George Jay vs. Oaklands

HOCKEY

February 7—Sir J. Douglas vs. Victoria West.

February 14—North Ward vs. Victoria West.

February 21—Oaklands vs. Victoria West.

February 28—South Park vs. Victoria West.

March 6—Burnside vs. Victoria West.

March 13—Victoria West vs. Sir James Douglas.

March 20—Victoria West vs. North Ward.

March 27—Victoria West vs. Oaklands.

April 3—Victoria West vs. South Park.

SMALLINSKI TO WRESTLE HERE

Will Take on Tiger Joe Marsh in Semi-final on Saturday Mat Card

Babe Smallinski, rough and ready Polish wrestler, will again appear before local fans, when he exchanges grips with Tiger Joe Marsh, eastern matman, in the semi-windup encounter on Promoter Fred Richardson's weekly wrestling programme to be staged Saturday evening in the Tillicum gym. They will battle over the five eight-minute round route.

Smallinski has appeared here twice before and has proved to be quite popular with local fans. He is the boring type and he likes to mix it up.

Tiger Joe Marsh is a newcomer to the Coast. His reputation as a wrestler is quite well known, and it is understood that he will give Smallinski a stiff run.

The feature event on the programme will bring together Sam "Legs" Leathers, cowpunching wrestler from Dallas, Texas, and John Freberg, Swedish grappler. Leathers has yet to be defeated in a local ring, and Fredberg is confident of turning the trick. They are carded for eight ten-minute rounds.

Leading local wrestlers will perform in a novelty act in the opening fixture on the evening's programme, which starts at 8.45 o'clock.

STRANGE AS IT SEEMS —By John Hix

Strange as it seems, Sousa's most popular march, "The Stars and Stripes Forever," came to his mind while he was on shipboard. It was set down on paper, complete and unaltered, when he came ashore after the voyage. No note of it was ever changed from the original, nor did he do any work on it at all during the trip.

As Sousa himself related the incident, he was just leaving Naples, worried by business and the death in New York of his manager, when suddenly he became conscious of a martial tune running through his mind. All through the trip his "bainband" kept playing the same marching song over and over, but Sousa never made an attempt to set the music down on paper.

After he landed in New York he wrote it not for note as it ran through his mind, and called it "The Stars and Stripes Forever." Not a single note was ever changed after it was first set down.

A mile in Sweden is 10 kilometers, each kilometer being 3280.83 feet. A Swedish mile, then, is 32,808 feet, or 6.21 American miles.

The first railroad in the interior of Washington State, 1872, was a slow-moving, cumbersome thing that ran on iron covered timbers instead of steel rails. The locomotive carried a dog as standard equipment to chase stock off the rails. The dog, strange as it seems, ran ahead of the train when stock was sighted on the right-of-way, then waited for the locomotive to catch up.

To-morrow: The Detroit River.

PONIES PAY GOOD PRICES

Hoosiers Price Is Tops at Santa Anita Returning $48.60 in Fourth

Los Angeles, Jan. 16.—Cloud D'Or, with Jackie Westrope up, yesterday won the feature race at Santa Anita track, the Arrowhead Springs Hotel $1,200 Purse for three-year-olds and upwards, finishing the six furlongs in 1.11 1-5.

Fort Springs was second and Mansco third.

Cloud D'Or paid $12.20, $6.40 and $3.60 on the $2 mutuel tickets. Fort Springs rewarded with $7.60 and $4.20, and Mansco paid $3.40.

Results follow:

First race—Three furlongs: Golden Ivy (Kurtzinger) ... $8.40 $3.60 $3.00; Denbigh (Luther) ... 3.20 2.80; Sporting Green (Haas) ... 2.80. Time, .34 3-5. Also ran: Gretna, Sky King, Chan Chan, Speed Home, Patsy Murphy, Bon Boots, Santa Monica.

Second race—Six furlongs: Morale (Stevenson) ... $11.40 $4.20 $2.80; Forewarned (Kurtzinger) ... 2.80 2.80; Greenstone (Deering) ... 6.60. Time, 1.12 1-5. Also ran: Opening Night, Small Mortgage, Enella, Texas Knight, Uncle Gus, Evelyn Louise, Brown Wisdom, Giantess, Tomlin.

Third race—Six furlongs: Sun Rap (Peters) ... $7.00 $3.60 $3.20; Happy Bolivar (Kurtzinger) ... 2.60 2.40; Teddy Haslam (Richards) ... 3.20. Time, 1.11. Also ran: Southern Belle, Bright Prince, Binocular, English Girl, Pour Moi, Lucky Quest, Braille, Clouds Gift.

Fourth race—Seven furlongs: Hoosier's Pride (R. Leischman) ... $46.60 $14.00 $8.40; Civilian (Stevenson) ... 4.80 3.20; Blackboard (McCormick) ... 3.60. Time, 1.24 1-5. Also ran: Inchancery, Dismified, Manager Bill, Jobiscs, Toro Bang, Dirigible, Fairmole, Easter Tommy.

Fifth race—Six furlongs: Malmaison (Peters) ... $7.40 $3.60 $3.20; Tennob (Corbett) ... 4.40 4.60; Dunlin Lady (A. Gray) ... 8.60. Time, 1.11 1-5. Also ran: Party Spirit, Ariel Tempest, Reelon, Festoon.

Sixth race—Six furlongs: Cloud Dor (Westrope) ... $12.20 $6.40 $3.60; Fort Springs (R. Jones) ... 7.60 4.20; Mansco (Morlan) ... 3.40. Time, 1.11 1-5. Also ran: St. Stephens, Preadventure, Brown Jack, Time Flight, Carisbrooke, Blueboard.

Seventh race—Mile and one-sixteenth: Flashing Colors (Peters) ... $5.40 $3.00 $2.60; Jimmy Sutro (R. Jones) ... 12.60 4.60; Volbrace (Luther) ... 3.60. Time, 1.44 4-5. Also ran: Velociter, McCarthy, Mama's Choice.

Eighth race—Mile and one-quarter: Sweetnam (Eyre) ... $13.80 $9.80 $6.40; Rosemaid (Reeves) ... 7.80 6.20; Chas. Clarke (Phillips) ... 17.80. Time, 2.05 2-5. Also ran: Proud Hills, Transbird, Only George, Rolling Wheels, Fair Billy, Malicious, Afridi, Droit.

New Orleans, Jan. 16.—Horse racing results here yesterday follow:

First race—One mile: Brilliant Stone (Hernandez) ... $4.40 $3.40 $3.00; Imperial Pal (Mojena) ... 18.00 7.20; Fairest Flag (O. Smith) ... 3.60. Time, 1.43. Also ran: Swiftlet, Wee Emma, Countess Bye, Lady Scout, Whipowill, Congressman B., Sir Ajax.

Second race—One mile: Late News (Lowe) ... $21.40 $10.60 $7.00; Centennial (Polk) ... 4.40 2.00; Irish Vote (Cowley) ... 4.60. Time, 1.42 2-5. Also ran: Wild Daughter, Dark Hazard, Joe Geary, Jambalaya, Probationer, Fair Prospect, Sun Caprice, Discobolus.

Third race—Six furlongs: Chicasha (Parke) ... $4.80 $3.40 $2.80; Well Heeled (Canfield) ... 5.20 4.40; Veritas (Cowley) ... 3.40. Time, 1.14 1-5. Also ran: Squire Bob, Merry Irene, Rustic Joe, Deetees, Chianti, Sweet Jean, Salve, Black Babble, Sparkling Rose.

Fourth race—Two furlongs: Debate (Martinez) ... $12.00 $4.60 $5.20; Sergeant Al (Mojena) ... 4.00 4.20; Quick Vine (Manifold) ... 5.20. Time, .32 4-5. Also ran: Steinbuchel, Miss Marlboro, Pep Talk, John M. Kover, Starry Flag, Bill Dixon, Vivola.

Fifth race—Six furlongs: Hueu (Polk) ... $6.00 $3.80 $2.20; Heartbreak (Mojena) ... 3.00 2.20; Busy Spain (Parke) ... 2.60. Time, 1.13 1-5. Also ran: Red Diamond, Ridgemor, Mister Gander.

Sixth race—Mile and one-sixteenth: Thomasville (Polk) ... $3.40 $2.80 $2.60; Julia Grant (Chojnacki) ... 5.00 3.00; Redress (Donoho) ... 3.40. Time, 1.47 1-5. Also ran: Oldfield, Olcan, Beginners' Bait.

Seventh race—Mile and seventy yards: Just Imagine (Polk) ... $6.60 $4.00 $3.00; Empress Wu (Jackson) ... 5.20 3.60; Imperial Blondy (Richards) ... 12.60. Time, 1.46. Also ran: Losing Clon, Julia Irene, Imelda, Game Annie, Starella II, Surly, Montmary, Southern Beauty, Goosefleah.

Johnny Pena Wins Fight With Champ

Oakland, Calif., Jan. 16.—Johnny Pena, 128, New York, won an upset ten-round decision here yesterday evening over featherweight champion Freddie Miller, 128, Cincinnati, by staging a strong finish in a non-title fight.

Miller started out strongly, but in the fifth round he appeared to slow down and from then on Pena had the edge.

ENTRIES TO CLOSE

Entries for the annual Victoria Badminton Club tournament, which opens Saturday night at the Willows, will close to-night, President Dr. Arthur Poynts announced yesterday evening.

LINDSTROM TO JOIN DODGERS

May Replace Joe Stripp at Third Base For Brooklyn Baseball Club

New York, Jan. 15.—The news that Freddy Lindstrom, recently cut adrift by the Chicago Cubs, will play with the Dodgers next season to-day cast a new light upon Brooklyn's 1936 prospects.

Lindstrom announced at Miami yesterday evening that he had accepted the Brooklyn offer of "within a few dollars" of his Cubs' salary, and would report at the training camp March 1.

The acquisition of Lindstrom may mean that Jersey Joe Stripp, the useful veteran who has been holding down third base for the Dodgers, is on his way out.

In the infield or outfield, however, Freddy is expected to be a big help to the club. Despite his lower batting average last season, he is regarded as a more dependable hitter than Stripp and due for a comeback this year.

Although just about as useful as an outfield, Lindy seems slated for third.

U.S. Olympic Ice Team Loses Again

London, Jan. 16.—An all-star team composed of players from Earlscourt Rangers and Kensington Corinthians defeated the United States Olympic hockey team 3 to 1 yesterday evening.

It was the second defeat for the Americans since arriving in England. They lost to Wembley All-stars 10 to 5 Tuesday evening.

RUGBY PRACTICE

A workout of the Bays-Wanderers rugby fifteen will take place this evening at Oak Bay Park at 7.30 o'clock. All players are asked to be on hand.

Harvey Jackson Is On Auction Block

Star Left Winger of Toronto Maple Leafs Hockey Team Open For Trade, Manager Smythe Announces; Six Clubs in Action This Evening

While trade winds continue to blow among the National Hockey League front two of the circuit's star defencemen line up with new teams to-night as Art Coulter switches from Chicago Hawks to New York Rangers and Earl Seibert moves from Rangers to Hawks.

Conny Smythe threatened something more sensational than the trade between Rangers and Hawks when he let it be known Harvey Jackson, ace left wing was on the auction block. But the general opinion was his announcement was made to stir Jackson out of his recent slump.

At any rate Jackson will be with the Leafs to-night when they meet New York Rangers at Madison Square Garden and Coulter will be on the New York defence.

Seibert will line up with Hawks when they meet Detroit Red Wings, the section leaders, in Chicago to-night.

Canadiens and New York Americans, only a point apart in the Canadian division, will start to-night at Montreal where they left off in New York Tuesday when the habitants went into third place before Amerks on the game's single goal.

St. Louis, Jan. 16.—Frank Ruppenthal, owner of the St. Louis Flyers of the American Hockey Association, was en route to-day to Windsor and Montreal where he will attempt to arrange a hockey "little world series."

Ruppenthal has had in mind a minor league championship play-off series between the International, American and Canadian-American circuits.

He expected to confer in Montreal with Frank Calder, president of the National Hockey League.

New Westminster Soccer Line-up

Vancouver, Jan. 16.—With the exception of Ray Watchorn, who is unable to make the trip, Westminster Royals will send their strongest team over to Victoria to-morrow night in readiness for the Intercity Soccer League match at Athletic Park on Saturday afternoon.

Following is the Westminster team: Stronge, (goal); G. Anderson, McPherson (backs); Wheeler, Harvey, Gemmell (half-backs); Henrickson, W. Gray, Coulter, Turner and Jerowsky (forwards). In reserve will be Findler, Manzer, T. Gray and Sanford.

MOUNT VIEW GETS CUP GAME

Saanich Team Beats Esquimalt in Peden Cage Series

The Mount View High School boys' basketball quintette smashed their way to a one-sided victory over the Esquimalt High School in a Peden Cup game yesterday afternoon at the Centennial gymnasium.

Mount View obtained their lead early in the first half and widened it throughout the game. The half-time score was 24 to 6 in favor of Mt. View. Esquimalt tried hard to score points, but the score remained in favor of Mount View, and at the final whistle the score was 38 to 12.

It was the first game in the series for both teams.

C. Bates was high scorer for Mount View with seventeen points and E. Harris led Esquimalt with five points.

Ernie Stott refereed.

The teams and individual scores follow:

Esquimalt—E. Harris 5, T. Doidge, W. Stewart 1, C. Pecknold 2, J. Robinson 2, F. Durrant, G. Smith, A. Pecknold, E. De Costa 2 and C. Bishop.

Mount View—V. Dale 2, C. Bates 17, J. Pendergast 2, J. Kennedy, L. Treloar 5, G. Sparks 12 and A. Moore.

COAST BALL OPENING SET

Clubs Will Usher in Lengthy Schedule at Four Cities Late in March

Los Angeles, Jan. 16.—President W. C. Tuttle sent the directors of the Pacific Coast Baseball League home to-day with a forecast of prosperity and an amended constitution to curb mass introduction of "sand lot" players.

A new provision was approved that stipulates each club must keep fifteen class AA players or better on the reserve list throughout the year.

The penalty for violation may be forefeiture of the franchise, if voted by three-fourths of the directors.

Tuttle announced he would sign young arbiters to replace four veteran umpires of last season who received unconditional releases. The four are Perle Casey, Paul Genshlea, Henry Fanning and Bill Kelly.

The season's schedule, also approved, includes the following opening series dates:

March 28 and 29, Portland at Sacramento, Missions at San Francisco, Seattle at Oakland, Hollywood at Los Angeles.

April 21-26, Missions at Portland, Hollywood at Seattle.

Tuttle, writer of adventure fiction who recently accepted the presidential post, was tendered a banquet yesterday evening and told the 450 sports figures attending:

"The Coast League is in for a marvelously successful season—probably in spite of anything I may do for it."

JUVENILE SOCCER MATCHES BILLED

Hill's Corner and Victoria West Cubs, bitter rivals in the first half play, will battle in the main match billed for Saturday in the Royal Juvenile Football League card at Victoria West Park. W. J. Cull will handle the whistle.

Esquimalt Meat Market will be at home to Wimpy's Capitals at Bullen Park. W. Borde will referee.

Both encounters are billed to start at 10.30 o'clock.

OLYMPIC ICE TEAM VICTOR

Defeats All-star Moncton Team 8 to 5 For Second Straight Success

Moncton, N.B., Jan. 16.—The Canadian Olympic hockey team, with members of Port Arthur Bear Cats carrying the heavy artillery, defeated an all-star Moncton team here yesterday evening 8 to 5 in an exhibition game.

Six of the Olympic goals were scored by Port Arthur players as Albert Pudas's team ran wild in the second period, amassed a 7 to 2 lead before the start of the third period. The all-stars outscored the national team 3 to 1 in the last frame.

It was the second straight triumph for the Olympians who defeated an all-star Montreal team 4 to 0 Monday night.

Pacific Club won three games.

SUSPENDED INSPECTOR

New York, Jan. 16.—Chairman John J. Phelan of the New York State Athletic Commission announced yesterday the suspension of Louis Beck, one of the commission's inspectors with charges by Nat Fleischer, editor of Ring, a boxing magazine, that Beck had associated with the gambling element in various New York fight clubs.

Vancouver Lions Move Into Undisputed Hockey Leadership

Defeat Seattle By Odd Counter; Edmonton Climbs

Score Is 3 to 2 in Game in Sound City; Eskimos Whip Calgary 7 to 2

TEAMS TIED FOR THIRD POSITION

Vancouver Lions rode safely at the top of the Northwest Hockey League to-day but the spotlight was turned on Edmonton Eskimos, erstwhile cellar occupants, who added another couple of points to their total to enter into a tie for third place with Seattle Sea Hawks, five points behind the leaders.

Lions took sweet revenge at Seattle yesterday evening for the three straight defeats handed them by the Sea Hawks when they trimmed Frank Foyston's men, 3 to 2. The win gave them undisputed possession of first place, two points ahead of Portland.

Eskimos invaded Calgary to trounce the fading Tigers, 7 to 2, with the "kid" line of Morey Rimstad, Bill Carse and Les Whittles taking the leading roles.

GAIN EARLY LEAD

Vancouver jumped into the lead in the first period at Seattle and was never headed. Walt Creasy made the play for the opening counter, passing from behind the net to Clint Smith, who easily beat Emmett Venne.

Smith added another three minutes after the second session opened, beating Venne to the Rubber after the goalie had saved a shot from Bryan Hextall and circling the custodian to flip the puck into the unguarded net.

Seattle broke into the scoring column a few minutes later, Hal Tabor passing to Sam McAdam, who took the puck near the left boards and drove in to catch the corner of the net with a hard shot.

In the third, Hextall faked a pass, fooled Johnny Houbregs, Seattle defenceman, and rifled home the last Vancouver tally. Sea Hawks closed the scoring with little more than five minutes left to play when Tabor beat Johnny Clarke after a neat combination effort with McAdam and Moon Mullen.

A new rule of imposing a penalty of two minutes for shooting the puck over the fence and into the stands was invoked at Seattle for the first time during the first period when Norm Pridham, alternate Vancouver defenceman, was sent to the cooler

AT CALGARY

Eskimos laid down a barrage on the Tiger goal from the opening bell at Calgary and goals by Nap Carriere, Carse and Whittles gave them a comfortable lead. Tony Townsend and Art Gagne increased the lead to five in the second session before Calgary broke the ice with Carl Sorenson counting on a solo rush seven seconds before the period ended.

Carse and Rimstad combined for another Edmonton goal in the third and Dutch Gainor counted for Calgary with Stew Adams making the play. Loren Mercer, Eskimo defenceman, closed the scoring unassisted.

Teams and summaries follow:

Vancouver—Clarke, Hutton, Creasy Smith, O'Neill, Hextall. Subs: F Sheppard, Palm, Dyck and Pridham.

Seattle—Venne, Gilhooley, Houbregs, McAdam, Tabor, Lyon. Subs: Mullen, La France, J. Sheppard.

Referee—Bernie Morris.

SUMMARY

First period—1, Vancouver, Smith (Creasy), 19.27. Penalties: Tabor, Dyck, Pridham.

Second period — 2, Vancouver, Smith, 2.20; 3, Seattle, McAdam (Tabor), 7.18. Penalties: Tabor, Mullen.

Third period—4, Vancouver, Hextall, 12.21; 5, Seattle, Tabor (McAdam and Mullen), 14.42. Penalties: Palm (2).

Edmonton—McCusker, Townsend, Mercer, Holmes, Gagne, Martin. Subs: Carriere, Rimstad, Carse, Whittles.

Calgary—Timmins, McFarlane, Gainor, Chris Sorenson, Anderson, Carl Sorenson. Subs: Adams, Savage Smith, Gilmour.

Referee—Earl Overand

SUMMARY

First period—1, Edmonton, Carriere (Carse), 4.32; 2, Edmonton, Carse, 12.34; 3, Edmonton, Whittles 18.47. Penalties: Mercer, Holmes.

Second period — 4, Edmonton, Townsend, 4.25; 5, Edmonton, Gagne (Holmes), 10.35; 6, Calgary, Carl Sorenson 19.53. Penalties: McFarlane (5 minutes), Mercer (5 minutes), Gilmour, Carriere, Holmes, Townsend.

BELANGER IN DRAW

Akron, O., Jan. 16.—Charley Belanger, Winnipeg, claimant of the Canadian light-heavyweight title, boxed a ten-round draw here yesterday evening with George Nichols, Buffalo, N.Y.

POSTPONE SOCCER GAMES

With the local playing fields suffering from the heavy rainfall and considered unfit for play, yesterday's Wednesday Football League matches were called off.

Stella Walsh To Race For Poland

Cleveland, Jan. 16.—Stella Walsh will carry the colors of Poland into the eleventh Olympiad and train her seventeen-year-old sister Clara to shoot at Stella's marks in the Olympics of 1940. Clara will run for the United States. Stella will wear Poland's Olympic shield for the last time this year.

ACES MARK UP SURPRISE WIN

Defeat Chinese Students 38 to 34 After Fine Basketball Game

Displaying their finest form of the season, a much-improved Aces yesterday evening went into a three-way tie with Trade-Ats and Kingham-Gillespie for third and fourth berths in the Intermediate A Basketball League, when they defeated the Chinese Students 38 to 34 at the High School gym yesterday evening.

Regents lost their points for playing an ineligible player, when they defeated Hoyle-Brown 48 to 16 in another intermediate A fixture. The game was played as an exhibition. The opener saw the Cardinals down Burnetts, 27 to 19, in a women's league game.

At the start of play the Aces went ahead fast and checked in with seven points before the Chinese Students got organized. The Students, however, passed their opponents about half way through the initial half, but this was again reversed near the end of the canto, when the Aces stepped hard on the gas and surged ahead to take the lead again. The score was 18 to 17 in their favor at the interval.

Keeping up the pressure on the resumption of play Aces soon had a twelve-point margin over the Students. The Chinese managed to cut down the deficit considerably, but fell short of their mark.

Wally Lee and W. Lee, mainstays for the Students, went off the floor during the dying minutes of the game on personals.

Fred Harding and Wally Stipe refereed.

The teams and scores follow:

Cardinals—J. Hannan 12, B. Crosby 3, D. O'Connor, I. Milliken, V. Hall 4, M. Wells and J. Trotter 8. Total 27.

Burnetts—D. Peere, P. Whyte 6, D. Anderson 4, J. Phillips, V. Sinclair 3, J. Wilson 5, P. Addison and P. Learitt 1. Total 19.

Regents—Noakes 2, Minnis, McAdams, MacMurchie 7, Wallis 25, Kirkbride and Elliott 14. Total 48.

Hoyle-Brown—Wilson, Passmore 5, Hughes, Hornsby 5, Ritchie 2, Demstedt, Sparks 4, and Crowe. Total 16

Aces—Stirrup 3, Patterson 6, Florence 4, Foster 2, S. Patterson 2, H. Rowe 12, Surphlis 4, E. Foster 2, McKeachie 3 and H. Hudson. Total 38

Chinese Students—Wally Lee 6, Chan 15, Nipp, G. Lowe 5, Fong 4, W. Lee 2, and Quon 2. Total 34.

Hockey's Great Forward Line Broken Up

After leading the attack of the New York Rangers in the National Hockey League since the team was organized in 1926 one of hockey's greatest forward lines—Bill Cook, left; Frank Boucher, centre, and Bun Cook—has been broken up by Manager Lester Patrick. The action was taken in a general shake-up of the blueshirts in an effort to pull them out of a slump. During their careers with the Rangers the trio have piled up more than 1,100 points in goals and assists.

Retzlaff Says He Will Fight Louis

North Dakota Heavyweight Determined to Get in and Mix It With Detroit Negro in Their Bout To-morrow Evening at Chicago; Louis Wants Quick Ending; to Broadcast Bout

Chicago, Jan. 16.—Joe Louis sat around to-day waiting for the call to action, while his foe of to-morrow night in the Chicago Stadium, Charley Retzlaff, sat and listened to a familiar refrain.

It goes something like this: "The first guy who goes right out there and slugs with Louis will beat him."

Whether there in anything to the advice remains to be determined. The refrain was sung to Primo Carnera, King Levinsky, Max Baer and Paulino Uzcudun. They either forgot all about it or did not take much stock for none rushed out to slug. What happened to the quartette, and a number of others, is well known.

Retzlaff's advisers sought to convince the North Dakota farmer his only chance with Louis lay in making a fight of it.

"I am ready for Retzlaff," Louis said. "I will be in there to give my best. The quicker I score a knockout the better I'll like it. What's the use of fooling? I want to get it over as fast as I can."

"They can pick Louis to win," the North Dakotan said, "but I'll show them he can be hit and hurt. Down in my heart I know I have what can beat him—a right to the jaw."

Chicago, Jan. 16.—The Joe Louis-Charlie Retzlaff fight in the Chicago Statium to-morrow night, over the scheduled fifteen-round distance, will be broadcast over the National Broadcasting Company and WJZ network, it was announced here yesterday evening. The fight is expected to go on the air about 10 o'clock, central standard time. This means that the fans on the Coast will pick it up at 8 o'clock, Pacific Coast time.

TILLICUM CLUB HEADS ELECTED

J. W. "Jack" Wormald Returned as President of Organization.

Leaders of the Tillicum Athletic Club were returned to office at the club's annual meeting in its quarters this week. J. W. "Jack" Wormald was re-elected president, Bob Vipond, vice-president and F. B. Richardson, secretary.

G. A. Heinekey was named chairman of the floor committee, T. Tillyer was placed in charge of the house group, and H. Smith was made utility committee leader.

Sporting activities were left under the guidance of Fred Ramsdale, who with the other committee leaders and officers, will form the board of directors.

Tom Obee will remain chairman of the social committee, and Harry Smith, head of the billiard group.

Richardson's financial report showed the club to be in sound condition, while reports on sport and social activities were endorsed.

RIOT IN RHYTM

A poetic picture, Miss G. Griffiths of South Australia, swings into tennis combat with all the abandon of a Pavlowa. Miss Griffiths was defeated in the Interstate tournament in Melbourne by Miss D. Stevenson, Victoria, but is one of the more promising young stars "down under."

VICTORIA HIGH BEATS NORMAL

The Victoria High School Blacks nosed out the Victoria Normal School boys' basketball squad, 41 to 38, in an exhibition game at the Normal School yesterday afternoon.

The Normal School was leading, 20 to 19, at half-time.

J. Berkerk was high scorer for Normal School with 18 points, and B. Wallis led High with 14 points.

L. Clark and C. Buice refereed.

The teams follow:

Normal — R. Jones, K. Reid, T. Turner, G. Lancaster, J. Berkerk, B. Hall and J. Moxley.

High—H. Rowe, B. Berry, B. Wallis, N. Parfitt, W. Friker and F. Smart.

Oakland—Johnny Pena, 128, New York, outpointed N.B.A. featherweight champion Freddie Miller, 128, Cincinnati (ten), non-title.

SWIM MEET ON TUESDAY

In the hopes of making the Victoria team, which will journey to Vancouver for the first of two provincial championship galas on January 25, aquatic performers of this city will put forward their best efforts in the Vancouver Island Swimming League's regular meet at the Crystal Garden next Tuesday evening.

Starting at 8 o'clock, the programme will include a list of eighteen events, announced by Frank Hyslop, president of the league, as follows:

Fifty yards freestyle, boys under fourteen; fifty yards freestyle, girls under fourteen; 100 yards freestyle, boys under seventeen; 100 yards freestyle, girls under seventeen; eight widths of the tank, men; eight widths of the tank, women; 400 yards freestyle, men; 400 yards freestyle, women; fifty yards backstroke, men; fifty yards backstroke, women; 200 yards relay, men; 200 yards relay, women; diving three-metre board, men; club handicaps; water polo.

Vancouver, Jan. 16.—The first intercity gala between Vancouver and Victoria, on January 25, will be featured by the appearance of Phyllis Dewar, rated one of the greatest woman swimmers ever developed in Canada.

The meet will mark the start of Miss Dewar's preparations for the 1936 Olympics, and it is expected she will add British Columbia freestyle titles to her list of triumphs.

Officials appointed to handle the gala, by the British Columbia Swimming Association are: L. C. Reid, director; A. H. J. Swencisky, referee; Gordon Vance, announcer; W. Byers, starter; M. Watson and J. Johnston, recorders; Fred Welsh, H. D. Campbell, E. Welch, finish judges; F. McBride, George Burrows, W. Herveson, Bob McMillan and Dr. Fraser Murray, timers; G. W. Cooper, Miss A. Clampitt; technical judges; Capt. A. Clampitt, Miss Q. Wiles, Syd Summers, Bob McMillan and Frank Jacquest, diving judges.

JOLLEY WITH ALBANY

Baltimore, Jan. 16.—Joseph Cambria, president of the Albany club of the International Baseball League, announced yesterday he had signed Smead Jolley, big right fielder of the Hollywood team of the Coast League.

Fancy Price Tags On Baseball Stars

Col. Jake Ruppert, Owner of New York Yankees, Refuses to Pay Sums Asked For Players He Wants to Strengthen New York Yanks; May Still Get Higgins and Moses

New York, Jan. 16.—There may be additional bartering in major league baseball "ivory" before the boys start ganging up in Florida for the coming season, but it's a bull market from now on, with no bargains in sight.

The tipoff to-day is that Col. Jacob Ruppert, perhaps the wealthiest owner in the major leagues, figuratively has thrown up his hands and conceded he can't or, rather, won't pay the prices asked for a number of outstanding players he would like to add to the New York Yankee lineup for 1936.

The Yankee colonel has paid millions for the players who helped produce seven pennant-winning clubs in a dozen seasons. The deal for Babe Ruth in 1919 alone involved close to $500,000, including a mortgage on Red Sox property.

FANTASTIC PRICES

"The other fellows seem to think that I've got a lot of extra money to burn since prohibition ended. Why, I'd go broke if I paid some of the prices they have asked for ball players," the colonel exclaimed.

It was assumed the Yankee colonel referred to the fantastic price tag of $500,000 put upon the services of Buddy Myer, American League batting champion and infield star, by owner Clark Griffith of the Washington club.

There's still a possibility that Higgins, as well as Wally Moses, sensational young outfielder of the Philadelphia Athletics, will wind up with the Yankees, but not unless Connie Mack compromises on the prices asked or the colonel goes the limit.

Canadian Ring Tourney Plan

Toronto, Jan. 16.—The Apex Club, through promoter Playfair Brown, announced yesterday a Canadian heavyweight boxing elimination tournament will be held in Toronto February 19. The winner will be sent to Jack Dempsey's final elimination bouts in New York or Chicago, where a final "white hope" will emerge as a possible threat for Joe Louis, the brown bomber.

High Rugby Team Is Held to Draw

The Victoria High School senior rugby team and a squad of Oak Bay ruggers battled to a 0 to 0 deadlock yesterday when they clashed in an exhibition game at the Fernwood grounds.

Both teams were handicapped by a muddy field and a slippery and heavy ball but in spite of this they turned in a fine exhibition.

MINING --

The only high-grade bituminous coal fields on the whole Pacific Coast are situated on Vancouver Island—in the coal belt that runs from Ladysmith to Comox. Coal-mining is the oldest industry—apart from agriculture— on the island. Some of the first settlers here were families of coal miners brought from the Old Country.

The progress of this industry has been reflected by the growing prosperity of the island, and its continuance augurs well for the future.

Playing its part also in the development of our island communities, the Vancouver Island Coach Lines offers convenient and economical bus transportation to everywhere on the island.

Flew Route Of Air Tragedy

Baltimore Attorney, Visiting Here, Says Crashes Cannot Stop Flying Progress

Air tragedies such as the wreck of the plane "Southerner," which crashed Tuesday night in Arkansas with the loss of seventeen lives, are regrettable incidents, but they cannot stop flying progress, said C. G. Page, Baltimore attorney and flying enthusiast, discussing the advantages of transcontinental air travel with a representative of The Daily Times at the Empress Hotel to-day.

Mr. Page, coming to Victoria from the eastern states, on special business, flew over the same route and by one of the ships of the transcontinental fleet at the week-end, so it was with mixed feelings that he read the details of the tragic air disaster.

"Nothing will deter me from flying," said Mr. Page. "I flew out here from Baltimore and I am going to fly back. I consider it is just as safe in the air as it is traveling on a railroad train or in a ship bucking a hurricane at sea. And look at the time you save. I left Baltimore on Saturday last and by Sunday night I was in Los Angeles, traveling the airways via Pittsburgh and Albuquerque. I expect to be back in Baltimore by Saturday."

The plane which crashed was a sister-ship to the one in which Mr. Page bridged the continent but a couple of days previously.

"They are magnificent ships, equipped with every safety device and are manned by competent pilots," said Mr. Page. "It is one of those things that just happen when flying men are confronted with a crisis and fail to get the breaks."

PINCOS ACCUSED AND DEFENDED

Lawyers Continue Argument in Appeal Court Over Thirty-month Sentence

Reasons why the thirty months' sentence imposed by Mr. Justice Robertson on John Pincos should be increased were urged before the justices of the Court of Appeal here to-day by Cleeve G. White, appearing for the Attorney-General.

Pincos was charged with the murder of Clarence N. Pappas, restaurateur, on May 1, last. He was tried by a jury which found him guilty of manslaughter.

Mr. White asserted Mr. Justice Robertson had erred in attributing to Pincos a good character, with the exception of his admission of having committed arson on the alleged orders of a higher-up. Mr. White said Pincos's threat to inform the insurance company of the arson arrangements of Pappas were merely an effort to extort money. Another thing was that Pincos had really been guilty of fraud in allowing title of the land bought by himself and Pappas to be put in Pappas's name.

OBJECTION

When Mr White attacked Pincos's position by referring to him having a gun in his possession without a permit and being an alien, H. A. Beckwith, counsel for Pincos, said there was no evidence Pincos was not a naturalized Canadian.

Mr. White said that the jury had not recommended mercy to Pincos and therefore the judge should not have been so easy on him.

Mr. Beckwith, replying to Mr. White and supporting the sentence of Mr. Justice Robertson as adequate, told the justices the trouble with Pincos was that he was subject to melancholia. He directed the attention of the justices to the medical evidence at the trial indicating the depressed condition before and at the time of the shooting.

Mr. Beckwith went on to quote the expert testimony of Dr. Thomas Miller at the assize court trial to the effect that Pincos's mental conditions had been such that he might momentarily lose control of himself if irritated, and that the state of melancholia had persisted for some time previous to the shooting.

"The doctor considered Pincos's manner of living, observed his manner of speech and found that he had been that way for some time before, and at the time of the shooting," Mr. Beckwith went on.

"Nearly everyone is melancholy these days," interjected Mr. Justice M. A. Macdonald, who pointed out there was nothing to prove that Pincos's had the gun to shoot himself and not to shoot Pappas.

The argument is continuing.

VETERANS WILL NAME LEADERS

Nominations Made For Officers of Pro Patria Branch

The renomination of Col. W. N. Winsby as president of the Pro Patria branch of the Canadian Legion took place Tuesday evening at a meeting held in the branch headquarters, Courtney Street.

The final election will be held on Tuesday, January 28.

Other nominations include: T. W. L. Mutch, vice-president; W. C. Fyfe, second vice-president; A. B. Morkill, chairman of the finance committee; D. Randall and F. Sparks, for chairman of the house committee; Bert Ripley, chairman of the membership committee; J. G. Corry Wood, chairman of the relief committee; J. Johnson, J. W. McNeill, Walter Talbot and P. H. Saunders, for chairman of the sports committee; Capt. Burges J. Gadsden, T. J. W. Hick and E. W. Maynard, for district council representative; Harry Hobbs, chairman of the Remembrance Day committee, and J. M. Ross, chairman of the sick and visiting committee.

Col. W. N. Winsby, C. A. Gill, A. D. Crease, D. Randall, Corry Wood and Mr. Fyfe were representatives appointed to attend the Canadian Legion Dominion convention to be held at Vancouver, March 23. J. Waterston, Captain Gadsden and Mr. Mutch were the alternate delegates chosen.

Votes of condolence were extended to D. M. Campbell, W. J. Parker and families of the late H. S. Henderson and John MacLean.

Saanich Men On Growers' Board

W. Kersey Chosen Vice-president of Coast Association

Associated Press

Abbotsford, B.C., Jan. 16.—R. E. Knight, Mission City, B.C., has been elected president of the Federated Coast Growers' Association. W. Kersey of Saanichton, B.C., was named vice-president and L. R. Wilson of Mission City, secretary-treasurer.

Directors include W. H. McNally, Saanichton.

The convention adopted a resolution opposing compulsory marketing control of primary products as provided under the Natural Products Marketing Act of 1934.

A second resolution was adopted protesting the proposed revival of the small fruits and rhubarb marketing scheme, voted on in August of last year, but not put into force by the federal Marketing Board.

"No board can create markets, nor can it set prices," W. Kersey, president of the Vancouver Island co-operative Fruit Exchange said, "which are governed entirely by the law of supply and demand. Unnecessary administration costs must be paid by the grower, who would ultimately receive less net return than if there were no board."

The convention members were of the general opinion that provincial and Federal Departments of Agriculture were able to give all necessary information without the added expense of the newly-formed Chamber of Agriculture.

The Victoria Real Estate Board will hold a special luncheon meeting in Spencer's dining room at 12.30 o'clock to-morrow for general discussion of the proposed new scale of minimum fees, charges and commissions. Members are requested to study the new scale carefully so as to be able to take part in the discussion.

The Victoria Deanery Chapter met on Tuesday in the Memorial Hall, following holy communion in the cathedral. Canon A. E. de L. Nunns presided. Rev. N. E. Smith was nominated as rural dean. Rev. O. L. Jull and Major Jukes spoke on "Douglas Social Credit," questions being answered. After luncheon at the Windermere Hotel, a business session was held, the forward movement for evangelization being discussed and progress reported.

At a committee meeting Monday of the League of Nations Society, it was decided to hold, in the near future, a peace convention for one day in which all the organizations of the city would be asked to co-operate. It is hoped to have as chief speaker at this convention Miss McGeachey, a Canadian who has been on the staff of the League of Nations at Geneva for several years. Other plans were put in motion for obtaining a more solid public opinion behind the League of Nations locally. It was announced that a national broadcast has been arranged every Thursday evening from 6.30 to 7.00 o'clock for the next five or six weeks. Leading Canadians will speak during this period from Ottawa on the problems of peace. The first broadcast in this series will be to-day.

NEWS IN BRIEF

The village of Terrace was brought under the Weekly Half Holiday Act by provincial order to-day.

Reinstatement of a number of timber licenses held by the Toronto General Trust Company by the provincial government to-day brought in revenue totaling $84,678 to the treasury.

Wong Sing, Chinese, charged with unlawful possession of an unregistered revolver, was remanded until to-morrow morning in the City Police Court this morning. T. M. Miller appeared for the defence.

Another remand, until to-morrow morning, was taken in the case of Alex Daniels, Indian, charged with the theft of a car on New Year's Eve, when he appeared in the City Police Court this morning.

The indoor track and field meet to be staged to-morrow evening in the Armories between Victoria and University of British Columbia will commence at 8.15 o'clock, it was announced to-day by officials.

Bank clearings in Victoria for the week ended to-day totaled $1,531,640, as compared with $1,354,087 for the corresponding period last year, according to the weekly statement of the Victoria Clearing House.

An invitation for Rotarians to attend the annual Burns Club dinner to be held in the Empress Hotel on January 25 was extended to the clubmen at their luncheon to-day by W. A. Jameson, president of the Scottish organization.

On charges of driving a car while his driver's licence was under suspension, and failing to have his car equipped with adequate brakes, Elmer King was remanded until to-morrow morning, when he appeared in the City Police Court this morning. C. H. Tait was defence counsel.

Members of the Saanich School Board yesterday evening stood in silent tribute to the memory of the late Stephen J. Holland, former municipal school trustee, who passed away recently. A letter of condolence was ordered forwarded to his surviving relatives.

The appointments of Francis Gordon-Cooper as taxation auditor in the Department of Finance, Vancouver office, and of Constable Joseph Howe of the provincial police to be deputy mining recorder at Alert Bay were announced at the Legislative Buildings to-day.

School Trustee Albert E. Hull, Saanich, has received word of the death of his father, Edward Hull, aged seventy-nine years, in Whitwick, Leicestershire, England. Besides his son here, Mr. Hull is survived by another son, John at Whitwick, and five sisters in England.

F. Lewin, manager for Vancouver Island of the Confederation Life Association, has left for Toronto to attend the annual meeting of the association. While there, Mr. Lewin will also represent the local branch of the Life Underwriters' Association at its annual meeting.

Meha Singh, an East Indian, was charged in the City Police Court this morning with assaulting Gurdit Singh, a seventy-seven-year-old fellow countryman. The prosecution was conducted by C. L. Harrison and R. C. Lowe, the latter appearing for the informant. Gordon A. Cameron appeared for the defence.

At the request of the Victoria Rugby Union Acting Mayor P. R. Brown to-day issued an appeal to all business leaders to declare the afternoon of January 29 a holiday to give their employees an opportunity to see the New Zealand All-Blacks play the Victoria rep team at Macdonald Park.

A group of Vancouver business men, representatives of General Motors Limited, are registered at the Empress Hotel to-day. They are H. C. Leckey, J. D. Crary and J. W. Elliott, all from Vancouver. Mr. Crary is manager of General Motors Acceptance Corporation, and Mr Elliott is district manager for General Motors Products.

The life of Major Douglas, and his conceptions of Social Credit, were outlined to members of the Knights of Columbus at their first regular meeting of the year Tuesday night by Major A. Jukes. The speaker was introduced by George McDonald, and was given a hearty vote of thanks at the conclusion of his talk. W. J. Gagnon, grand knight, presided.

Dr. R. S. Baker is back in Victoria to-day after a three-weeks' lecture and speaking tour which included the Simpson Bible Institute, Seattle; the Seattle Gospel Centre and a series at Edmonds. With Dr. Armin Holzer, Prof. Baker next May will lead the Palestine Bible Pilgrimage from the various Bible student groups and schools on the Pacific Coast across the Atlantic by chartered boat to the Holy Land.

Exceptionally good support of Victoria's night school course in prospecting was reported to-day by George Breadner, supervisor of technical classes. Between sixty-five and seventy have already enrolled for the course and more are expected to start the study this evening, Mr. Breadner said. The provincial department of mines has presented the school with several mineral samples which, it is hoped, will be the nucleus of a permanent exhibit for that course.

Walter Tribe was fined $10 and $2 costs when he was convicted in Provincial Police Court yesterday on a charge of shooting a hen pheasant out of season. The defendant pleaded not guilty and stated he was shooting on his father's property, where the birds were damaging the crops. Game Warden Bruce Cash testified the accused said nothing of this to him at the time he apprehended him. The court thought the evidence of Tribe had been an afterthought and there had been no evidence of damage to the crops.

MENINGITIS VICTIM DIES

City Health Department Takes Steps to Avoid Spread of Disease Here

Death of a Victoria citizen from spinal meningitis yesterday brought the city health department into full play to combat any possible spread of that disease to-day. There was little danger of an epidemic, Dr. Richard Felton, medical health officer, said, but the usual precautions, including quarantine, had been taken to avoid any further infection.

The death was the second in the last two months from the disease. On December 1 another person passed away.

Although there has never been an epidemic of spinal meningitis in Victoria, the majority of those who have contracted the disease have failed to survive, Dr. Felton said.

Symptoms of the disease include stiffness of the neck and back accompanied by pains. Sudden onsets are usually manifest by fever, headache, nausea and the rigidity of the neck in the early stages.

SPREAD BY CONTACTS

Direct and indirect contacts can transmit the disease. The period of communicability is set as two weeks.

Investigations by the city health department to-day failed to provide any clue as to the source of the last case. Prior to the death of the December victim, no report on the disease had been made to the city for the preceding three or four years, Dr. Felton said.

Two Years For Charles Gould

Was Found Under Woman's Bed in Rooming House; Judge Ignores Plea

Charles Gould was sentenced to two years in the penitentiary by Judge Lampman to-day for being found in a rooming house at 3 o'clock in the morning with intent to commit an indictable offence.

Prosecutor Henry C. Hall, K.C., called as chief witness a woman who testified that on returning to her room she had found Gould stretched out on the floor half under her bed.

Nairn Robertson, conducting the defence, urged Gould's story on the court. This was that Gould was drunk, was looking for a bed, and wandered into the room.

Mr. Hall read to the court Gould's record of seven arrests or convictions since 1924, in Prince Albert, Red Willow, Victoria and Vancouver, bringing sentences of up to three years.

The prosecutor said that Gould was the man who a few months ago was found in the room of a woman in a Blanshard Street house, late at night, and was sentenced then to six months for theft.

Gould pleaded with the judge to cut one day off the sentence so he could go to Oakalla instead of the penitentiary, "for personal reasons." The judge, however, refused to change the sentence, explaining that the "whole idea of punishment is to send a person to some place where he doesn't want to go, not to some place to which he wants to go."

A charge against Albert Sansbury and Herbert L. Hicketts of permitting their dogs to run deer was dismissed by Magistrate Jay in the Provincial Police Court yesterday afternoon.

Obituary

EILEEN VIOLET HOLLETT

The funeral of Eileen Violet Hollett, 478 Sturdee Street, Esquimalt, who passed away on Tuesday, will be held to-morrow afternoon, the cortege leaving Sands Mortuary Chapel at 1.40 o'clock and proceeding to St. Paul's Garrison Church, where services will be conducted at 2 o'clock by Rev. Alan Gardiner. The remains will be laid at rest in the family plot in Ross Bay Cemetery.

BEDA ADENEY

Mrs. Beda Adeney, wife of John Adeney of 251 Cook Street, passed away yesterday at the Royal Jubilee Hospital, aged fifty years. Mrs. Adeney was born in Sweden and had resided here for twenty-two years. She is survived by her husband and one daughter, Miss Marie Adeney, at home.

The funeral will take place to-morrow afternoon, at 2 o'clock, at McCall Bros' Funeral Home. Rev. R. L. Krook will conduct the service, after which interment will be in Colwood Burial Park.

CLUB AT "Y" GETS CHARTER

R. J. Huff of Seattle Presents Charter to Victoria Toastmasters

In the dining hall of the Y.M.C.A. last evening the Victoria Toastmasters' Club became part of an international organization after presentation of the charter of the Toastmasters' International by Raymond J. Huff, president of the Seattle branch.

Frank Paulding, secretary of the local Y, introduced Mr. Huff, who presented the charter to J. H. Hill, president of the Victoria Toastmasters' Club. As the local club was the first of its kind in Canada, it gains the distinction of being classed as Canada No. 1, Mr. Huff said.

Other Seattle guests at the ceremony were: L. Edward Hed, governor of Washington District Number Two, which includes British Columbia, Washington and Oregon; J. Huff Jr. and Frank Pretwell.

The Seattle guests were introduced by the president of the local body, J. H. Hill, and a welcome was extended by J. O. Cameron on behalf of the Y.M.C.A.

The programme opened with a toast to "The King," followed by a toast to the "President of the United States, and to the "Toastmasters' International," by J. E. Paulding, who told how such an organization as a toastmasters' international could generate a spirit of goodwill among nations.

In response to the last-mentioned toast, Mr. Hed of Seattle told of the activities of speakers' groups in the United States, particularly on the Pacific Coast. He said that every club had an extensive waiting list.

Congratulations were extended to the club on being granted its charter by the following: Mrs. J. Rose, president of the Ladies' Public Speaking Class; R. W. Murdoch, president of the Friday evening public speaking class; F. Butterfield, chairman of the Education Committee; G. Gordon, representing the Tuesday evening public speaking class, and Dr. Menzies, president of the Speakers' Club.

BURDEN LIGHT ON INDUSTRY

Says Health Scheme Charges Less Than Half Per Cent of Operating Costs

The cash burden of health insurance on industry will not amount, on the average, to more than half of 1 per cent of operating costs, Hon. G. M. Weir, Provincial Secretary, said in a public speech yesterday evening.

Dr. Weir pointed out that employers would have to pay contributions of 1 per cent only on those earning up to $1,800, and not on the total payroll. In addition payrolls, on the average, did not exceed more than 50 per cent of operating costs, so that the actual proportion paid would probably be less than half of 1 per cent. Moreover, many payments now made by industry toward employees' sicknesses and health improvement would be replaced by health insurance.

Besides this there was the factor of increased economic efficiency which would result from the plan, thus eliminating many "hidden costs" to industry, the minister asserted. These included such things as absence from work, excessive turnover of labor and the under-production of a sick and worried man.

The minister also argued that any improvement in general health conditions, which the insurance scheme could be expected to give, would operate to reduce taxation. Lower hospital costs to the treasury was one thing, less for relief another, savings on mothers' pensions and other social services

The minister quoted statements by numerous doctors showing that a new form of handling the health problem is required in the province.

"British Columbia has been talking about health insurance for twenty years. The time has arrived for action," he concluded.

Dr. Weir will speak in Vancouver this evening on the same subject.

The adjourned annual meeting of Ward Four, Saanich Ratepayers' Association will be held in McKenzie School at 8 o'clock to-morrow evening. All prospective candidates for Saanich are invited to address the meeting.

BROWNE-CAVE WINS MATCHES

City Champion Enters Quarter-finals of Seattle Table Tennis Tourney

Wilmot Browne-Cave, Victoria's ping pong champion, is the only one of the city's contingent of eight players remaining in the Washington State Table Tennis Tournament in Seattle.

Browne-Cave in his first appearance at the table defeated Akira Hoshide, high ranking Japanese player of Seattle, in five games. At the recent Vancouver Island tournament, the city champion eliminated Hoshide in three straight, but it took him a longer time to wear out the Seattle player on his home table. He followed up with his second victory.

Other local entries in the men's open singles failed badly. Whittingham and Tulley lost after long battles. Jarvis beat Les Smith but dropped out in the next match, while Crombie, Stursberg and McLure failed in straight sets.

In the doubles, Victoria's strongest team, that of Browne-Cave and Tulley, fell before a Seattle team in straight sets. Whittingham and McLure have still a chance as they play their first match to-night.

Vancouver entered six players in the tournament, Portland eight, while from Yakima came Speth, a former champion of the Pacific Northwest.

Packard, last year's winner, is not expected to hold the trophy. Elwill Martin, brilliant Seattle player who has come up in the last year, is favored. Browne-Cave's effective spin play impressed the Americans, but they doubted whether he had sufficient attack.

Entertainment For Rotarians

J. K. Hodges Offers Cabaret Floor Show For Clubmen at Luncheon

Departing from the usual run of club luncheon programmes, members of the Rotary Club, at their weekly meeting in the Empress Hotel this afternoon, were entertained with a cabaret floor show, staged by J. K. Hodges, manager of the Empress Hotel.

The programme included several selections by William F. Tickle and his seven-piece orchestra which drew merited praise from the members, and dance numbers, presented by artists of the Violet Fowkes Dancing School.

Those contributing to the programme were: Thelma Stratford and Alex Webster in an apache dance; Velda Wille in a stair tap; Thelma Stratford in a rhumba; Berna Waring, in a jazz tap; Dan Plater and Kathleen Gregson in a colorful Indian adagio; Thelma Stratford and Kathleen Mann in a Dutch tap, and Davida Webb in an interpretive dance.

Those taking part in the chorus numbers were: Thelma Stratford, Davida Webb, Frances Borde, Isobel McAlpine, K. Mann, K. Gregson and Renee McLaughlin.

After the programme President H. J. Pendray expressed the sincere thanks of the club to Mr. Hodges which was accompanied by a round of applause.

TO ARGUE OVER PIN MACHINES

The legality of pin and marble machines, operated in confectioneries and other stores in the city, will be contested in the City Police Court next Tuesday with Norman W. Whittaker appearing for the machine owners.

In court this morning a confectioner was fined $15 when he pleaded guilty to a charge of keeping a gaming house in which two of these machines and a slot machine were operated. He said he was ignorant of the law, having only settled here a year ago after forty years at sea.

Mr. Whittaker appeared for the owner of the machines and asked that they be not confiscated. A recent ruling by a Vancouver magistrate made the machines legal, he said.

C. L. Harrison, prosecutor, suggested if this point were to be argued it be set over to a later date.

Says Health Plan Is Vitally Needed

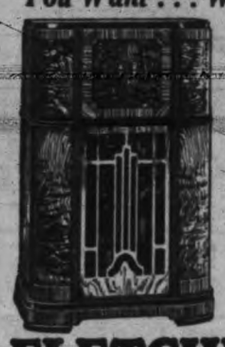
To combat and offset the physical depreciation in the people of the province caused by the depression, health insurance is a vital necessity, Alan Chambers told the South Saanich Twentieth Century Liberal Club at a meeting Tuesday in the club's Douglas Street hall.

Health insurance, he contended, was opportune because it was one of the necessary measures to end the depression and make good its ravages.

Mr. Chambers dealt also with some of the work of the new federal government, referring particularly to the reciprocal trade agreement with the United States and settlement of th trade embroglio with Japan. He forecast far-reaching legislation at the next session of Parliament.

P. B. Alexander presided and the club decided to hold a dance on January 24 at its quarters.

RCA
Choose the Music You Want . . . When You Want It!



The remarkable popularity of the RCA Victor Radio-phonograph combination shows that people are no longer content with the entertainment provided by radio alone. Musical people want to be able to enjoy programmes of their own choosing. They want operas, symphonies, great voices . . . they want good music at times when only "jazz" is offered on the air. That is why the Victor Radio-phonograph combination is the instrument most people want to-day. They are priced as low as $207.50

CITY DRUGGIST DIES SUDDENLY

E. A. Hiscocks Succumbs After Brief Illness; Was Native Son

Funeral services for Edwin Alfred (Ted) Hiscocks, well-known druggist and native son, who passed away suddenly at St. Joseph's Hospital yesterday evening, will be held on Saturday afternoon. Rev. A. deB. Owen will conduct the services at 2 o'clock at Hayward's B.C. Funeral Chapel, after which the remains will be laid at rest in the family plot in Ross Bay Cemetery.

Mr. Hiscock's death came as a great shock to his family and a wide circle of friends. He appeared in his usual health until last Saturday, and on Tuesday entered hospital for treatment, succumbing suddenly yesterday evening.

He was born in Victoria fifty-two years ago, a son of the late Mr. and Mrs. Edwin H. Hiscocks. After receiving his early education in the local schools, he went to the University of Toronto, graduating in pharmacy in 1910.

He returned to Victoria to join his father in the drug firm of Dean and Hiscocks, and after his death's death took over his partnership with Willis M. Dean. Following the death of Mr. Dean, A. M. Clearihue joined Mr. Hiscocks in partnership, the firm now being known as Hiscocks and Clearihue Ltd.

Mr. Hiscocks was a member of the Native Sons of British Columbia, Loyal Order of Moose, the Elks and the James Bay Athletic Association and was actively interested in the work of the Fish and Game Protective Association.

He is survived by three sisters and one brother, Mrs. J. D. Coutts, Vancouver, and the Misses Elizabeth and Sophie, and Robert H. at the family residence, 690 Trutch Street; two nieces, Mrs. Elizabeth Torrance Smith, Victoria, and Mrs. A. Pakenham, Vancouver, and two grand-nephews.

Medium and Pullet Eggs Are Reduced

Price reduction of 1 cent per dozen on Grade A medium and pullet eggs went into effect this morning. The new prices in the retail market are 25 cents per dozen for medium and 23 cents for pullets.

Grade A large remains unchanged at 29 cents.

At the same date last year the retail prices were: Large, 27 cents; medium, 25 cents, and pullets, 24 cents.

The price of butter remains firm.

WILL RETIRE CITY BONDS

Retirement of $256,215.34 city bonds and debentures will be effected by the city this year, making a saving of $17,164.72 in interest charges and sinking fund payments in 1937, as compared with 1936 charges in respect to those by-laws, D. A. Macdonald, city comptroller-treasurer, announced to-day.

Bonds to be retired this year, together with their annual interest and sinking fund charges, are as follows:

Electric lighting by-law, 1911, $25,000 at 4 per cent, matured January 12, 1936; interest paid $489.04; sinking fund charge $600.25.

Electric lighting by-law, 1911, $50,000 at 4 per cent; interest payable this year $2,241.10; sinking fund $1,200.

School purposes, 1911, $131,215.34 at 4 per cent; interest payable this year $5,881.33; sinking fund $3,926.

Streets and bridges, 1886, $50,000 at 5 per cent; interest $2,500; sinking fund $327.

Total bonds $256,215.34; interest this year $11,111.47; sinking fund $6,053.25.

Members of the Rotary Club at their luncheon in the Empress Hotel to-day were reminded of the telephone bridge, which the club has arranged for January 24. All members were urged to take part.

New Companies Incorporated

Seven new companies, including two reincorporations in Victoria, were included in the list issued papers by the Registrar of Companies this week.

The list follows:

Davies Paper Box Company Ltd., $50,000, Victoria.

Hatt's Stove Works Ltd., $20,000, Victoria.

Tynan and Beswick Ltd., $25,000, Vancouver.

J. C. Adam and Co. Ltd., $10,000, Vancouver.

Guaranty Tailors Ltd., $10,000, Vancouver.

Medical Appliances Ltd., 10,000 shares of no par value, Vancouver.

Cross and Co. Ltd., 25,000 shares of no par value, Vancouver.

One extra provincial company, Carpenter-Hixon of Line River, Ontario, and Vancouver, was incorporated. It is capitalized at $7,000,000, a lumbering concern.

BOARD NAMED FOR EXCHANGE

Social Service Organizations Will Each Appoint Member, Annual Meeting Decides

The board of the Central Exchange of Victoria was to-day chosen at the annual meeting held at Spencer's dining-room. All social service organizations of the city were represented. F. E. Winslow, president of the exchange, occupied the chair.

In making the nomination for the board for 1936, Hew Paterson pointed out that over thirty agencies used the exchange. The board in the past has been composed of three members from public agencies and nine representing the private agencies.

The board for the coming year will consist of one representative of each of the following: City of Victoria, Provincial Welfare Department, Municipality of Saanich, Army and Navy Veterans' Association, Children's Aid Society, Catholic Women's League, Friendly Help Welfare Association, Junior Auxiliary of Jubilee Hospital, Oak Bay Friendly Help Association, Sunshine Inn, Victorian Order of Nurses and Y.W.C.A.

Dr. Arthur Crease, medical superintendent of the Provincial Mental Home at Essondale, was the guest speaker. He spoke of various phases of medical cases and stressed the importance of preventive work.

Annual reports were submitted by Mr. Winslow and Mrs. Barr, secretary of the exchange. Both pointed to the excellent work done by the exchange during 1935.

VOTE PILES UP ON LIBRARY PLAN

Out of thirty-one island districts reporting to date, twenty-six are in favor of the union library plan and five are against, according to returns made to the provincial secretary's office. There are forty-six island districts balloting.

In the Okanagan, where a similar vote is being taken, out of sixty-two districts voting, reports are in on twenty-three, of which twenty-two have voted in favor.

In West Kootenay nine out of ten districts have gone in favor, with thirty-five districts yet to report.

Announcements

DIED

FOX—At the family residence, 1138 Richardson Street, Ann Fox, widow of William Fox, aged eighty-seven years; born in Belfast, Ireland, and a resident of this city for forty years. She is survived by two daughters, Misses Winnifred and Dorothy Fox; and one son, Frank Fox, all in Victoria.
The remains are reposing in Hayward's B.C. Funeral Chapel, from where the funeral will be held on Friday, January 17, at 3.15 p.m., Rev. A. de B. Owen officiating. Interment in the family plot in Ross Bay Cemetery.

HOLLETT—On Tuesday, January 14, 1936, there passed away at St. Joseph's Hospital, Eileen Violet Hollett, daughter of the late Frederick Lewis Hollett of the 16th Battalion, Canadian Scottish. The deceased was nineteen years of age; born in Preston, Lancashire, England, and a resident of this city for the last seventeen years, residing with her mother, Mrs. Margaret Hollett of 478 Sturdee Street, Esquimalt. She is survived by, besides her mother, two sisters, Nellie and Marjorie, at home; an aunt in England, and an uncle in Quebec, also Frank and Cecil of this city.
The funeral will take place on Friday, January 17, the cortege leaving the Sands Mortuary Chapel at 1.40 o'clock, and twenty minutes later services will be conducted in St. Paul's Garrison Church by Rev. Allan Gardiner, and the remains will be laid at rest in the family plot in Ross Bay Cemetery.

ADENEY—On Tuesday, January 14, at the Royal Jubilee Hospital, Beda Adeney, aged fifty years; wife of John Adeney of 251 Cook Street. The late Mrs. Adeney was born in Sweden and had resided here for twenty-two years. She is survived by her husband, and one daughter, Miss Marie, at home.
The funeral will take place on Friday afternoon, at 2 o'clock, from McCall Bros.' Funeral Home. Rev. R. L. Krook will conduct the service, after which interment will be in Colwood Burial Park.

STALL FOR RENT I

Parents Should Not Visit Stars

Hollywood.—A modern mother's place to-day need not necessarily be in the home but if the mother happens to have a daughter engaged in a film career that mother should keep away from the studio in which her offspring works.

That is how Eleanore Whitney's mother feels about it. Eleanore is the eighteen-year-old dancer discovered by Bill Robinson and now under contract in Hollywood.

While Eleanore was working in "Millions in the Air," William LeBaron's latest production, Mrs. Whitney came no nearer to the studio than the gates.

"I know Eleanore better than anyone else and I have not the least interest in chaperoning her or getting in the way where she works," said Mrs. Whitney. "I think mothers of artists have, in nine cases out of ten, absolutely no business on movie lots. After all, if the studios engage the daughters, it's the daughters, not the parents, they are interested in."

FERNWOOD
NEAR HIGH SCHOOL

Cosy little 4-room Bungalow, with open fireplace, full-size cement basement, furnace and laundry tubs. This is a compact, well-built home in excellent condition, and within walking distance of town. Absentee owner offers this, with clear title, for **$1,000**

ESTATE OF BANT SINGH, DECEASED, Otherwise Known as Banta Singh

Notice to Creditors

NOTICE IS HEREBY GIVEN that all creditors and other persons having any claims or demands against the estate of Bant Singh, deceased, otherwise known as Banta Singh, late of the City of Victoria, in the Province of British Columbia, who died intestate on or about the 29th day of September, 1932, in the Village of Jahaman, District of Hoshiarpur, Punjab, India, administration of whose estate was granted on the 13th day of January, 1936, in the Victoria Registry of the Supreme Court of British Columbia, to Rupert Leslie Cox, Official Administrator in and for the County of Victoria; are hereby required to send by post prepaid full particulars in writing of their claims and demands, verified by Statutory Declaration to the undersigned, on or before the 17th day of February, 1936; and all parties who have any assets belonging to or who are indebted to the said deceased are required to forward particulars of same to me forthwith; and that the said Administrator will, after the last-mentioned date, proceed to distribute the assets of the said intestate among the parties entitled thereto, having regard only to the claims and demands of which he shall then have had notice.

AND TAKE FURTHER NOTICE that pursuant to Section 28 of the "Trustee Act" the said Administrator will not be liable for the assets of the said intestate, or any part thereof so distributed, to any person or persons of whose claims and demands he shall not have had notice by the said 17th day of February, 1936, and that he will make final distribution of the assets at the expiration of one year after the death of the said deceased.

DATED at Victoria, B.C., this 16th day of January, A.D., 1936.

R. L. COX, Official Administrator, County of Victoria; Administrator of the Estate of Bant Singh, deceased, otherwise known as Banta Singh; 519 Central Building, Victoria, B.C.

LITTLE THEATRE PRODUCES "THREE-CORNERED MOON"

The Little Theatre has acquired considerable reputation for the quality of its stage sets. In "Three-cornered Moon" which is being produced at The Empire Theatre shortly, the public will see one of the best sets that this company has offered.

Constructed under the supervision of Boyd MacGill, scenic artist, an unusually pleasing effect has been secured in wall decoration, particularly in the hall, which forms a very striking contrast in tone with the main part of the set.

A prominent feature on the left of the stage is a stairway constructed by Leo Marston. It is of striking design and of great stability, yet is so made that it may be taken apart by the removal of a few bolts.

In "Three-cornered Moon" a brilliant comedy, the public will have an opportunity of seeing again such well-known actors as Fraser Lister, Harry Eke and Margaret Swanson.

Others taking part are: Christine MacNab, Bill Findlay, Peggy Josephs and Sheila Boyd.

Nearly $36,000 has been subscribed to the Los Angeles Community Chest to date by Paramount Studios personnel, according to figures compiled by L. R. Davison of the personnel department.

The 1935 figure is more than $6,000 over that of the same studio a year ago.

JAMES LEVEY IS AUTHORITY

James Levey is the new leader of the Hart House String Quartette which will appear at the Empress Hotel on Thursday evening, January 23. As a recognized world authority on quartette work, Victorians will be glad to welcome Mr. Levey to the city.

Says The Toronto Telegram: "The new Hart House String Quartette is giving music as only the few world-famous quartettes have been able to give it. No wonder every box has already been sold for the Quartette's recital in New York City, more than three months hence, while new applications for bookings in the United States and Canada are coming in every week."

The Beaux Arts Society and Violet Wilson will bring the Hart House Quartette to Victoria.

CAPITOL THEATRE

There are plenty of laughs in the new Paramount comedy romance, "The Bride Comes Home," which is now showing at the Capitol Theatre, where it has been attracting large audiences.

Claudette Colbert and Fred MacMurray have two of the leading roles in this entertaining film and there is a host of other popular Hollywood stars.

Where To Go To-night
As Advertised

Capitol—Claudette Colbert in "The Bride Comes Home."
Columbia—John Wayne in "Paradise Canyon."
Dominion — Margaret Sullavan in "So Red the Rose."
Playhouse—Sylvia Sydney in "Accent on Youth."
Little Orpheum — Joe Penner in "College Rhythm."
Crystal Garden—Swimming.

POPULAR TEAM AT PLAYHOUSE

Sylvia Sidney and Herbert Marshall Seen in "Accent on Youth"

The pungently humorous story of a man who thought he had escaped love, then found himself caught up in the love of his life is revealed in Paramount's "Accent on Youth," which comes to-day to the Playhouse Theatre.

Starring Sylvia Sidney and Herbert Marshall, this adaptation of Broadway's comedy hit of the season revolves about a man in his forties who thought that he was too old for love, until he found out that no man in love is ever old.

Marshall is the man. A successful playwright, he loves his secretary, knows that she reciprocates his feeling, yet hesitates to propose.

When his young rival, Phillip Reed, finds the going hard, Marshall aids him. Reed marries Sylvia Sidney and takes her away on his honeymoon, but that is not the end of the story.

Away from Marshall, she is happy for only a short time. Reed's romantic nonsense, his lack of feeling turn her thoughts back to Marshall.

Also being shown as the second feature on the same programme is Lionel Barrymore in "Mark of the Vampire."

"Paradise Canyon" At The Columbia

When the executives of Lone Star Productions had completed the casting for "Paradise Canyon," starring John Wayne, which comes to the Columbia Theatre for a run of three days, starting to-day, they might well have wondered whether the script could be rewritten into a football yarn. For, in addition to Wayne, who was a star tackle on the Trojan grid squad a few years ago, Paul Schwegler, All-American tackle from the University of Washington, and Bob Morrison, also a mainstay of former U. S. C. elevens, were members of the "Paradise Canyon" cast.

Ginger Rogers Will Star Here

"In Person," which opens to-morrow at the Dominion Theatre with Ginger Rogers in solo stardom, is ample proof that the actress merits her place in the top screen rank and ushers her to her new position with a story that is highly entertaining throughout.

A comedy-drama packed with fascinating situations, "In Person" focuses on an arrogant, pampered screen celebrity. She is temporarily transformed into a meek, nerve-wracked lass when she is mobbed by admirers. She hides her loveliness behind a disguise and seeks seclusion in a sympathetic stranger's log cabin.

Eventually she falls in love with him, but he is so annoyed by her egotism that not even the revelation of her identity can make him warm to her. The story finds much humor in Miss Rogers's frantic attempts to lure her host into a proposal, with her campaign of charm and stratagem climaxing in a novel shotgun wedding.

Miss Rogers turns in a flawless performance skilfully balancing romance and comedy. Her distinctive dancing and singing ability is given vent in several dance routines and three popular songs.

Separated from Fred Astaire and his winged feet, Ginger Rogers is "tops" in this, her first solo performance. She proves, as the star of RKO Radio's "In Person," that she can depict romantic drama as deftly as light comedy, and, of course, her singing and dancing is admirable.

Also to be shown as the second feature are Margaret Callahan and Addison Randall in "His Family Tree."

"College Rhythm" At the Orpheum

A college comedy, with a background of beautiful girls and choruses, and brand new hit tunes by Gordon and Revel, Paramount's "College Rhythm" opened at the Little Orpheum Theatre to-day.

Introducing Joe Penner, nationally famous radio comedian in his first feature picture role, "College Rhythm" features Lanny Ross, Jack Oakie, Helen Mack, Lyda Roberti and Mary Brian in a cast that includes 150 members of the all-American co-ed chorus.

The story deals with the college rivalry of a piccolo player and an All-American halfback who love the same girl. When they graduate they carry their feud and their collegiate ideas over into the department store business.

OUT OUR WAY By WILLIAMS

IN PICTURE AT THE CAPITOL

Three of the stars in the new picture, "The Bride Comes Home," which is now at the Capitol Theatre.

"Pal Matinee" At Orpheum To-morrow

The Little Orpheum Theatre will hold a special attraction for kiddies Friday and Saturday, taking the form of a "Pal matinee," whereby two children will be admitted for one ticket.

A special booking has been arranged for the event, comprised of three feature pictures. A real western thriller is to be found in "Home on the Range," starring Jackie Coogan and Randolph Scott. "Kentucky Kernels" stars Wheeler and Woolsey at their most hilarious best, while "College Rhythm" features Joe Penner, Jack Oakie and Lanny Ross.

This special entertainment will be on the bill Friday from 3 to 7 p.m., and Saturday morning from 10.30 until 4 p.m.

Marx Brothers Here Saturday

The four famous Marx Brothers in their latest picture, "A Night at the Opera," will open its Victoria engagement at the Capitol Theatre on Saturday.

By actual stop-watch timing there are seventy minutes of solid laughs in the latest hit of the Merry Madcaps, which was produced for Metro-Goldwyn-Mayer by Irving G. Thalberg.

Fifty minutes of laughs were actually timed by Director Sam Wood when the Marx Brothers took their story (written, incidentally, by George S. Kaufman, who wrote "Coconuts," in collaboration with Morrie Ryskind) on a tour of Pacific Coast cities before a single scene was filmed. The additional twenty minutes of chuckles were added in the studio.

Prices Fluctuate In Characterless Wall St. Session

Associated Press

New York, Jan. 16.—Utilities, coppers, steels and a number of specialties stiffened a rather characterless stock market at the finish to-day.

Oils lost their recent leadership as profit-takers got to work. Communications issues were active and higher. American Telephone advanced sharply to a new high for 1935-36.

The closing tone was steady. Transfers totalled around 3,000,000 shares.

The market improved moderately after an active opening. The stock ticker was a little behind at times during the first hour. A rally led by steel and specialty shares was short-lived.

Realizing pressure turned prices a little ragged late in the morning, while turnover decreased. At the beginning of the final hour unchanged to slightly higher levels were general.

French francs partly recovered from early weakness after Premier Laval received a vote of confidence. Other exchanges lost against the dollar. Cotton worked lower. Grains were steady to firm. Prices improved in the bond market.

Advances of sizeable fractions to two points were registered by Bethlehem, Consolidated Gas, American Telephone, Newport Industrials, Greyhound, Deere, Inspiration Copper, Calumet & Hecla, Anaconda, U.S. Pipe, International Telephone and Western Union.

Small losses were suffered by Pure Oil, Houston, Standard Oil of N.J., General Motors, Case and Union Pacific.

(By H. A. Humber Ltd.)

Dow Jones averages closed to-day as follows:

Thirty industrials—145.92, up 0.26.

Twenty rails— 46.24, up 0.08.

Twenty utilities—31.36, up 0.53.

The range of to-day's averages was as follows:

INDUSTRIALS

11.00—146.10, up 0.44.
12.00—145.51, off 0.15.
1.00—145.92, up 0.26.
2.00—145.99, up 0.33.

RAILS

11.20—43.26, up 0.10.
12.00—43.10, off 0.06.
1.00—43.23, up 0.07.
2.00—43.25, up 0.09.

UTILITIES

11.00—31.28, up 0.45.
12.00—31.08, up 0.25.
1.00—31.30, up 0.47.
2.00—31.35, up 0.52.

BASE METALS UP IN EAST

Toronto, Jan. 16.—Base metals turned strong in the afternoon transactions on the Toronto mining market while minor recessions were boarded in the golds and silvers.

Noranda gained a point to 48 and gains of 5 to 10 cents were boarded for Falconbridge, Sherritt and Sudbury Basin.

Heavy buying in Castle moved the price up 6 cents to $1.55. Eldorado weakened a few cents.

Hollinger and Bralorne were off minor amounts and Wright Hargreaves 20 cents to $8.

Steady prices ruled elsewhere.

Submarines Drew U.S. Into the War

Morgan Resents Insinuations That British Money Was Deciding Factor

Associated Press

Washington, Jan. 16.—Resentment at what he said was an insinuation that "we were bought into the war with English money" was expressed by J. P. Morgan to-day at the Senate investigation of war-time finance.

Chuckling but none the less positive in his assertion, the elderly financier swung on Senator Clark, Missouri Democrat, with this:

"You are saying we were bought into the war with English money and I don't like the insinuation."

An investigator for Senator Clark and the other committee members had just contended this government, before entering the world conflict, tried to keep United States banks liquid and ready for war but not to stop trade with the Allies.

Mr. Morgan puffed furiously at his pipe as he once again disputed the committee's view that American interest in trade with the Allies, rather than submarines, led this country into the conflict.

At the outset of to-day's hearing, an extract from the diary of Col. Edward M. House, confidential adviser to Woodrow Wilson, was introduced to show Secretary of State Lansing wanted the wartime president to break with Germany early in January of 1917.

WOMEN DRIVE TRUCKS

Oklahoma City, Jan. 16.—Jobs approved for women by the state Works Progress Administration include truck driving, danger flag waving and fossil bone scraping, as well as sixty-six other types of employment.

METALS LEAD AT MONTREAL

Canadian Press

Montreal, Jan. 16.—Brisk demand developed for metals during the last hour on Montreal Stock Exchange today.

Consolidated Smelters boosted seven points and International Nickel and Noranda each were about a point or so higher.

Liquors continued on the downside with "A" and "B" shares of Canadian Industrial Alcohol down about ½ each.

Power issues displayed irregularity.

No Naval Race Declares Japan

(Continued from Page 1)

report of the developments to President Roosevelt.

The conference was called to reconvene at 3.30 p.m. to-day to hear this communication.

By GEORGE HAMBLETON
Canadian Press Staff Writer

London, Jan. 16.—Grave decisions lie before the British Commonwealth of Nations. The withdrawal of the Japanese from the International Naval Conference, while it does not end the conference itself, means that the "Pacific truce" established by the Washington Treaty of 1922 is gone.

A year ago Japan denounced the treaty. It will expire at the end of 1936 with nothing to take its place.

All representatives of the Dominions conferred with the British naval conference delegates at the Foreign Office this morning. High Commissioner Vincent Massey represented Canada.

The cardinal principles of the Washington Treaty were:

1. The naval ratio system, allowing the United States five to the British Commonwealth's five to Japan's three.

2. An agreement not to fortify certain islands in the Pacific.

3. The integrity of China, with the maintenance of the "open door."

NEW FORTIFICATIONS

At the time of these arrangements the United States was proposing to create first class naval bases at Manila and Guam. Japan was fortifying the Bonin Islands. The treaty checked these preparations and kept the fleet bases of the chief Pacific powers out of battle range.

With the Washington Treaty out of the way after December 31, 1936, no check will remain on the Pacific powers.

Associated Press

London, Jan. 16. — The Four-Power Naval Conference, at its initial session following the secession of Japan, agreed to-day to take up consideration of a mutual exchange of shipbuilding information.

The conferees: Great Britain, the United States, France and Italy, decided in principle such an exchange was esential. They will attempt to frame an agreement on this subject.

Their decision marked not only the first action of the four-power conference, but the fisrt agreement since the international parleys began in December.

American officials were jubilant that this progress had been made at the first meeting.

Japan, which frankly disavowed any intention of precipitating an international naval building race, was not represented to-day, but was invited to send observers to the next meeting to-morrow.

Report Lindberghs Soon to Go to Italy

Canadian Press from Havas

Rome, Jan. 16. — Reports that Col. Charles A. Lindbergh will move his family from Wales to Alassio, on the Italian Riviera, were published today in the Rome newspaper Messagero.

Wheat Prices Firm In Quiet Dealings On Winnipeg Mart

Canadian Press

Winnipeg, Jan. 16.—Unaffected by weakness at Liverpool, usually a major factor in determining price trends here, wheat futures were quietly steady on the Winnipeg Grain Exchange to-day. Values closed ¼ to ½ cent higher, May at 87¾, July 88⅜ and October 87⅜ cents.

Export sales of Canadian wheat estimated at 500,000 bushels gave the market sufficient support to absorb light offerings.

Liverpool, weak throughout, closed ⅞ to ⅜d lower, while prices at Chicago were irregularly lower. Buenos Aires was steady, ¼ to ⅜ cent higher at noon.

Cash and coarse grains spreads were quietly firm.

Chicago, Jan. 16 (Associated Press). —In desultory fashion, wheat fluctuated within narrow limits to-day, and finally made slight net gains.

Flour demand remained on a hand-to-mouth basis. Canadian wheat export business was estimated at 500,000 bushels, with the government wheat board furnishing supplies at steady quotations.

Wheat closed firm, ⅛ to ½ above yesterday's finish, May 100¼ to 100⅜, corn unchanged to ⅛ up, May 60, oats also unchanged to ⅛ higher, and provisions unchanged to 27 cents down.

RECESSIONS AT TORONTO

Canadian Press

Toronto, Jan. 16.—Fractional recessions spotted the Toronto industrial share board at the close to-day, with trading heaviest in the oils.

Nickel was up ¾ and Smelters 3 points. Industrial Alcohol "A" closed ⅜ down at 10⅛, and Distillers-Seagrams and Walkers had losses of ¼ to a point.

Imperial Oil retained a ¼-point advance while Supertest ordinary advanced a point to 33.

Assistance Pact Is Explained

Germany Is Told British-French Agreement Against Only Italy

Canadian Press from Havas

London, Jan. 16.—Germany and Great Britain have been conducting official conversations concerning the Franco-British naval mutual assistance plans discussed recently by the general staffs of the two nations, it was learned from usually reliable sources today.

Foreign Secretary Anthony Eden told the German ambassador, Dr. Leopold von Hoesch, the mutual assistance agreements between the Paris and London governments concerned only possible Italian aggression arising out of the Italo-Ethiopian war, and resulting from application by the League of Nations of sanctions against Italy.

Major Victory Italian Claim

(Continued from Page 1)

"important" battle of the three-month-long war between Italy and Ethiopia.

The Ethiopian defenders, although greater in numbers, were described as in "full retreat."

The Italian forces employed scores of tanks and armored cars in the conflict, as well as the native "shock troops," it was said.

The Fascist invaders precipated the clash, lashing out at the three Ethiopian columns, commanded by Ras Desta, which had long been converging slowly on the main Italian southern army, centred about Dolo, on the southwestern frontier between Ethiopia and Italian Somaliland.

By ALBERT W. WILSON
Associated Press Correspondent

Addis Ababa, Jan. 16.—An Ethiopian government communique today said a Red Cross unit headed by the British Major Gerald Burgoyne at Waldai, ninety miles north of Dessye, was destroyed in an Italian aerial bombardment and fourteen natives were killed and thirty-five wounded.

"Half the town of Waldia was destroyed by fire," the communique reported. "Seven women and seven old men were killed."

The aerial attack took place at 11 a.m. Tuesday, the government's announcement said, at the town midway between Dessye, field headquarters of Emperor Haile Selassie, and Makale, forward point of the Italian northern front.

THIRTY-FIVE WOUNDED

The communique said "thirty-five persons were wounded, mostly women and children.

"Three Caproni planes made the raid. Six big bombs, of 330 pounds each, were dropped in the court of the Red Cross unit, which was plainly marked with the Red Cross insignia.

"Tents and surgical instruments were destroyed.

"A British ambulance unit from Dessye is going to the rescue."

Major Burgoyne, Ethiopian authorities said, apparently escaped uninjured.

This was the second time Red Cross units in Ethiopia, headed by British workers, had come under Italian fire.

BRITISH STATEMENT

London, Jan. 16 (Associated Press). —The British Red Cross announced to-day that Major Gerald Burgoyne is not employed by the British Red Cross Society and that the British Red Cross unit at Dessye had not been bombed.

An Ethiopian government communique said a Red Cross unit headed by Major Burgoyne had been destroyed at Waldia, ninety miles north of Dessye.

LAVAL WINS ON TEST VOTE

(Continued from Page 1)

Obviously perturbed at the prospect of a cabinet upset, Premier Laval had called in Minister Edouard Herriot of the Radical-Socialists, and deputies said he gave warning of the danger of a financial crisis and evaluation.

RESIGNATIONS WANTED

Earlier in the day it had appeared fall of the Laval cabinet was imminent because the dominant Radical Socialists had voted to demand that members of their party resign their six portfolios in the government.

The motion was adopted by a vote of sixty-two to twenty at a session of the Radical Socialist party's representatives in the Chamber of Deputies.

In addition to Minister of State Edouard Herriott, who recently resigned the presidency of the Radical Socialist Party to support Premier Laval in criticism over the now-abandoned plan for Italo-Ethiopion peace he drew up with former British Foreign Secretary Sir Samuel Hoare, the Radical Socialist members of the Ministry are:

Joseph Paganon, Minister of the Interior; Marcel Regnier, Minister of Finance; Georges Bonnet, Minister of Commerce; Henri Paupoil, Minister of Pensions, and William Bertrand, Minister of Merchant Marine.

Some Radical Socialists sought overthrow of the cabinet to "liberate" Herriot from the ministerial ranks and permit him to reassume the party presidency, to prevent former Premier Edouard Daladier, his left wing rival within the party, from taking the presidency.

CALGARY LIVESTOCK

Calgary, Jan. 16 (Canadian Press)—Receipts Wednesday: Cattle 880, calves 51, hogs 520, sheep 83. Thursday, to noon: Cattle 71, calves 1, hogs 68, sheep 24.

Cattle trade slow; common to medium butcher steers $3.50 to $4.50, good cows $2.75 to $3, medium to good stocker and feeder steers $3 to $3.75.

Hogs steady; selects $8, bacons $7.50, butchers $7, off trucks.

GRAIN EXCHANGES MAY ALTER HOURS

Associated Press

Chicago, Jan. 16.—Board of Trade officials to-day said they were considering advisability of changing trading hours March 1 when the city adopts eastern standard time. The change is being considered to minimize any inconvenience that may be experienced by grain shippers in territory tributary to the Chicago market.

The proposed trading hours under the new time would be from 10 a.m. to 2 p.m. instead of 9.30 a.m. to 1.15 p.m., as at present.

Winnipeg, Jan. 16 (Canadian Press). —Any change in the hours of trading on the Chicago board when the Illinois city goes on eastern standard time March 1, as reported from Chicago to-day, will be followed by the Winnipeg grain exchange, it was believed here.

Owing to the extensive intermarket business between Winnipeg and Chicago it has been found desirable here for the two markets to open and close at the same time, and any change in Chicago's hours of trading has always been followed by the Winnipeg market.

Board of Trade officials, Chicago reports said, were considering changing the hours from 9.30 a.m. to 1.15 p.m. C.S.T., as at present, to 10 a.m. to 2 p.m. E.S.T. This would mean, if the Winnipeg market fell into line, the grain exchange would be open for trading from 9 a.m. to 1 p.m. C.S.T.

BOND MARKET IMPROVEMENT

Associated Press

New York, Jan. 16.—The bond market appeared inclined to resume its advance to-day.

Federal treasury issues were especially firm.

Rail loans were higher. Foreign issues held steady.

Reno, Bralorne and Island Mountain Up On Mainland Market

Canadian Press

Vancouver, Jan. 26.—Dentonia was fairly active during the morning session of the Vancouver stock exchange to-day, stock turning over 3,000 shares to end with a decline of ½ a cent at 29 cents.

Minto remained most active of the list, attracting a total volume of over 12,000 shares. Following a slight display of strength Wednesday, price tended to ease again and closed off ⅛ a cent at 8.

Total market transactions were small, volume dropping to a close of 68,000 shares. Bralorne was more active, advancing 5 cents, while Pioneer brought improved trading to remain unchanged at the close.

Island Mountain scored substantial gains in light trading, price jumping 5 cents. Reno closed up 2 cents. Congress, B.C. Nickel, Big Missouri, Wayside and Sheep Creek were quieter and remained unchanged.

Tarzan The Untamed

For half a minute Tarzan stood noting distant landmarks that he judged might be in the vicinity of the fallen plane. For no sooner had he realized that the British Lieutenant and the Red spy were again in trouble than his inherent sense of duty to his own kind impelled him once more to forego his plans and aid them.

He feared from what he judged of the machine's location that it had fallen among the almost impassable gorges of the wastelands. And he believed that the slender English youth and the slight girl he had befriended were probably killed. Yet there was a chance that they might have landed without fatal injuries.

And so upon this slim chance the ape-man started out upon what he knew would be an arduous journey that he might attempt to save the two if they still lived . . . Meanwhile, Lieutenant Cecil worked for two days upon the damaged plane, though from the first he realized the case was hopeless.

At last he told Olga. "I knew it," she said calmly. "I have done my bit for my country; I have found you again, and now, all I hope for is a quick release from prolonged suffering. But while we have food and water, I must tell you what, 'til now, I have kept secret from all the world."

The Gumps

Dorothy Dix's Letter Box

DEAR MISS DIX—I am well and strong, well educated and equipped to hold down my job. I am in my forties. My work takes me here and there, keeps me keyed up and I enjoy it. I am a widow with an only child. She is married, and both she and her husband insists upon my coming to live with them.

My daughter is very unhappy because I refuse to do so. She thinks it is my duty, but I think that I am a far greater help to her by being able to assist her financially than I would be sitting in the chimney corner just being grandma and having to be supported myself. I don't believe in mothers going to live with their married children. Besides, I like my own life and want to live it. What do you say?

A MODERN MOTHER-IN-LAW.

Answer—Right you are, lady, and if there were more mothers like you, who had the grit and the spunk to go out and make their own bread and butter and live their own lives instead of settling down on their children, it would do as much as any one thing to promote human happiness.

When mother goes to live with her children, grief walks in at the door. It is a toss-up which is the most miserable—the daughter or daughter-in-law or the mother. On the one side you have the young woman who has to put up with the whims and crotchets and fault-finding and complaining of an older woman who is dissatisfied because she has been taken out of her own environment and who interferes with everything because she is bored and has nothing to do.

On the other hand, you have a woman who finds that she has either to be a rubber stamp in her children's houses, or else a firebrand; who finds the days endless because she has neither work nor interests with which to fill them; who is lonely and friendless because she knows no one but her daughter's friends and she has nothing in common with them.

Of course, when Father dies the children are actuated by the most affectionate motives when they beg Mother to give up the old home and come and live with them. And they pat themselves on the back when they tell Mother that she has worked long enough, and that they will support her and take care of her. But, in reality, they are doing the unkindest thing they could to mother. She would be a million times happier if they would leave her in her own home and in her own environment and get some old crony to bear her company.

No woman can be at the head of her own house for thirty or forty years and ever be content to play second fiddle in some other woman's home. Nor can any idle woman ever be happy after spending a busy lifetime running her own home. The habit of work is too strong on her.

Of course, there are many cases where a woman is old and feeble when it is necessary for her to go to live with her children, but there are thousands upon thousands of women who are still strong, healthy and capable of supporting themselves. It is a shame when they become parasites on children who are not able to support them and who have all they can do to provide for their own families. These women would be a thousand times happier if they struck out for themselves and supported themselves, had their own homes and lived their own independent lives.

So I urge this correspondent not to accept her daughter's and son-in-law's invitation to live with them. If she gives up her good job and settle down with them to be just a baby nurse and kitchen helper, she will be an old woman in a few years. She will find that between Mother who is a gay guest coming for an occasional visit and Mother who has become a household encumbrance—between Mother who has money to give and Mother who has to share her son-in-law's small salary—there is a great gulf fixed.

DOROTHY DIX.

* * * *

DEAR MISS DIX—What's the matter with people who dump their youngsters on the whole neighborhood? Why don't mothers realize that they should keep their children home once in a while in mercy to other women? There is a family living near me that has two little girls who simply live at my house. At lunchtime I tell them to go home. They say that their mother doesn't get them any lunch and they sit down at my table and ask for something to eat. I wouldn't mind it so much if they were clean, but they are as dirty as pigs. I am getting so that when I see them coming I could scream. Please tell me what to do. MRS. B.

Answer—Report their mother to the Society for the Protection of Children from Cruelty. Perhaps the shock she will get when she finds out that her neglect of her children is a public disgrace, and that they are likely to be taken away from her if she does not look after them better will bring her to her senses and make her take better care of them.

Anyway, if she knows that her treatment of her children is a neighborhood scandal and that all the women are looking at her askance, chances are that she will move. But there are lots of women who dump their children on the neighbors. When they want to go downtown shopping, to gad the streets or to go to the movies, they simply turn the poor little creatures out on the street to freeze or starve unless some woman with more heart than they have warms and feeds them. And that these children are pests to the neighbors is no concern of their mothers. They should worry, as long as they don't have to get dinner for hungry youngsters, or keep them entertained and amused.

There ought to be something dreadful with boiling oil in it done to mean mothers.

DOROTHY DIX.

* * * *

DEAR DOROTHY DIX—I have been working in a doctor's office and have fallen in love with each other. He is married and has two children. His wife knows about our affair and has been very ugly about it. She has asked me to leave the office, but he doesn't want me to and I don't want to leave him. He says he will divorce his wife and marry me. Do you think I would be happy with him? Don't you think I have a perfect right to go on with him and to make him happy? He has had many other love affairs, but says I am the only one he ever really loved.

D.S.

Answer—It's too bad about his wife not being pleasant about your taking her husband away from her. Such shocking manners. If you marry your doctor, I hope you will show more suavity about it when some girl who is younger and better-looking than you are takes him away from you.

I confess, however, that I agree with you in your strictures on the wife. She not only showed lack of taste but also lack of sense. Any woman who has a philandering husband who can't be trusted out of sight should be so glad to get rid of him that she would present him to her rival on a silver salver

As to your right to steal another woman's husband from her, that is simply on the same ethical par with your right to steal any other kind of property that you desire and that you can get your hands on. You can't justify that to your conscience. There is no use in trying.

But don't forget that thieves have to pay for their wrongdoing. Your retribution will be in being treated by some other woman as you have treated a sister woman. The man who is faithless to one woman will be faithless to another.

DOROTHY DIX.

HOROSCOPE

"The stars incline, but do not compel"

FRIDAY, JANUARY 17, 1936

Conflicting planetary aspects are discerned in the horoscope for to-day. According to astrology there may be unsettling and disturbing influences.

Opinions may be vacillating and decisions difficult to reach. It is an unfavorable rule for promoters or salesmen.

Men and women will change their political affiliations in coming months when many supreme issues are at stake, but the seers foretell that President Roosevelt will be successful.

Good news regarding trade and commerce now will encourage more generous spending among householders. Women will profit greatly through bargain sales, but the wise will buy only the best products.

Among reactionary influences will be one that encourages real values in jewelry and richness in materials for women's wear. The period when cheap prices were more attractive than quality has passed, it is asserted

This is an auspicious date for signing legal papers. Government contracts are subject to the best possible direction of the stars.

As prosperity appears to be widespread in the United States the stars indicate that numerous perils to peace are lurking. Diplomats will be put to many tests.

Education is subject to stimulating influences, but radical changes in trends and in policies are prophesied for schools and colleges. A university is to lead in directing practical reforms that include sports.

Persons whose birthdate it is have the augury of a year of success that includes journeys and new contacts. Women may expect much happiness.

Children born on this day probably will be talented and energetic. Certain subjects of this sign may be of unusual mentality and character.

Benjamin Franklin, statesman, scientist and philosopher, was born on this day, 1706. Others who have celebrated it as a birthday include A. B. Frost, illustrator, 1851; Count Vittorio Alfieri, Italian dramatist and poet, 1749, and Charles Brockden Brown, novelist and poet, 1771.

Two Escape From Industrial Home

Canadian Press

Vancouver, Jan. 16.—Two boys of juvenile age have made their escape from the Boys' Industrial School at Coquitlam, a few miles from New Westminster, it was reported here by police.

One of the boy's homes, it was reported, is in Victoria, while the other's residence is in Vancouver.

HURT ON SHIP

Vancouver, Jan. 16.—W. Greig, oiler aboard Ms. Pacific Pioneer, was taken to hospital yesterday with a mangled left hand and forearm, suffered when he was caught in a revolving belt in the engine-room of the ship.

Piles Go Quick

With Dr. Leonhardt's Prescription

Many sufferers from itching, bleeding or protruding piles have found out that quick relief can be had with an internal medicine.

Bad circulation of blood in the lower bowel is the cause of piles. The veins are congested and flabby, the bowel walls weak. That is why an internal medicine like HEM-ROID should be used. HEM-ROID stimulates the circulation, relieves the pressure of blood in the veins of the lower bowel and helps to heal and restore the sore, tender parts.

HEM-ROID is the prescription of Dr. J. S. Leonhardt, who spent several years of his professional life in finding the cause of piles and the medicine that would remove them. His medicine succeeds because it tends to correct the cause.

No matter what kind of piles you have or how long you have had them, if you want to try HEM-ROID, you have our promise to give you back your money if you do not find quick and satisfying relief, after using just one bottle.

MacFarlane and Vancouver Drug Stores or any druggist can supply you.

Men Injured When Snow Buries Train

One Car Virtually Crushed By Snowslide in High Sierras of California; Men "Tossed About Car Like Pebbles"

Colfax, Calif., Jan. 16.—Fifteen men were injured, three seriously, when a snowslide virtually crushed one car of the Southern Pacific's westbound transcontinental train, Pacific Limited, near Donner Summit, in the high Sierras yesterday evening.

The snow, sodden with recent rains, swept down the precipitous mountainside, smashed through snow sheds protecting the track and engulfed the third car from the end of the train just as it was pulling into Eder station, forty miles northwest of here.

The seriously injured were: J. C. Stevenson, crushed chest and arm; H. R. Welter, crushed chest and arm; A. G. Hayden, crushed chest, arm and shoulder. All are of Salt Lake City.

IN SPECIAL CAR

The injured men, all riding in a special car chartered by a Salt Lake group en route to Oakland to attend an automobile dealers' convention, were attended by Dr. Edna Jackson Carver of Steamboat Springs, Nev., a passenger on the train.

Hayden, Stevenson, Walter and J. L. Gorman of Oakland, porter, who suffered an injured back, were confined to their beds. It was understood they were to be taken to a hospital at Oakland.

The men were grouped in various sections of the car when the slide struck. W. A. Sheppard, who was with E. A. Snyder and P. M. Seese, in the rear compartment, gave a vivid account of what happened. The three men are Salt Lake City citizens.

"There was no warning of the slide," he said. "It hit like a bullet. There was a tremendous crash, then pitch darkness. Three of us were tossed around the car like pebbles. We were all knocked out.

"I have no idea how long it was before I recovered consciousness. When I came to it was pitch black and I could only move a very little.

"We must have been in there about two hours.

ROOF FELL IN

"The roof of the car had come almost down upon us, leaving a space about two feet wide and seven feet long. We couldn't figure out what to do so we just lay there. After a while we thought we heard voices. We started yelling back and forth and finally made out that nobody had been killed, although several of the boys said they were hurt.

"I guess it must have been about two hours when we heard what sounded like a thumping and we all began yelling. A fellow came crawling along a little passageway. He had a flashlight and told us to follow him. We crawled out the passageway to the end door of the car and up through a hole in the snow to freedom. It was mighty good to see daylight even if it was cold and snowing pretty hard.

Virtually all of the passengers who could lay hands on shovels or other implements helped dig through the snow, which completely buried the car, which toppled over on one side after it was struck.

TO ARRIVE

JANUARY

MODAVIA, United Kingdom, January 20.
PRESIDENT GRANT, Philippines, China and Japan, January 21.
HEIAN MARU (at Vancouver), Japan ports, January 22.
AORANGI, Sydney, Auckland, Suva and Honolulu, January 24.
LOCH KATRINE, Rotterdam and London, January 25.
PACIFIC TRADER, London, Liverpool, Manchester and Glasgow, January 28.

TO SAIL

JANUARY

PRESIDENT McKINLEY, Japan, China and Philippine Islands, December 18.
HIYE MARU (from Vancouver), Japan ports, January 22.

AIR SERVICE

Canadian Airways plane leaves Vancouver daily at 9.30 a.m.; arrives Esquimalt Harbor, 10.15 a.m. Leaves Esquimalt Harbor, 3.30 p.m.; arrives Vancouver, 4.15 p.m.

Spoken By Wireless

January 15, 8 p.m.—Shipping:
KINGSLEY, Port Alberni to San Pedro, 908 miles from San Pedro.
HARMANTEH, bound Port Alberni, 440 miles west of Estevan.
EMPRESS OF RUSSIA, to leave Honolulu for Yokohama, 9.30 p.m.
WAIRUNA, bound Vancouver, from New Zealand, 2,352 miles from Vancouver.
CHOYO MARU, Yokohama to Vancouver, 1,150 miles from Vancouver.
CITY OF VANCOUVER, bound San Pedro, 1,460 miles from San Pedro.
AORANGI, Sydney to Victoria, 461 miles south of Honolulu.
PRESIDENT GRANT, Yokohama to Victoria, 2,290 miles from Race Rocks.

January 16, 12 noon.—Weather:
Estevan—Cloudy; calm; 29.92; 39; sea, moderate swell.
Pachena Point—Overcast; calm; 29.70; 44; sea, moderate swell.
Swiftsure Lightship—Overcast; light, northwest; 29.65; 46; sea, light swell.
Point Grey—Overcast; light, east; 29.65; 37; sea, smooth.
Cape Lazo—Part cloudy; light, west; 29.66; 36; sea, light swell.

Briefs From London Docks

Trade Between B.C. and England on Increase; Work Proceeds on Waterloo Bridge.

London, Jan. 1 (By Mail).—The vastly-increased trade between Great Britain and British Columbia is often evidenced in the docks of the Port of London. As a tangible instance: On December 12 no fewer than nine vessels, aggregating nearly 60,000 tons, and mostly of modern type, were discharging cargo—grain, fruit, canned goods, and other produce of that well-favored province. They were the Bessemer City, Delftdyk, Europa, Everleigh, Gothic Star, Hersanger, Pacific Shipper and Vancouver City. Add to these the M.V. Argentina (owned by Messrs. A. Johnson and Company, London, Ltd.), back from her maiden voyage to Vancouver and North Pacific ports.

Relics of Waterloo Bridge are now to be found all over the Empire—in South Africa, Australia and Nyassaland.

Nineteen blocks of stone from the Bridge have reached Auckland, New Zealand, for incorporation into the monument to Captain Hobson, first Governor of the country, which is to be erected at Orakei, Auckland.

Round the fifty-year-old Medway sailing barge Cerf a film has been made by Steuart Film Productions and was trade-shown at the end of November. A certain amount of imagination and ingenuity were evident, the theme was padded out somewhat with local history, and it must be admitted that the most attractive part of the film was that showing the annual Thames sailing barge match. Those people who are interested in river matters should look out for the film at their local cinema or at news theatres.

The King George V Jubilee Forest, planned to cover a large area of desolate land on the hills near Nazareth, was the expression of the loyal and devoted felings of British Jewry on the occasion of the Silver Jubilee of His Majesty King George V. A fund for the purpose of carrying out the scheme was inaugurated last July.

His Majesty has presented to this Forest a very fine specimen of Oriental Cypress (Cupressus Orientals) and the tree has been shipped in the motor-vessel Japanese Prince (Rio Cape Line under management of Messrs. Furness Withy). It was taken from Windsor Great Park, being transplanted from the Royal nurseries by Messrs. W. Wingate and Johnson Ltd., shipping agents of Aldersgate Street, who took special precaution to ensure its arrival in good condition.

Progress in the demolition of Waterloo Bridge has reached the stage where the roadway and stonework have been removed, together with the suspended centring. The next stage is the removal of piers five and six.

The first of three colliers ordered by the Fulham Borough Council for their huge generating station supplies of coal has just been launched. She was christened Fulham.

The new Orient vessel being built for delivery in 1937 is to be called the Orcades. A steamer formerly owned by the company bore this name.

It has bene announced that an offer by the United Baltic Corporation Ltd., for the acquisition by them of the controlling interest in MacAndrews and Company Ltd., has been accepted. MacAndrew's white-hulled fruiter motorships Pelayo, Pizarro, and others are well known in London docks.

The figures for height serve to distinguish high water from low water. Where blanks occur in the tables, the tide rises or falls continuously during three of the usual tidal periods.

The height is in feet and tenths of a foot, measured from the average level of lower low water.

THE CAPTAIN INSPECTS ONE OF THE ANCHORS

Sir Edgar Britten, commander of the giant new liner Queen Mary, is shown above standing beside one of the anchors for his new ship. It weighs sixteen tons. Capt. Britten was formerly commander of the Berengaria.

HEAVY LUMBER LOADS LISTED

Ties For China and Poplar Wood For India to Be Shipped From B.C. Ports

Vancouver, Jan. 16.—British Columbia tie exports to world markets are improving and nearly 20,000,000 feet are now being treated at the Burrard and Fraser River creosote plants.

McLean Shipping Co. Limited reports the Ss. Harmanteh will leave here in January and Ss. Uganda in February, with full cargoes of ties, totaling approximately 15,000,000 feet for Pukow, 250 miles up the Yangtse River and for Taku Bar, China.

One shipment to Taku Bar, about 5,000,000 feet, will be used for the South Manchurian Railway, whose programme includes construction of seven new branch lines.

Another large cargo, approximately 4,000,000 feet, will leave here in March for Palestine.

Two full cargoes of general, lumber and logs are also booked for China

Edmonton, Jan. 16.—Two car loads of poplar lumber, consigned to some unknown point in India and ultimately destined for match factories, is expected here Saturday from northern Alberta.

This week men have been loading the cars at Faust, on the south shore of Lesser Slave Lake, and they will form a sample shipment of the match-making industry.

British Columbia mills have for years been sending match wood to factories in China, but their shipments have been of spruce, which is much easier to obtain than popular.

The lumber will be loaded at Vancouver on the Ms. Silver Bay for India by a firm of coastal importers.

SHIP RIVALRY IS FORECAST

Glasgow, Scotland, Jan. 16.—Reports that Britain's new transatlantic liner, the Queen Mary, upon completion, may lead to a sharp rivalry in reduced passenger fares, were strengthened to-day during an inspection of the ship by newspapermen.

The correspondents found extraordinary tourist accommodations, equal or superior to the first-class of many other ships. Tourist passengers will have a swimming pool, lounges, cocktail bar, and a movie theatre, all in the most modern style, as well as unusual deck space.

The Queen Mary was recently listed as a cabin ship despite her tremendous size.

Coastwise Movements

VICTORIA-VANCOUVER

Princess Charlotte leaves Victoria for Vancouver daily at 2 p.m.; arrives Vancouver 8.45 p.m.

Princess Alice leaves Vancouver daily for Victoria, 10.30 a.m.; arrives Victoria, 3.30 p.m.

Princess Joan or Princess Elizabeth leaves Victoria daily at midnight, arriving Vancouver, 7 a.m.

Princess Elaine leaves Vancouver daily except Sunday at 11 a.m. and 8.45 p.m.; arrives Nanaimo 1.15 p.m. and 8.15 p.m.; leaves Nanaimo daily except Sundays, 8 a.m. and 2.30 p.m.; arrives Vancouver 10.30 a.m. and 5 p.m. Sunday service—Leaves Vancouver 11 a.m. and 8.45 p.m.; arrives Nanaimo 1.15 p.m. and 11.15 p.m.; leaves Nanaimo 5.45 p.m.; arrives Vancouver 8.15 p.m. Saturday extra trip—Leave Nanaimo 9.15 p.m.; arrives Vancouver 11.45 p.m.

Enquiry Starts As Beaches Combed

River Pilots to Give Testimony in Hearing Into Iowa Disaster

Astoria, Ore., Jan. 16.—Federal inspectors began an inquiry yesterday into the disaster that cost the lives of thirty-four men aboard the freighter Iowa, wrecked in a gale Sunday on the sands of Peacock Spit, north of the Columbia River entrance.

Captain Frank X. Edthofer, inspector of hulls, and John Nolan, inspector of boilers, said the records of the United States Steamboat Inspectors' office would be reviewed, and testimony would be taken from river pilots, underwriters and those in charge of loading the freighter.

The investigation would be inconclusive, it was said, because not a man of the Iowa crew survived.

The States Line Steamship Company, operators of the Iowa, employed a special car yesterday to maintain an auto patrol of twenty-eight miles of southern Washington beach to aid coast guardsmen and CCC recruits in the search for additional bodies.

Only six bodies of the thirty-four had been recovered to-day. A new storm was blowing off the coast, preventing a search of the Iowa wreckage.

Capt. Edgar L. Yates, master of the Iowa, was said by the States Line Company to have been most experienced. His ticket bore the Federal endorsement for Columbia River and bar piloting. The Iowa did not carry a bar pilot when she crossed out after midnight in a terrific blow.

Shipping men here said only 27 per cent of the vessels entering the River use bar pilots. Coastwise and intercoastal ships visiting the port frequently, are brought in by their own masters, who generally hold a Federal endorsement for such direction.

Peacock Spit is a sandy shoal north of the Columbia River entrance. Many storm driven vessels have piled up on the treacherous sands.

Grim Crop of Goods Salvaged From Wreck of Freighter

Associated Press

Aberdeen, Wash., Jan. 16.—All along the beach from Westport to Willapa Light, beachcombers from here harvested a grim crop of salvage from the destroyed freighter Iowa, which carried her crew of thirty-four to death Sunday on Peacock Spit at the mouth of the Columbia River.

Individually and in hustling groups, men and women scoured the sands for lumber from the Iowa's cargo, black stuff smeared with oil from the ship's bunkers. Trucks, dilapidated cars and even autos of more modern make, dotted the shore while their owners burdened them down with planks and scantlings.

Long before the latecomers arrived the beach had been swept clean, the earlier ones having piled their findings into heaps beyond the reach of the surf, relying upon the unwritten law of beachcombers—that a man has title for stuff so piled for at least one tide—then it is any man's.

So keen was the competition that the first appearance of a piece of lumber in the surf was a signal for a scurry to be the first to claim it. Many persons without boots darted into the surf to their knees and above to be sure of possession. Then they stood patiently, leaning to the blast of the wind, until another piece appeared.

At times the beach was swept by a wind of such terrific force the spindrift from the roaring surf would be picked up and would lash the waiting figures with stinging impact. Men yelled at one another to be understood above the roar of the sea and the rush of the gale.

In each man's mind was the thought that sooner or later the body of a drowned seaman might come tumbling through the surf. But although each heap of seaweed and kelp was searched, no bodies were found.

The Weather

Daily Bulletin Furnished by the Victoria Meterological Department

Victoria, 8 a.m., Jan. 16.—The barometer is rising on the Coast and unsettled weather has been general over this province. Cold weather continues on the prairies, accompanied by scattered snow.

Reports

Victoria—Barometer, 29.68; temperature, maximum yesterday 45, minimum 40; wind, 12 miles W.; rain, .13; fair.

Vancouver—Barometer, 29.68; temperature, maximum yesterday 50, minimum 40; calm; rain, .28; cloudy.

Prince Rupert—Barometer, 29.76; temperature, maximum yesterday 34, minimum 22; calm; clear.

Estevan Point—Barometer, 29.70; temperature, maximum yesterday 48, minimum 40; wind, 12 miles N.W.; clear.

Tatoosh—Temperature, maximum yesterday 48, minimum 40; wind, 12 miles N.W.; clear.

Tatoosh—Temperature, maximum yesterday 48, minimum 44; wind, 14 miles W.; rain, .10; cloudy.

Seattle—Temperature, maximum yesterday 50, minimum 36; wind, 4 miles S.E.; rain, .10; cloudy.

PLANS VISIT OF BLUENOSE

(Continued from Page 1)

If Capt. Walters decided to bring Bluenose out to this Coast, he would be invited to arrive in Victoria for the annual Pacific International Yachting Association's regatta, which will be held here the first week in July. The Bluenose, no doubt, would prove a great tourist attraction at Victoria. He has asked the co-operation of the Royal Victoria Yacht Club in bringing Bluenose to this port.

Following his Victoria visit Capt. Walters would no doubt take the Bluenose to Vancouver, where the Golden Jubilee celebrations will be in full swing. He would then probably visit Puget Sound ports before returning to the Atlantic coast.

LETTER FROM WALTERS

In a letter received by Mr. Willis from Lunenberg, Capt. Walters stated in part, "we visited England last summer and it has been our intention to go back there next summer, as we feel that last year's operations only aroused interest and paved the way for a successful season in 1936. We have not, however, made any definite arrangements.

"You state you think a trip to the Pacific Coast could be made quite profitable, and ask whether we would consider a proposition. We would be pleased to have you write us more fully on this matter."

Capt. Walters signed his name as managing director of the Bluenose Schooner Company Limited on a Swicker and Company Limited, letterhead.

WANTS MORE DOCK SPACE

G. Willis Will See H. E. A. Hawken Regarding Government Waterfront Property

In a move to secure suitable dockage in Victoria's inner harbor for small boats, George Willis, manager of the Enterprise Wharf will go to Vancouver this week-end to interview H. E. A. Hawken, a member of the Central Harbor Board now there in connection with port affairs of Vancouver and New Westminster.

The Harbor Board will not visit Victoria. Mr. Willis had asked Mr. Hawken to come here during the Pacific Coast visit, to took over a proposed site for wharves which Mr. Willis states "must be built soon if Victoria wants to experience the biggest yachting season in years."

Speaking of the lack of suitable accommodation in the Inner Harbor for small craft, Mr. Willis said "if the Dominion Government officials have not the time for this city of ours, why don't they let our own city officials have the power to act. We would get somewhere then.

GIVEN THE GO-BY

"I don't wonder at business not prospering and developing here the way it should, when time after time these busy people in Ottawa give us the go-by," Mr. Willis continued.

"But it is not going to end at that. A personal representative is the only way out as proven in many cases before and if the city will empower someone to act, and see the party who is responsible for the delay, whether it be Mr. Howe, Minister or Marine, or Mr. Hawken."

Mr. Willis believes the most suitable site for boat accommodation would be along Kingston Street, where the city owns nine lots and the government the waterfront rights. He also believes a well-built boathouse and wharves would enhance the appearance of the Inner Harbor. It could be built near the Imperial Oil tower.

Wind Blows Over Big French Plane

Pensacola, Fla., Jan. 16.—The giant French transatlantic passenger seaplane, Lieutenant de Vaisseau Paris, lay bottom up in Pensacola Bay today while her crew and American naval fliers sought a way to lift the craft from the water.

Struck by a puffing forty-seven-mile-an-hour gale, the seventy-five-passenger plane, one of the largest in the world, was overturned and lodged fast to the bay bottom, her six motors buried in the mud. Only the hull was visible above the choppy waves in twenty feet of water about half a mile offshore.

No one was aboard when the squall hit.

Divers said they could find little damage to the ship.

FRUIT-A-TIVES GAVE QUICK RELIEF FROM SEVERE HEADACHES AND CONSTIPATION

Mrs. P. Longeway, Guelph, says, "For many years I suffered from severe headaches and constipation. Then I tried Fruit-a-tives. They brought me quick relief and I have never been bothered since."

Prepared by a prominent Canadian physician, Fruit-a-tives contain concentrated extracts of APPLES, ORANGES, FIGS, PRUNES and HERBS. They do not contain harsh purgatives but, instead, act in a natural way. They tend to strengthen all organs of elimination. Thus, with their exclusive tonic effects, Fruit-a-tives help bring *lasting* good health.

Uffington Court, loading lumber at Ogden Point.

G. A. Yardley Now Collector

Receives Word of Permanent Appointment to Post Left Vacant By F. W. Davey

After serving for the last few months as acting collector of customs at Victoria, Gerald A. Yardley yesterday was notified of the confirmation of his appointment to the position. He succeeds F. W. Davey, who retired after serving the Dominion Government for many years.

At the same time announcement was made in Ottawa that George Norris, of the local customs staff, would be removed to Vancouver. In future customs inspection on the Pacific Coast will be directed from Vancouver instead of from Victoria.

Before joining the customs service Mr. Yardley had banking experience on the prairies. He was with the Bank of British North America before joining the customs service at Portal, Saskatchewan, in 1913. He was also stationed at Estevan, Marienthal, Swift Current and Regina.

In 1920 he went to Vancouver as assistant inspector. Since 1932 Mr. Yardley has been stationed in Victoria.
